2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Nevada City School of the Arts (NCSA), charter #869, is a public charter school serving students in Transitional Kindergarten through eighth grade. The school is located in a forested setting approximately ten miles from Grass Valley. NCSA was first sponsored by the Nevada City School district in 1994, then sponsored by Twin Ridges Elementary District from 1996 through 2005, and is currently sponsored by the Nevada County Superintendent of Schools. The Shared vision of NCSA is to provide a rigorous academic environment, using art as a lens to shape curriculum. The strong emphasis on learning through the arts means art, dance and music are woven into the curriculum to support and enhance studies. Nevada city School of the Arts has been four times honored: as a California Distinguished School, as a California Award Recipient, as the first charter school to be awarded the National Blue Ribbon School Award, and most recently voted as Best Charter School by readers of the Parent Resource Guide, a Sierra Foothills Magazine four years in a row.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Like most charter schools, our school facility is not provided by the state. We currently own our facility and the 150 acres of land on which it rests. We are continually looking for grants and additional funding from the state to renovate and upgrade our facilities when we can. We utilized the Clean Energy Proposition 39 funding to install energy-efficient HVAC and lighting improvements. We recently finished the installation of a natural playground area at our main building and we are starting the process of renovating all occupied buildings for accessibility for compliance with Americans with Disabilities Act (ADA). NCSA has a full-time Property Manager, one full time and one part-time facility maintenance crew, two full-time and one part-time Custodians, who ensure our buildings are clean and who perform all needed maintenance and repair that is required on-site.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parent volunteers are the core of NCSA, from classroom volunteering and driving on Field Studies to serving on the Charter Governing Council as well as assisting with the two annual fundraisers that NCSA uses to support the arts program. Parents are also welcome to attend our Parent Advisory Group (PAG) meetings, held once a month, when our School Director listens to community concerns, asks for input, and updates parents on funding and new happenings at the school. The Advisory Committee also provides a mentor contact for families new to NCSA. Additional support to new families is provided through enrollment meetings, at which point families learn about all that NCSA has to offer and gain more information about their critical support and how it helps us. NCSA appreciates any and all help received from parents.

2020-21 Chronic Absenteeism by Student Group

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Nevada City School of the Arts has developed a comprehensive school-wide safety and reunification plan that identifies major safety concerns as well as specific prevention and action strategies involving community and local law enforcement agencies. Working with school goals and priorities, our school maintains a safe and secure campus by fostering a positive learning environment that uses prevention strategies and emphasizes high expectations for student conduct. Members of our staff and students are also trained as part of the Federal Emergency Response Agency's (FEMA) Community Emergency Response Team (CERT) to provide critical support in an emergency.

2020-21 Types of Services Funded

Funding provides for most educational services, including instructional materials, professional development, salaries, facility costs, maintenance, health services, including special education and other operational expenses. Funds are provided through the Local Control Funding Formula, Lottery, local, state and federally funded programs and grants. NCSA receives Federal Title funding to support reading and math intervention programs for struggling students, in addition to providing funds to train teachers and support the need for additional paraprofessionals for in class support to students. We are also providing a school nutrition program and received funding for reimbursement to provide students with fresh made lunches.

Professional Development

The area of primary focus is the implementation of the Common Core State Standards testing and curriculum. This includes training on our math program, Math In Focus, as well as providing high-quality explicit instruction to growing readers through the Orton Gillingham methodology, Lucy Calkins Units of Study, Readers and Writers Workshop and shifting instruction in science to incorporate the Next Generation Science Standards. We include in our budget professional development money that can be spent on workshops and training geared toward Common Core and classroom management through positive discipline training and mindfulness practices and passage works. NCSA has begun to train teachers in the Universal Design of learning teaching methods to help broaden teachers' ability to meet all students' needs and learning styles within the classroom so that every child may access their education. We have on-site training and allow for travel to conferences and workshops as necessary. Our teachers are supported by completing a reflective video-taping and goal-setting process that encourages internal reflection and growth, a formative process, rather than a focus on external evaluation. Resources, collaboration sessions, training, and workshops are recommended or provided based on these goals. We allow release time for teachers to collaborate in team meetings to integrate arts into the curriculum, in addition to connecting the curriculum throughout the grades.
