## Managing confirmed or suspected COVID-19 at school\*

**Positive or no test:** Stay home in isolation and exclude from in-person instruction for at least 10 days from symptom onset (or from test date if no symptoms). Isolation can end after 10 days **IF** fever-free (without using fever-reducing medication) for at least the previous 24 hours **AND** other symptoms improving.

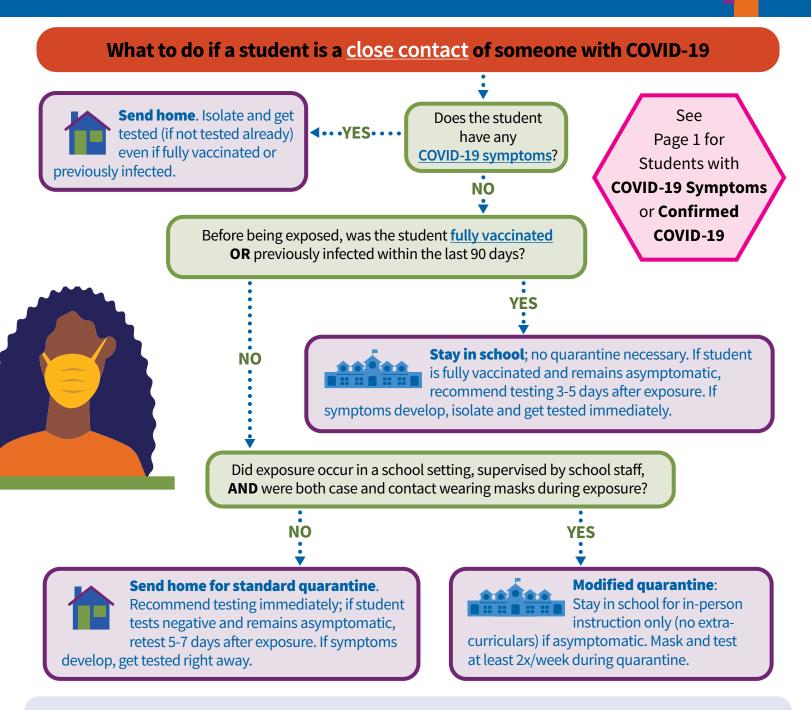

**Negative test or alternate diagnosis** (with no previous positive test): May return to in-person instruction if fever-free (without using fever-reducing medication) for at least the previous 24 hours **AND** other symptoms improving.

\*For more detailed information and guidelines, see <u>CDPH Schools Guidance</u> and <u>CDPH Isolation &</u> <u>Quarantine Guidance</u>.

## Managing COVID-19 exposure at school

**Positive test:** Stay home in isolation and exclude from in-person instruction for at least 10 days from symptom onset (or from test date if no symptoms). Isolation can end after 10 days **IF** fever-free (without using fever-reducing medication) for at least the previous 24 hours **AND** other symptoms improving.

**Negative or no test:** Standard or modified quarantine can end after day 10 following last exposure if student remains asymptomatic.\* Quarantine can end after day 7 following last exposure if the student remains asymptomatic and tests negative on day 5 or later.\*

\*Continue monitoring for symptoms and following all <u>recommended preventative measures</u> through day 14 (masking, hand washing, avoiding crowds, etc). Isolate and get tested if symptoms develop.

Staff and employers are subject to Cal/OSHA <u>COVID-19 ETS</u> or <u>Aerosol Transmissible Diseases</u> standard and should review those requirements.
