Director FYI Report June 13, 2024

This report details highlights of the month, operational achievements and items that the Board may like to know and helps to satisfy compliance with our B-6 Communication to the Board policy as well as indicates progress toward our Ends. It is organized by the following:

- 1. Relevant financial information.
- 2. School level issues that help the board see the big picture.
- 3. Public events (activities and gatherings both on and off premises) of a nature that may affect the perception of the School in the community.
- 4. Internal and external changes like significant modifications to the normal pattern of school business.
- 5. Progress towards Ends Policies and LCAP

Plaudits

- It was a great year! Huge plaudits to the Grad team and all the people here who make NCSA run so smoothly.
- Here is a lovely email I received from a parent:
 - o Holly, Toni, and the entire teaching and support staff at NCSA,

I'm writing to express my profound gratitude for each and every one of you for taking such wonderful emotional and academic care of my son Cody for the last four years.

In any other school his personality would have been squashed into a conformist mold. I realized this when I chaperoned our amazing trip to Death Valley, and I've been thinking about it ever since. That experience allowed me to see how the teachers and staff of NCSA allowed him to become his amazing, occasionally exasperating, but thoroughly unique self—a self whose more outrageous edges would have been filed down anywhere else.

So thank you, thank you, thank you! Choosing NCSA for Cody's foundational education was one of the best decisions I have made as a parent, and it is all because of your dedication, love, and willingness to let my son shine in his own special way.

o Have a wonderful summer. You will be missed!

~laura

Financial Information

• Adopted Budget is on the agenda

Facilities Update

B2

• The speaker is fixed on the theater. Jon F and Joseph will work on balancing the sound over the next few days or weeks as time allows. This is not a mission-critical issue, but it will make it easier for others to use.

B3

- There is no AC in the west wing. However, considering how long that system will be in use, we have made a cost-effective decision not to replace the control board. HVAC upgrade has begun.
- The water leak in the courtyard has been addressed. It was reported that the leak had not been addressed. The ticket is reopened, and photos are added.
- New ADA construction begins soon.

B8

• Trane found the cooling tower's drain and filler valves open. Joseph advised Trane to close the drain and said we would check with Ian to verify what valves should be opened. Ian reported high levels of raw water use, and the cooling tower valves could be the cause.

B9

• The parking lot on the way to building nine has been painted. The part closest to our driveway is painted red for no parking, and the part after the curve has parking spots painted. This was done to help make a safer environment for drop-off and pick-up for field studies.

Overall

- Speeding continues to be problematic on campus, as evidenced by a slight road rage incident on 4/26.
- The Energy Benchmarking report has been submitted per AB802, and the official letter of compliance has been received.
- New printers/copiers have been installed in buildings 2, 8, and 9. No issues have been reported at this time.
- The janitorial staff is deploying traps for the wasps now that the rain has stopped.
- The jog-a-thon saw a higher-than-normal number of people trying to drive on the course after it was closed.
- The renters in Building Five have moved out and returned the keys.

School Wide Issues

New Hires for 2nd and 3rd Grades

- Mr. Sanzone will not be returning we have hired an intern Megan Krueger (Caari Morgan will be mentoring her).
- Ms. Maria will not be returning we have hired Khara Cormia yes she is married to Devin.
- Differentiated Assistance Update:
 - Chronic Absenteeism Big error on our part about how to calculate Chronic absenteeism. I was told it was anything over 8 absences in a year. It is actually anything over 17 absences. Whew! So instead of 46% we are closer to 13% still way down from 36% so this will not be a Red Indicator next year.
 - Suspension Rate was 10.3% now it is 7.5% of students with disabilities. Of those 7.5%, We have reduced our overall suspension rate from 4.5% to 3.0%
 higher than previously reported due to 4 suspensions the last week of school.

Events

• Graduation and Stepping Up were lovely! Many

Arts Based Choice for Education

• We are full in every grade except 8th which is pretty typical.

Academic, Arts & Social Emotional Achievement

- Test scores are coming in looks like we are on track to be about the same as last year a little better in math which is great! I'll have more data in August.
- Students with disabilities scored below other students on iready with 50% below grade level and 50% approaching or above in both subjects.

Safe, Respectful and Equitable Conditions for Learning and Working

• All of the End of Year Teacher self reflections were incredibly positive. Teachers are very happy to work here, said the year went well, offered constructive feedback and were overall very positive! This is a HUGE shift from last year.

Contributor and Collaborator to the Greater Community

• The Kocim Pakan project is on the agenda for discussion.

EXHIBIT C

Schedule of Monthly Services Payments

INITIAL TERM:	<u>MONTHLY</u> <u>PAYMENT:</u>
July 1, 2020 – June 30, 2021	\$12,716.00

Koćim Pakan Project Partnership Agreement

1. Partners, Scope, and Duration

The parties to this agreement are: the Nevada City School of the Arts (NCSA), California Heritage: Indigenous Research Project (CHIRP), Sierra Streams Institute, and the Sierra Institute for Community and Environment (Sierra Institute). Additional parties may be added by consensus of the coordinating committee. The agreement covers all work within the approximately 150-acre NCSA project footprint (project map is attached as Appendix A). While the project is anticipated to last multiple years, this agreement covers only the first year. This agreement becomes effective upon the date of signature by all parties and twelve months thereafter. Succession agreements will be developed in January-March of 2025.

2. Tribal Acknowledgment and Engagement

This project takes place on land that was historically inhabited by members of the Nevada City Rancheria Nisenan Tribe (NCRNT). For thousands of years, indigenous people lived there in harmony with nature while practicing traditional land stewardship. Post-contact events, including the gold rush, genocide, excessive logging, and, more recently, housing built in the wildland-urban interface combined with wildfire, have not been kind to the land or the Tribe. All project partners and participants acknowledge the truth and impact of this important history.

It is an essential element of this project to bring this landscape back to a condition in which cultural burning and other Indigenous Traditional Ecological Knowledge (ITEK) applications can resume as the primary methods of restoration and ongoing stewardship. The key to accomplishing this goal is to engage and involve tribal personnel as fully as possible in the effort. Toward that end, project partners will support the NCRNT in developing a field crew to help implement project goals including a return of good fire to the land. It is our belief that we cannot recover the land without healing the communities and relationships within it. The jobs created, work on the land, community education,

and partnerships embraced and included in this partnership are the embodiment of this principle.

3. Project Tribal Involvement

The parties agree that to the extent possible, project work shall be performed by tribal personnel employing ITEK techniques which shall be included in project prescriptions and detailed on project maps. The Nevada City Rancheria Nisenan Tribe is the host tribe for the project site. As such, they will field a project work crew of approximately 8-10 people to carry out project prescriptions. At the tribe's sole discretion, mutual aid may be requested to include work crews from other tribes. At the time of this agreement, such requests were extended to Berry Creek Rancheria and the Konkow Valley Band of Maidu Indians, tribes that have already participated in project planning and ITEK mapping processes. In addition, Danny Manning, Assistant Fire Chief for Greenville Indian Rancheria has agreed to formulate the cultural burning plan.

Sierra Institute, through their High Road Training Partnership in Tribal Forest Restoration and Stewardship Program, has committed resources for a range of stewardship and restoration focused training classes, certifications, and on the job training (called work experience hereafter) for all three tribes to commence in May 2024. Training and work experience shall take place on Nevada City School of the Arts grounds and in school buildings, specifically including the school cafeteria and grounds. Training and work experience shall be conducted throughout the calendar year 2024 and will include but not be limited to Avenza Mapping, Wilderness First Aid and CPR, S212 Chainsaw maintenance and operation, Intermediate Tree Falling, Basic 32 Wildland FireFighter, FEMA 100 & 700, and Orientation to ITEK Methods and Applications. Sierra Institute will provide resources and support to CHIRP and the tribe to bolster their administrative capacity to handle the additional work and costs associated with their involvement with the Koćim Pakan Project. In addition, Sierra Institute shall provide the resources necessary to cover the costs of work experience for the Berry Creek Restoration Workforce and the Konkow Valley Band of Maidu Restoration Workforce. Tribal crews are to be included and responsible for executing the cultural burning plan at the appropriate time given weather and permit factors.

4. Governance and Decision Making

Each party to this agreement shall appoint a representative of their organization to the project coordinating committee. In addition, the Nisenan Tribal Chair shall have a seat on the committee. The committee shall meet no less than once per month on an as-needed basis. Decisions on all matters including but not limited to project activities, budget, and staffing shall be made by consensus. If a proposal does not meet consensus, the advocating and dissenting parties will have an obligation to meet between meetings to work out a good-faith solution to be considered at the next coordinating committee meeting.

5. Project Phases and Partner Budget Commitments

Phase 1. Workforce Development, May through July 2024 Sierra Institute shall provide up to \$75,000 for equipment, training, training stipends, and work experience for the Nisenan Tribal Crew, given they have all necessary employment paperwork and insurances to safely and legally employ a restoration crew. Separately, Sierra Institute will continue to provide training to the Berry Creek Restoration Workforce and Konkow Restoration Workforce.

Phase 2. Work Experience, June through August 2024

The three tribal crews will perform fuel reduction, invasive species removal, and burn plan preparation activities according to the project prescription, in support and alignment with components of the Forest Management Plan developed by Sierra Streams Institute as part of the Sierra Foothill Forest Climate Resilience Project. Sierra Institute shall reimburse up to \$100,000 to fund work experience completed in this phase. Sierra Streams Institute will provide supplementary funds as needed to complete required treatments (amount TBD and approved by committee).

Phase 3. Tribal Crew Contract Employment, August through October 2024 The Natural Resources Conservation Service (NRCS) shall provide \$213,000 to employ tribal crews to continue project prescription implementation. The Nevada City School of the Arts shall administer these tribal contracts and arrange for timely payment of payroll and related project invoices. If necessary, Sierra Streams Institute will add at least \$25,000 to complete phase 3 activities which will include all fuel reduction, delivery of firewood to tribal elders, burn plan preparation including establishment of multiple perimeters, clearance under all electrical infrastructure, and removal of invasive species.

Phase 4. Execution of the Burn Plan, October through December 2024 as conditions warrant.

The Coordinating Committee shall, over the course of the year, work with CalFire, local fire departments and the Nevada County FireSafe Council to gain support and approval for the cultural burning plan and secure backup assets. The project will be divided into multiple subsections for 2- 4 acre burns to be conducted during this period. Burns will be carefully coordinated with school schedules, project partner's availability, and weather conditions. Adjacent neighborhoods will be kept abreast of all plans and burn schedules. Sierra Institute shall reimburse up to \$50,000 for work experience, with funds remaining from the NCRS' \$213,000 contribution from Phase 3 to be held in reserve, and Sierra Streams Institute will contribute \$25,000 for further support, with additional funds available as needed upon approval.

Phase 5. Education Component, May through December 2024 All parties agree to incorporate the following educational activities into the project program. The following list is preliminary and will be expanded by the Coordinating Committee over time. The educational component includes both students and school personnel, and the Nevada City community overall. Funding for the educational component will include a \$50,000 commitment from Sierra Streams Institute. Phase 5 activities will include but not be limited to the following:

- 1. There will be at least 3 teachers in-service days devoted to tribal cultural awareness, land history, and school/project/tribal relations and finally cultural competency and words to use in communicating with tribal personnel.
- 2. Project participants will create a project information fact sheet for community-wide and press distribution.
- 3. At the entrance of buildings 3 and 8, project walls of fame including pictures, facts, descriptions, poems, drawings, maps, and project-related student creations will be on display for parents, students, faculty, and community visitors to track project events and progress.
- 4. Project-related class projects shall be included for all grades so that students can participate safely and creatively in the effort.

- 5. On or around Indigenous Peoples Day (the holiday formerly known as Columbus Day) to hold an all-day celebration of tribal culture, project progress, entertainment, and food for the school, local, and tribal communities.
- 6. Nisenan tribal elders will walk through the forest within the project area with selected classes for students who will draw "the faces of the trees" in an art/cultural experience.
- 7. "Our Forests" and related education programming will be completed, where 3rd-5th grade students will monitor forest health and flora changes as the restoration project progresses. This will include ongoing monitoring of scotch broom treatment with Mr. Cormia's class and a selection of photo monitoring spots to be recorded with classes to be identified.
- 8. Resource Toolkit for Landscape-Scale Management in Western Nevada County. The project will compile a list of Nevada County contractors, tribal resources, land stewardship resources (includingTEK and science-informed approaches), forest health monitoring protocols, and funding opportunities to assist local landowners in planning and executing restoration activities on their properties. This information will be compiled and integrated into Sierra Streams Institute's existing online Resource Toolkit for Landscape-Scale Management in Western Nevada County.
- 9. A school assembly will be held for the showing of the McCormick Meadows ITEK project video in the Stanislaus National Forest. This project is narrated by Miwuk tribal elders and US Forest Service personnel and shows the restoration of a sacred site and its significance to the tribe.
- 10. Project personnel shall design and place interpretive signs along trails within the site noting significant flora, tribal history on the land, and project goals and methods. Student artwork developed through their interaction and learning with/from the project may also be incorporated into the signage.

Form	990 (2022) NEVADA CITY SCHOOL OF THE ARTS 45-3591730 Page 2
Pa	t III Statement of Program Service Accomplishments
	Check if Schedule O contains a response or note to any line in this Part III
1	Briefly describe the organization's mission:
	THE MISSION OF THE NEVADA CITY SCHOOL OF THE ARTS IS TO NURTURE AND
	INSPIRE ACADEMIC EXCELLENCE THROUGH THE ARTS FOR CHILDREN IN
	TRANSITIONAL KINDERGARTEN THROUGH THE 8TH GRADE.
2	Did the organization undertake any significant program services during the year which were not listed on the
-	prior Form 990 or 990-EZ?
	If "Yes," describe these new services on Schedule O.
3	Did the organization cease conducting, or make significant changes in how it conducts, any program services? Yes X No
3	If "Yes," describe these changes on Schedule O.
4	Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses.
	Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and
	revenue, if any, for each program service reported.
4a	(Code:) (Expenses \$ 5,557,701. including grants of \$) (Revenue \$ 252,399.)
	AS A NON-PROFIT PUBLIC CHARTER SCHOOL, NEVADA CITY SCHOOL OF THE ARTS
	(NCSA) SERVES IN EXCESS OF 400 STUDENTS IN GRADES TK - 8. THE SHARED
	VISION OF THE SCHOOL IS TO PROVIDE A RIGOROUS ACADEMIC ENVIRONMENT
	USING ART AS A LENS TO SHAPE CURRICULUM. THE MUSIC PROGRAM AT NCSA IS
	DESIGNED TO ENRICH ITS CORE ACADEMICS AND MAIN LESSON ART IS INTEGRATED
	FOR EACH GRADE LEVEL. FROM THE NCSA PHILOSOPHY STATEMENT: THE ARTS -
	MUSIC, DANCE, THEATER, AND THE VISUAL ARTS - ARE CRUCIAL TO THE
	COMPLETE EDUCATION OF A CHILD. THEIR PRACTICE, UNDERSTANDING AND
	APPRECIATION ARE ESSENTIAL TO HUMAN EXPERIENCE AND LEARNING ITSELF.
	PARTICIPATION IN THE ARTS FOSTERS A BALANCED AND ENRICHED LIFE AND
	ENGENDERS A COMMITMENT TO EXCELLENCE. THE ARTS ARE NOT SIMPLY A MEANS;
	THEY ARE AN END IN THEMSELVES. THE ARTS MAKE US HUMAN AND WHOLE.

Part VII Compensation of Officers, Directors, Trustees, Key Employees, Highest Compensated Employees, and Independent Contractors

Check if Schedule O contains a response or note to any line in this Part VII

Section A. Officers, Directors, Trustees, Key Employees, and Highest Compensated Employees

1a Complete this table for all persons required to be listed. Report compensation for the calendar year ending with or within the organization's tax year.
 List all of the organization's current officers, directors, trustees (whether individuals or organizations), regardless of amount of compensation.
 Enter -0- in columns (D), (E), and (F) if no compensation was paid.

• List all of the organization's current key employees, if any. See the instructions for definition of "key employee."

• List the organization's five current highest compensated employees (other than an officer, director, trustee, or key employee)

who received reportable compensation (box 5 of Form W-2, box 6 of Form 1099-MISC, and/or box 1 of Form 1099-NEC) of more than \$100,000 from the organization and any related organizations.

• List all of the organization's **former** officers, key employees, and highest compensated employees who received more than \$100,000 of reportable compensation from the organization and any related organizations.

• List all of the organization's **former directors or trustees** that received, in the capacity as a former director or trustee of the organization, more than \$10,000 of reportable compensation from the organization and any related organizations.

See the instructions for the order in which to list the persons above.

Check this box if neither the organization nor any related organization compensated any current officer, director, or trustee.

10	activities rela	on that normally receives (1) more than 33 1/3% of its support from contributions, membersh ted to its exempt functions, subject to certain exceptions; and (2) no more than 33 1/3% of its inrelated business taxable income (less section 511 tax) from businesses acquired by the org 509(a)(2). (Complete Part III.)	s support from gross investn
11 🔛	An organizati	on organized and operated exclusively to test for public safety. See section 509(a)(4).	
12	An organizati	on organized and operated exclusively for the benefit of, to perform the functions of, or to ca	rry out the purposes of one o
	more publicly	supported organizations described in section 509(a)(1) or section 509(a)(2). See section 5	509(a)(3). Check the box on
	lines 12a thro	ugh 12d that describes the type of supporting organization and complete lines 12e, 12f, and	l 12g.

а	Type I. A supporting organization operated, supervised, or controlled by its supported organization(s), typically by giving
	the supported organization(s) the power to regularly appoint or elect a majority of the directors or trustees of the supporting
	organization. You must complete Part IV, Sections A and B.

b	Type II. A supporting organization supervised or controlled in connection with its supported organization(s), by having
	control or management of the supporting organization vested in the same persons that control or manage the supported
	organization(s). You must complete Part IV, Sections A and C.

с	Type III functionally integrated. A supporting organization operated in connection with, and functionally integrated with,
	its supported organization(s) (see instructions). You must complete Part IV, Sections A, D, and E.

d Type III non-functionally integrated. A supporting organization operated in connection with its supported organization(s) that is not functionally integrated. The organization generally must satisfy a distribution requirement and an attentiveness requirement (see instructions). You must complete Part IV, Sections A and D, and Part V.

e Check this box if the organization received a written determination from the IRS that it is a Type I, Type II, Type III functionally integrated, or Type III non-functionally integrated supporting organization.

Part IV | Supporting Organizations

(Complete only if you checked a box on line 12 of Part I. If you checked box 12a, Part I, complete Sections A and B. If you checked box 12b, Part I, complete Sections A and C. If you checked box 12c, Part I, complete Sections A, D, and E. If you checked box 12d, Part I, complete Sections A and D, and complete Part V.)

Section A. All Supporting Organizations

- 1 Are all of the organization's supported organizations listed by name in the organization's governing documents? If "No," describe in **Part VI** how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.
- 2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If "Yes," explain in **Part VI** how the organization determined that the supported organization was described in section 509(a)(1) or (2).
- **3a** Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If "Yes," answer lines 3b and 3c below.
- **b** Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If "Yes," describe in **Part VI** when and how the organization made the determination.
- c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If "Yes," explain in **Part VI** what controls the organization put in place to ensure such use.
- **4a** Was any supported organization not organized in the United States ("foreign supported organization")? *If* "Yes," *and if you checked box 12a or 12b in Part I, answer lines 4b and 4c below.*
- **b** Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? *If* "Yes," *describe in* **Part VI** *how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.*
- **c** Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? *If* "Yes," *explain in* **Part VI** *what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.*
- 5a Did the organization add, substitute, or remove any supported organizations during the tax year? If "Yes," answer lines 5b and 5c below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).
- **b Type I or Type II only.** Was any added or substituted supported organization part of a class already designated in the organization's organizing document?
- c Substitutions only. Was the substitution the result of an event beyond the organization's control?
- 6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? *If "Yes," provide detail in* **Part VI.**
- 7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? If "Yes," complete Part I of Schedule L (Form 990).
- 8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described on line 7? *If "Yes," complete Part I of Schedule L (Form 990).*
- **9a** Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons, as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? If "Yes," provide detail in **Part VI.**
- **b** Did one or more disqualified persons (as defined on line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? *If* "Yes," *provide detail in* **Part VI.**
- c Did a disqualified person (as defined on line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? If "Yes," provide detail in **Part VI.**
- **10a** Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? *If* "Yes," *answer line 10b below.*
 - **b** Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)

Schedule A (Form 990) 2022 NEVADA CITY SCHOOL OF THE ARTS

			163	NU
1	Did the organization provide to each of its supported organizations, by the last day of the fifth month of the			
	organization's tax year, (i) a written notice describing the type and amount of support provided during the prior tax			
	year, (ii) a copy of the Form 990 that was most recently filed as of the date of notification, and (iii) copies of the			
	organization's governing documents in effect on the date of notification, to the extent not previously provided?	1		
2	Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported			
	organization(s) or (ii) serving on the governing body of a supported organization? If "No," explain in Part VI how			
	the organization maintained a close and continuous working relationship with the supported organization(s).	2		
3	By reason of the relationship described on line 2, above, did the organization's supported organizations have a			
	significant voice in the organization's investment policies and in directing the use of the organization's			
	income or assets at all times during the tax year? If "Yes," describe in Part VI the role the organization's			
	supported organizations played in this regard.	3		

Section E. Type III Functionally Integrated Supporting Organizations

1	Check the box next to the method that the organization used to satisfy the Integral Part Test during the year	(see instructions).
	oneon the box next to the method that the organization abed to satisfy the integral fait fest during the year	(,

a The organization satisfied the Activities Test. Complete line 2 below.

b		The organization	is the parent (of each of i	ts supported	organizations.	Complete line 3	below.
---	--	------------------	-----------------	--------------	--------------	----------------	-----------------	--------

с		The organization	supported a g	overnmental entity.	Describe in Part	VI how y	ou supported a	governmental entity	/ (see instruction <u>s</u>).
---	--	------------------	---------------	---------------------	------------------	----------	----------------	---------------------	-----------------------------	----

- 2 Activities Test. Answer lines 2a and 2b below.
- a Did substantially all of the organization's activities during the tax year directly further the exempt purposes of the supported organization(s) to which the organization was responsive? If "Yes," then in **Part VI identify those supported organizations and explain** how these activities directly furthered their exempt purposes, how the organization was responsive to those supported organizations, and how the organization determined that these activities constituted substantially all of its activities.
- b Did the activities described on line 2a, above, constitute activities that, but for the organization's involvement, one or more of the organization's supported organization(s) would have been engaged in? *If "Yes," explain in* Part VI the reasons for the organization's position that its supported organization(s) would have engaged in these activities but for the organization's involvement.
- **3** Parent of Supported Organizations. **Answer lines 3a and 3b below.**
- **a** Did the organization have the power to regularly appoint or elect a majority of the officers, directors, or trustees of each of the supported organizations? *If* "Yes" or "*No*" *provide details in* **Part VI.**
- **b** Did the organization exercise a substantial degree of direction over the policies, programs, and activities of each of its supported organizations? *If "Yes." describe in* **Part VI** *the role played by the organization in this regard.*

Yes No

1	Check here if the organization satisfied the Integral Part Test as a qualifyin	ig trust or	Nov. 20, 1970 (<i>explain in</i>	Part VI). See instructions.		
	All other Type III non-functionally integrated supporting organizations must	t complet	e Sections A through E.			
Sect	ion A - Adjusted Net Income		(A) Prior Year	(B) Current Year (optional)		
1	Net short-term capital gain	1				
_2	Recoveries of prior-year distributions	2

Check if your organization is covered by the General Rule or a Special Rule.

Note: Only a section 501(c)(7), (8), or (10) organization can check boxes for both the General Rule and a Special Rule. See instructions.

General Rule

X For an organization filing Form 990, 990-EZ, or 990-PF that received, during the year, contributions totaling \$5,000 or more (in money or property) from any one contributor. Complete Parts I and II. See instructions for determining a contributor's total contributions.

Special Rules

For an organization described in section 501(c)(3) filing Form 990 or 990-EZ that met the 33 1/3% support test of the regulations under sections 509(a)(1) and 170(b)(1)(A)(vi), that checked Schedule A (Form 990), Part II, line 13, 16a, or 16b, and that received from any one contributor, during the year, total contributions of the greater of (1) \$5,000; or (2) 2% of the amount on (i) Form 990, Part VIII, line 1h; or (ii) Form 990-EZ, line 1. Complete Parts I and II.

For an organization described in section 501(c)(7), (8), or (10) filing Form 990 or 990-EZ that received from any one contributor, during the year, total contributions of more than \$1,000 exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals. Complete Parts I (entering "N/A" in column (b) instead of the contributor name and address), II, and III.

For an organization described in section 501(c)(7), (8), or (10) filing Form 990 or 990-EZ that received from any one contributor, during the year, contributions *exclusively* for religious, charitable, etc., purposes, but no such contributions totaled more than \$1,000. If this box is checked, enter here the total contributions that were received during the year for an *exclusively* religious, charitable, etc., purpose. Don't complete any of the parts unless the **General Rule** applies to this organization because it received *nonexclusively* religious, charitable, etc., contributions totaling \$5,000 or more during the year for an *exclusively* set in the set of t

Caution: An organization that isn't covered by the General Rule and/or the Special Rules doesn't file Schedule B (Form 990), but it **must** answer "No" on Part IV, line 2, of its Form 990; or check the box on line H of its Form 990-EZ or on its Form 990-PF, Part I, line 2, to certify that it doesn't meet the filing requirements of Schedule B (Form 990).

LHA For Paperwork Reduction Act Notice, see the instructions for Form 990, 990-EZ, or 990-PF.

DECLARATION OF NEED FOR FULLY QUALIFIED EDUCATORS

Revised Declaration of Need for year:

FOR SERVICE IN A SCHOOL DISTRICT OR DISTRICT/COUNTY AUTHORIZED CHARTER SCHOOL

Name of District or Charter: Nevada City School of the Arts District CDS Code: 29-10298-0119330 Name of County: Nevada County CDS Code:_<u>29-10298</u>

By submitting this annual declaration, the district is certifying the following:

- A diligent search, as defined below, to recruit a fully prepared teacher for the assignment(s) was made
- If a suitable fully prepared teacher is not available to the school district, the district will make a reasonable effort to recruit based on the priority stated below

The governing board/body of the school district or charter school specified above adopted a declaration at a regularly scheduled public meeting held on (2/3/24) certifying that there is an insufficient number of certificated persons who meet the district's specified employment criteria for the position(s) listed on the attached form. The attached form was part of the agenda, and the declaration did NOT appear as part of a consent calendar.

• Enclose a copy of the board agenda item

With my signature below, I verify that the item was acted upon favorably by the board. The declaration shall remain in force until June 30, 2025.

Submitted by (Superintendent, Board Secretary, or Designee):

Holly Pettitt		School Director

This declaration must be on file with the Commission on Teacher Credentialing before any emergency permits will be issued for service with the employing agency

AREAS OF ANTICIPATED NEED FOR FULLY QUALIFIED EDUCATORS

Based on the previous year's actual needs and projections of enrollment, please indicate the number of emergency permits the employing agency estimates it will need in each of the identified areas during the valid period of this Declaration of Need for Fully Qualified Educators. This declaration shall be valid only for the type(s) and subjects(s) identified below.

This declaration must be revised by the employing agency when the total number of emergency permits applied for exceeds the estimate by ten percent. Board approval is required for a revision.

Type of Emergency Permit	Estimated Number Needed
CLAD/English Learner Authorization (applicant already holds teaching credential)	c
Bilingual Authorization (applicant already holds teaching credential)	
List target language(s) for bilingual authorization:	
Resource Specialist	2
Teacher Librarian Services	
Emergency Transitional Kindergarten (ETK)	
Energency manational kindel Barten (Enk)	

LIMITED ASSIGNMENT PERMITS

Limited Assignment Permits may only be issued to applicants holding a valid California teaching credential based on a baccalaureate degree and a professional preparation program including student teaching.

Based on the previous year's actual needs and projections of enrollment, please indicate the number of Limited Assignment Permits the employing agency estimates it will need in the following areas. Additionally, for the Single Subject Limited Assignment Permits estimated, please include the authorization(s) which will be requested:

TYPE OF LIMITED ASSIGNMENT PERMIT	ESTIMATED NUMBER NEEDED
Multiple Subject	
Single Subject	1
Special Education	2
TOTAL	

Authorizations for Single Subject Limited Assignment Permits

SUBJECT	ESTIMATED NUMBER NEEDED	SUBJECT	ESTIMATED NUMBER NEEDED
Agriculture		Mathematics

If no, explain why you do not participate in an internship program.

School Director's Monitoring Report

Charter Governance Council Meeting: June, 2023

B - Global Executive Constraint – Annual Internal Report

The School Director certifies that NCSA is in compliance with B with no exceptions.

Signed_

The School Director must not cause or allow any practice, activity, decision, or organizational circumstance that is unlawful, imprudent, in violation of commonly accepted business, educational and professional ethics and practices, or in violation of the NCSA charter.

Interpretation:

NCSA must have sufficient regulations, practices, and internal controls (i.e., supervision, evaluation, mentoring, training, legal consultation, discipline, complaint and grievance procedures, investigation protocols, external compliance reviews and audits) and follow all State Laws and applicable Education Codes to avoid unlawful and unethical behavior by its staff and volunteers in the performance of their duties and to swiftly remediate a violation if one should occur.

An organizational culture representative of our core values exists when we do not knowingly promote illegal violations, a hostile or harassing work environment, racist behavior or irresponsible activity. Under these conditions we will promote and model respect and personal ethics with all staff. We will not intentionally commit actions or create the conditions to violate Board Policy, State Regulations or Ed Code. When violations occur, we will take swift action to remediate a discovered condition and provide evidence that the violations were dealt with promptly and appropriately. In most cases, our Human Resources Department handles and monitors violations and, when appropriate, these will be shared with the Board of Directors in Closed Session. Evidence will be maintained by the Business Manager for future monitoring reports. We know we are in compliance with B-Global Executive Constraints – Annual Internal Report as a result of the following:

Operational Definitions:

- a) Personnel Policies and Governance Policies will be reviewed and revised regularly
- b) NCSA complies with legal guidelines for protecting private data.
- c) The School Director and Business manager conduct an on-going review of NCSA legal obligations throughout the year at weekly meetings.

- d) NCSA complies with all legal requirements for financial management and accountability of its resources at all levels.
- e) NCSA's Business Manager conducts compliance and performance audits on all Title and governmental programs. These are recognized in the external audits provided below.
- f) External audit findings support NCSA confidence in financial management and accountability.
- g) NCSA will have policies which require all staff and volunteers to maintain the highest professional, moral, and ethical standards in interactions with students.
- h) All known concerns related to employee conduct will be addressed.

Data:

- a) NCSA has reviewed each policy and procedure and revised where legally required and/or to reflect NCSA practice.
- b) NCSA has processes in place to protect private data, locking cabinets, secure computer files, etc).
- c) The School Director and Business Manager regularly review all personnel and legal matters pertaining to school personnel and have those policies reviewed by our attorneys. The board reviews these policies at every January or February Governance Council Meeting. The list of policies was last approved at the February 2024 meeting.
- d) Internal audits and internal controls are reviewed with appropriate staff in the Business Office. The Business Manager and Director continually assess the financial systems in terms of the five elements of internal control (control environment, risk assessment, control activities, information and communication monitoring). Annual training includes, but is not limited to instruction on legal compliance, NCSA Regulations, and proper internal controls (e.g. segregation of duties, reconciliations, security of assets, levels of approval, etc.). Because of these <u>Accounting Policies & Procedures</u>, controls and the conscientious work of all staff we continue to have clean state audits.
- e) See below
- f)
- (1) <u>2022-23 Fiscal Audit</u>
- (2) NCSA complies with all legal compliance for financial management and accountability of its resources at the school level and with all state financial requirements for the auditing of its books. The most recent independent audit of NCSA was for July 1, 2021 through June 30, 2022. For the 7th year in a row NCSA was found to be in compliance with no findings and/or exceptions since

bringing business services in-house.

- g) All staff are trained yearly in Sexual Harassment (Staff to Staff & Staff to Student), Blood Borne Pathogens, Suicide Prevention, Bullying Reporting, as well as mandated reporter training. As part of our annual requirements all staff at NCSA receive training that promotes a safe and positive workplace.
- h) There have been no instances of misconduct.

2024-25 Local Performance Indicator Self-Reflection

Local Educational Agency (LEA)	Contact Name and Title	Email and Phone
Nevada City School of the Arts	Holly Ann Pettitt Director	director@ncsota.org (530) 273-7736 ext. 1007

Introduction

The California State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area.

This template is intended as a drafting tool and based on the Local Performance Indicator Quick Guide published by CDE in January 2024.

Performance Standards

The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at the same public meeting of the local governing board/body at which the Local Control and Accountability Plan (LCAP) is adopted.
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

Local Indicators

The local indicators address the following state priority areas:

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA's Teacher Assignment Monitoring and Outcome data available at https://www.cde.ca.gov/ds/ad/tamo.asp.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

Implementation of State Academic Standards (LCFF Priority 2)

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

Parent and Family Engagement (LCFF Priority 3)

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same public meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

School Climate (LCFF Priority 6)

The LEA administers an annual local climate survey that captures a valid measure of student perceptions of school safety and connectedness, in at least one grade within each grade span(s) the LEA serves (e.g., TK-5, 6-8, 9-12), and reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and to educational partners and the public through the Dashboard.

Access to a Broad Course of Study (LCFF Priority 7)

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA's Teacher Assignment Monitoring and Outcome data available at <u>https://www.cde.ca.gov/ds/ad/tamo.asp</u>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

Academic Year	Total Teaching FTE	Clear	Out-of- Field	Intern	Ineffective	Incomplete	Unknown	N/A
2023/2024		77%	4.9%	0%	13.2%	1.6	0	0

Access to Instructional Materials	Number	Percent
Students Without Access to Own Copies of Standards-Aligned Instructional Materials for Use at School and at Home	0	0

Facility Conditions	Number
Identified Instances Where Facilities Do Not Meet The "Good Repair" Standard (Including Deficiencies and Extreme Deficiencies)	0

Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the optional reflection tool (Option 2).

OPTION 1: Narrative Summary (Limited to 3,000 characters)

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common CoreState Standards for ELA)
- Mathematics Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts
- World Language

Implementation of State Academic Standards (LCFF Priority 2)

OPTION 2: Reflection Tool

Recently Adopted Academic Standards and/or Curriculum Frameworks

1. Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.

Rating Scale (lowest to highest):

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards				4	
History-Social Science				4	

2. Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.

Rating Scale (lowest to highest):

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards				4	
History-Social Science				4	

 Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).

Rating Scale (lowest to highest):

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards				4	
History-Social Science				4	

Other Adopted Academic Standards

4. Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.

Rating Scale (lowest to highest):

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

Academic Standards	1	2	3	4	5	N/A
Career Technical Education				4		
Health Education Content Standards					5	
Physical Education Model Content Standards			3			
Visual and Performing Arts					5	
World Language	1					

Support for Teachers and Administrators

5. Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

Rating Scale (lowest to highest):

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Identifying the professional learning needs of groups of teachers or staff as a whole					5
Identifying the professional learning needs of individual teachers					5
Providing support for teachers on the standards they have not yet mastered					5

Optional Narrative (Limited to 1,500 characters)

6. Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.

Parental Involvement and Family Engagement (LCFF Priority 3)

Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit: ¹

2024-25 Local Performance Indicator Self-Reflection for Nevada City School of the Arts

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

- 1. Building Relationships between School Staff and Families
- 2. Building Partnerships for Student Outcomes
- 3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

- 1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
- Engage educational partners in determining what data and information will be considered to complete the selfreflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
- 3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
 - 1 Exploration and Research
 - 2 Beginning Development
 - 3 Initial Implementation
 - 4 Full Implementation
 - 5 Full Implementation and Sustainability
- 4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.
- 5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

Sections of the Self-Reflection Tool

Section 1: Building Relationships Between School Staff and Families

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

	Practices	Rating Scale Number
1.	Rate the LEA's progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	5
2.	Rate the LEA's progress in creating welcoming environments for all families in the community.	5
3.	Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.	4
4.	Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	5

Building Relationships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.

The School Director sends a weekly phone call and email to update parents on what is happening at school. Teachers send out weekly and monthly updates for every classroom. On the 2024 local parent survey, parents indicated they felt very well communicated with, with 99% of parents feeling that communication is excellent. 96% of Parents reported feeling both welcome and engaged at school including economically disadvantaged parents and parents of students with disabilities. In addition, 97% would recommend NCSA to other families. All survey questions relate directly to our LCAP goals or to the school's Ends Policies, both of which drive instruction and our Strategic Plan.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.

NCSA will continue to seek input from parents of unduplicated and underrepresented families by offering evening and weekend parenting classes and evening Parent Advisory meetings for those who cannot attend during the day, as well as a specific Title 1 survey seeking input on how they would like to see us spend Title I funding their children generate. Parents are regularly encouraged to respond to the weekly Director's note to offer thoughts and suggestions on the daily happenings at NCSA. This coming year we will hold family math game nights and 3 community gatherings at a local businesses. Every year we offer 2 opportunities for parents to come to school and learn more about the programs and classes we offer. 3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

Parents are invited to attend monthly Parent Advisory Meetings where the Ends Policies, strategic plan and LCAP are discussed regularly. In 24-25, NCSA will focus on identifying and encouraging more active engagement and support of parents of underrepresented families by creating a Wellness Resource Center to support family needs including counseling, and continue to offer a Parent Resource Coordinator who provides more direct communication with families and offers helpful parent resources to support parenting at home.

Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

	Practices	Rating Scale Number
5.	Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.	5
6.	Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.	4
7.	Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	5
8.	Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	4

Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

NCSA's strengths and progress in building partnerships for student outcomes comes from connecting with all stakeholders in the school community. NCSA has formed partnerships with: Families, staff, local community resources and works consistently to strengthen and maintain these partnerships. NCSA also works to make connections beyond the school community to partner with agencies within the county and beyond. Some of these partnerships includes the development of a comprehensive student wellness program that helps to coordinate care and supports between the school and local community. For example, NCSA hosts a local art therapy agency on campus (Art Space), host a local Martial Arts dojo on campus (Kuk Sul Won), collaborates with a variety of local non-profits, like Bright Futures for Youth and Club Live who provide direct services on campus.

The wellness program also works with the Superintendent of Schools in Nevada County to infuse programs such as the Tobacco Use Prevention Education (TUPE) and referrals to the Nevada County Special Multidisciplinary Agency Resource Team (SMART), Youth Bicyclist of Nevada County (YBONC). NCSA works to establish and maintain connections with the local Native American tribes, specifically the Nisenan, and has established a program for developing increased cultural access and use of the land the school currently occupies.

Finally NCSA connects with local universities as part of the career development program and for recruiting interns from School Psychology and School Counseling as a method of both training and recruiting mental health professionals and developing student connections to local universities.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.

Areas of improvement at NCSA include: Creating more collaborations with community cultural groups including the Nisenan Tribe and LGBTQIA community groups. Continuing to develop partnerships with local art groups including the Nevada County Arts Council and The Center for the Arts in Grass Valley. NCSA also wants to partner with the Ride for Focus non-profit organization to help bring equal access to students who want to pursue biking as a wellness activity. Other areas of increased partnerships for student outcomes include partnering with the Nevada County Superintendent of Schools for improved implementation of restorative practices.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

The highest number of underrepresented families identified include families from socio-economically diverse backgrounds and families of diverse ethical and cultural backgrounds. It is the hope of NCSA that through continual staff-training in the areas of equity and cultural awareness, in partnership with an anti-bias grant from the CDE, that engagement of underrepresented families will continue to improve. In 23/24 the staff at NCSA focused their efforts on developing their intercultural competence by participating in a Curriculum Representation Design course to build their culturally relevant curriculum. The teachers have begun redefining their standards aligned classroom curriculum maps by including the Learning for Justice - Social Justice Standards to their yearly plans and by creating culturally responsive units that focus on teaching from multiple perspectives and across difference. This work will continue into 24/25 and beyond. In addition, we are training staff in The Responsive Classroom methods to ensure student engagement is prioritized.

Section 3: Seeking Input for Decision-Making

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

Practices	Rating Scale Number
 Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making. 	5
10. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	4
11. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.	5

Practices	Rating Scale Number
12. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	4

Seeking Input for Decision-Making Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.

Parents satisfaction and participation is high at NCSA among underrepresented families who represent 48% of our families - our largest subgroup. 47% of survey respondents identified as being economically disadvantaged. All parents are invited to attend monthly Parent Advisory Meetings where the Ends Policies, strategic plan and LCAP are discussed regularly. In 24/25, NCSA will focus on identifying and encouraging more active engagement and support of parents of under represented families by hiring a student/family engagement coordinator whose primary responsibility will be to connect with parents and seek more individual and direct input on their needs and overall satisfaction with our program.

 Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.

NCSA needs to continue to grow its outreach program for under represented families. We intend to do this by:

Ensuring Open Communication Channels: Continuing to build on our already effective communication channels such as the weekly and monthly notes, utilizing social media, StopIt anonymous reporting app for students, holding community meetings, and continuing to use Parent Square to reach a wider audience ensuring that all stakeholders, including parents, students, teachers, and community members, are informed about opportunities to provide input. This may involve

Inclusivity and Accessibility: Ensuring that the process for providing input is inclusive and accessible to all community members, particularly those from marginalized or underrepresented groups. We provide translation services in Spanish for our newsletter and all-calls, host meetings at convenient times and locations and offer childcare, and we use multiple formats for feedback collection (e.g., surveys, PAG, online forums). Establishing clear feedback loops where NCSA not only gathers input but also responds to it, showing how the feedback has influenced decisions or why certain suggestions may not have been adopted. This helps maintain ongoing engagement and participation from the community.

Transparent Decision-Making Process: Increased transparency in how input is used in decision-making. This includes clearly communicating how feedback is collected, analyzed, and incorporated into decisions, and providing regular updates on the status of initiatives influenced by community input. Parents have also asked for more budget transparency which we will highlight at our Back To School Night.

Building Trust and Relationships: Fostering trust and stronger relationships between NCSA and the community by demonstrating a genuine commitment to listening and responding to input showing that feedback is valued and has a tangible impact on policies and practices. Using our weekly note to highlight parent input on the survey is one way to do this.

By focusing on these areas, NCSA aims to create a more inclusive, transparent, and effective process for seeking and utilizing input for decision-making, ultimately leading to better educational outcomes and stronger community partnerships.

 Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

Given that over 200 families responded to the survey and half of those represented economically disadvantaged families, we do feel like we are making progress in engagement with underrepresented families. NCSA should utilize the Parent Resource Coordinator and the Wellness Coordinator to continue to build outreach programs and offer parent support to underrepresented families. One idea we have is to create a parent BIPOC group to offer support for one another. See above response for additional ways in which we will engage underrepresented families.

School Climate (LCFF Priority 6)

Introduction

The initial design of the Local Control Funding Formula recognized the critical role that positive school conditions and climate play in advancing student performance and equity. This recognition is grounded in a research base demonstrating that a positive school climate directly impacts indicators of success such as increased teacher retention, lower dropout rates, decreased incidences of violence, and higher student achievement.

In order to support comprehensive planning, LEAs need access to current data. The measurement of school climate provides LEAs with critical data that can be used to track progress in school climate for purposes of continuous improvement, and the ability to identify needs and implement changes to address local needs.

Introduction

LEAs are required, at a minimum, to annually administer a local climate survey. The survey must:

- Capture a valid measure of student perceptions of school safety and connectedness in at least one grade within each grade span the LEA serves (e.g. TK-5, 6-8, 9-12); and
- At a minimum, report disaggregated data by student groups identified in California Education Code 52052, when such data is available as part of the local school climate survey.

Based on the analysis of local data, including the local climate survey data, LEAs are to respond to the following three prompts. Each prompt response is limited to 3,000 characters. An LEA may provide hyperlink(s) to other documents as necessary within each prompt:

Prompt 1 (DATA): Describe the local climate survey data, including available data disaggregated by student groups. LEAs using surveys that provide an overall score, such as the California Healthy Kids Survey, are encouraged to report the overall score for all students as well as available student group scores. Responses may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

NCSA gives the CHKS survey to parents, 6th & 7th Grade students and staff in the Fall and then gives a separate local student, parent and staff survey in the spring. On average, over 81% of 4th-8th grade students are engaged, feel safe, and are happy at school (CHKS/Student Survey 23/24). CHKS data showed the 30% of 7th grade students have felt hopelessness in the past year.

Although students reported less mental health concerns this year and 81% of middle school students reported that when they have received counseling support it has helped them, 60% of middle school students also noted that bullying/teasing is still an issue.

Prompt 2 (MEANING): Describe key learnings, including identified needs and areas of strength determined through the analysis of data described in Prompt 1, including the available data disaggregated by student group.

Growth: While students reported they understood their teachers and the school had high expectations for them, 31.5% of the respondents indicated school was mid-to high boredom and 39% felt there was no meaningful engagement in the classroom. However, approximately 75% of students want to do well in classes and want to learn the content, but they indicated it was boring. In regards to participation in activities at school, students were mixed on their involvement from not at all to very much so. A noteworthy data point was that 53% or more of the students felt like they did not have a say in helping to decide school activities and rules, say how things work, etc. There was little voice that was given on behalf of the students to the larger school community and the decisions that were made. When asked why students were harassed or bullied, students responded that it was either because of their gender or because they are LGBTQ+, or have a physical or mental disability. The data shows this affects about 20% of our students, so there is work to do here.

Prompt 3 (USE): Describe any changes to existing plans, policies, or procedures that the LEA determines necessary in order to address areas of need identified through the analysis of local data and the identification of key learnings. Include any revisions, decisions, or actions the LEA has, or will, implement for continuous improvement purposes.

Based on the results, actions which need to be implemented include opportunities for students to learn how to cope with hopelessness and chronic sadness; education around how to stop bullying, intimidation and a person's rights to a harassment free educational setting; and in reverse, the harasser needs to be educated on diversity, inclusion, and tolerance and what sexual harassment means. We are excited to offer Vector On-line Training to our students next year that we cover all of these topics.

In curriculum and instruction, there needs to be more Learner Driven Instruction options where the student is able to engage with their learning more rather than being lectured or dictated to. Perhaps collaborative strategies such as working on a Project based Learning activity will increase critical thinking and teamwork aspects of learning and will motivate students. When making decisions on campus about school activities and how things work on a school campus, we will include our newly formed student council in decision making.

Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)

We use the LCAP as a measurement for broad courses of study. Currently, all NCSA students have access to the following: Orton-Gillingham curriculum, iReady for ELA and math, and authentic voices literature. We use the Writing By Design curriculum for writing. Teachers use the State History Standards, the Learning for Justice Social Justice Standards, and the Next Generation Science Standards and the Visual and Performing Arts Standards as guides for teaching those subjects. NCSA integrates the Arts into all academics and students have access to multiple art and music classes including weekly dance and movement classes in addition to 22 different electives to choose from in middle school encompassing, art, music, dance, mountain biking, physical fitness and thriving in the outdoors. To ensure students have physical access to a broad course of study we use parent/staff surveys and the FIT review regarding safety. To determine emotional safety we use CHKS and student surveys regarding diversity and bullying, their satisfaction with all their classes, and attendance rates to determine if all students are able to access their education on a daily basis.

Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)

Most students are progressing well in academics with the exception of students with disabilities who continue to score well below the other subgroups (please see LCAP for details). According to our surveys 97% of parents feel their child is receiving an appropriate education, our facilities are in good repair, overall student satisfaction on our local 4th - 8th grade student survey is 81%, and 83% of middle school students feel they receive a strong education. There are no differences across school sites because NCSA is one independent charter school and acts as its own LEA.

3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)

While the overall percentage of students who are chronically absent has decreased significantly (36% to 12% - Local Data), we are concerned that 74% of the students who were chronically absent in 2024 (Local Data) were economically disadvantaged and 33% are students with disabilities.

4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

We will focus on students with disabilities and economically disadvantaged youth in 2024/25 by giving them priority access to our counselor, by giving their parents priority access to the Parent Resources Coordinator and we will utilize our Wellness Coaches to work with chronically absent youth to build their capacity for attending school. In addition, we will be offering all chronically absent students the opportunity to participate in our after school attendance recovery & tutoring program to make up absences thereby decreasing our chronically absent rate and ensuring equal access to a broad course of study.

Coordination of Services for Expelled Students – COE Only (LCFF Priority 9)

Assess the degree of implementation of the progress in coordinating instruction for expelled students in your county.

Rating Scale (lowest to highest):

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

	Coordinating Instruction	1	2	3	4	5
1.	Assessing status of triennial plan for providing educational services to all expelled students in the county, including:	[No response required]				
	 Review of required outcome data. 					
	 b. Identifying existing educational alternatives for expelled pupils, gaps in educational services to expelled pupils, and strategies for filling those service gaps. 					
	c. Identifying alternative placements for pupils who are					

	Coordinating Instruction	1	2	3	4	5
	expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils.					
2.	Coordinating on development and implementation of triennial plan with all LEAs within the county.					
3.	Establishing ongoing collaboration and policy development for transparent referral process for LEAs within the county to the county office of education or other program options, including dissemination to all LEAs within the county a menu of available continuum of services for expelled students.					
4.	Developing memorandum of understanding regarding the coordination of partial credit policies between district of residence and county office of education.					

Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

Assess the degree of implementation of coordinated service program components for foster youth in your county.

Rating Scale (lowest to highest):

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

	Coordinating Services	1	2	3	4	5
1.	Establishing ongoing collaboration and supporting policy development, including establishing formalized information sharing agreements with child welfare, probation, Local Education Agency (LEAs), the courts, and other organizations to support determining the proper educational placement of foster youth (e.g., school of origin versus current residence, comprehensive versus alternative school, and regular versus special education).					
2.	Building capacity with LEA, probation, child welfare, and other organizations for purposes of implementing school-based support infrastructure for foster youth intended to improve educational outcomes (e.g., provide regular professional development with the Foster Youth Liaisons to facilitate adequate transportation services for foster youth).					
3.	Providing information and assistance to LEAs regarding the educational needs of foster youth in order to improve educational outcomes.					
4.	Providing direct educational services for foster youth in LEA or county-operated programs provided the school district has certified that specified services cannot be provided or funded using other sources, including, but not limited to, Local Control Funding Formula, federal, state or local funding.					
5.	Establishing ongoing collaboration and supporting development of policies and procedures that facilitate expeditious transfer of records, transcripts, and other relevant educational information.					
6.	Facilitating the coordination of post- secondary opportunities for youth by engaging with systems partners, including, but not limited to, child welfare transition planning and independent living services, community colleges or universities, career technical education, and workforce development providers.					

Coordinating Services	1	2	3	4	5
7. Developing strategies to prioritize the needs of foster youth in the community, using community-wide assessments that consider age group, geographical area, and identification of highest needs students based on academic needs and placement type.					
8. Engaging in the process of reviewing plan deliverables and of collecting and analyzing LEA and COE level outcome data for purposes of evaluating effectiveness of support services for foster youth and whether the investment in services contributes to improved educational outcomes for foster youth.					

2023–24 Local Control and Accountability Plan Annual Update

The instructions for completing the 2023–24 Local Control and Accountability Plan (LCAP) Annual Update follow the template.

Goal

Goal #	Description
1	Goal 1: Academic Achievement - Increase achievement in English language arts, mathematics and science for all students, including unduplicated pupils and those identified as English Language Learners, low-income students and students with disabilities who did not score at or above grade level (Priorities - 1, 2, 4, 7, & 8).

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
CAASPP - ELA number of points above/below standard as reported on the CA Dashboard	All School - 12 pts Above Low Income - 5 pts Below (CA Dashboard 18/19)	Above Standard: All Students - 68% (6th-8th only) Low Income - 60% CAASPP 20/21	Above Standard: All Students - High - 29.8 pts Above Low Income - High - 10.5 Above (CADashboard) 21/22	All Students Green - 25.3 Points Above Standard Low Income - Green 12.6 Points Above Standard CA Dashboard 22/23	Increase ELA scores by 10 points on the CA Dashboard for the school and low income students.
CAASPP - Math number of points above/below standard as reported on the CA Dashboard	School - 18 Pts Below L. I 39 pts below (Dashboard 18/19)	Above Standard: All Students - 45% Low Income - 28% CAASPP 20/21	Above Standard: All Students - Med - 14.9 pts Below Low Income - Low - 33.9 pts below. CA Dashboard 21/22	All Students Yellow - 19.6 Points Below Standard Low Income Students - Orange - 31.5 Points Below Standard CA Dashboard 22/23	Increase Math scores by 10 points for the school and low income students on the CA Dashboard.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
CST - Science % of 5th and 8th grade students who score at or above Standard.	 45% of 8th grade students scored at or above standard on the CST - Science 50% of 5th grade students scored at or above standard on the CST - Science (18/19) 	CAST - Science 20/21. (No data for 5th	 70% of 8th grade students scored at or above standard on the CAST - Science 21/22. 69% of 5th grade students scored at or above standard on the CAST - Science Test 21/22. 	66.67% of 8th grade students scored at or above standard on the CAST 45.10% of 5th grade students scored at or above standard on the CAST - Science Test 22/23.	5th and 8th grade students will increase scores by 5% on the CST - Science.
% of all 6th-8th grade students who score at or above standard on the Writing By Design assessment.	57% of 6th-8th grade students scored at or above standard on the Writing By Design assessment. (20/21 Local Assessments May)	59% of 6th-8th grade students scored at or above standard on the Writing By Design assessment. (21/22 Local Assessments May)	46% of 6th-8th grade students scored at or above standard on the Writing By Design assessment. (22/23 Local Assessments May)	59% of 6th-8th grade students scored at or above standard on the Writing By Design assessment. (23/24 Local Assessment)	72% of 6th-8th grade students will score at or above standard on the Writing By Design assessments.
% of K-5 Pupils who score at or above standard on the iReady ELA Diagnostic assessments.	72% of K-5 students scored at or above standard on the iReady Reading Diagnostic (May 2021)	79% of K-5 students scored at or above standard on the iReady Reading Diagnostic (May 2022)	75% of K-5 students scored at or above standard on the iReady Reading Diagnostic (May 2023)	74% of K-5 students scored at or above standard on the iReady Reading Diagnostic (May 2023)	75% of K-5 students will score at or above standard on the iReady Reading/ELA Diagnostic.
% of K-5 Pupils who score at or above standard on the iReady Math Diagnostic assessments.	62% of K-5 students scored at or above standard on the iReady Math Diagnostic assessments.	63% of K-5 students scored at or above standard on the iReady Math Diagnostic assessments. (May 2022)	58% of K-5 students scored at or above standard on the iReady Math Diagnostic assessments. (May 2023)	63% of K-5 students scored at or above standard on the iReady Math Diagnostic assessments. (May 2023)	65% of K-5 students will score at or above standard on the iReady Math Diagnostic assessments.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	(6th/7th students did not take the test - May 2021).				
% of English Language Learners who improve on the ELPAC Test	100% of ELL's improved on the ELPAC (May 2021)	100% of ELL's improved on the ELPAC (May 2022)	100% of ELL's improved on the ELPAC (May 2023)	No ELL Students were enrolled or took the ELPAC Test in 2024.	100% of EL's will improve on the ELPAC.
% of English Language Learners who are reclassified FEP (Fluent English Proficient) on the ELPAC.	75% of EL students have been reclassified as FEP on the ELPAC (May 2019)	100% of EL students have been reclassified as FEP on the ELPAC (May 2022)		No ELL Students were enrolled or took the ELPAC Test in 2024.	100% of EL students students will be reclassified as FEP on the ELPAC
% of all students, including unduplicated pupils and students with disabilities, who receive broad course access to standards aligned curriculum as measured by the Academic Local Indicator on the CA Dashboard.	100% of all students, including students with disabilities, have access to standard aligned curriculum as measured by the Academic Local Indicator on the CA Dashboard (20/21).	100% of all students, including students with disabilities, receive broad course access to standards aligned curriculum as measured by the Academic Local Indicator on the CA Dashboard (21/22).	100% of all students, including students with disabilities, receive broad course access to standards aligned curriculum as measured by the Academic Local Indicator on the CA Dashboard (22/23).	100% of all students, including students with disabilities, receive broad course access to standards aligned curriculum as measured by the Academic Local Indicator on the CA Dashboard (23/24).	100% of all students, including unduplicated pupils and students with disabilities, who receive broad course access to standards aligned curriculum as measured by the Academic Local Indicator on the CA Dashboard.
% of teachers who implement Common Core and Culturally Responsive State & ELD Standards aligned curriculum.	100% of teachers implement Common Core and Culturally Responsive State & ELD Standards aligned curriculum 20/21).	100% of teachers implement Common Core and Culturally Responsive State & ELD Standards aligned curriculum. (21/22)	100% of teachers implement Common Core and Culturally Responsive State & ELD Standards aligned curriculum. (22/23)	100% of teachers implement Common Core and Culturally Responsive State & ELD Standards aligned curriculum. (23/24)	Maintain - 100% of teachers who implement Common Core and Culturally Responsive State & ELD Standards aligned curriculum.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
% of teachers who are appropriately assigned & credentialed	91% of teachers were appropriately assigned & credentialed (20/21)	90% of teachers were appropriately assigned & credentialed (21/22).	92% of teachers were appropriately assigned & credentialed (22/23).	Clear 77.1% Out of field 4.9% Ineffective 13.2% Incomplete 1.6% as reported on the Teacher Assignment Monitoring Outcomes report (TAMO 21/22).	100% of teachers will be appropriately assigned and credentialed.
% of teachers who participate in peer observations.	0% of teachers have participated in peer observations two times a year. (20/21)	95% of teachers have participated in peer observations two times a year (21/22).	90% of teachers have participated in peer observations two times a year (22/23).	90% of teachers have participated in peer observations two times a year (23/24).	100% of teachers will participate in peer observations two times a year.
% of completed Common Core standards aligned and social justice aligned curriculum maps for TK-8th grades.	0% of teachers have completed comprehensive standards aligned and culturally responsive curriculum maps for each core subject at every grade level (20/21).	70% of teachers have completed comprehensive standards aligned and culturally responsive curriculum maps for each core subject at every grade level (21/22).	70% of teachers have completed comprehensive standards aligned and culturally responsive curriculum maps for each core subject at every grade level (22/23).	90% of teachers have completed comprehensive standards aligned and culturally responsive curriculum maps for each core subject at every grade level (23/24).	100% of teachers have Common Core standards aligned and social justice aligned curriculum maps for TK-8th grades.

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

There are no substantive differences in planned actions and actual implementation of these actions.
An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The following are the substantive changes from planned expenditures and estimated actual expenditures:

\$2,377 more was spent on Digital services due to increase costs & need (Action 1.1)

\$148,849 more was spent on additional classroom and student support from instructional assistants and paraprofessionals (Action 1.3) \$858 more toward Reading Specialist - extra hours for PD (Action 1.4)

\$10,039 more toward Math Interventionist for Academic Assessment Coordination stipend and wages/statutory expense increase (Action 1.5) \$403 more toward classroom supplies (Action 1.6)

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Effective:

Action 1.1 - teacher reports

- Go Guardian allows effective monitoring of student computer use so we can keep students focused on academics.
- The Parent Square App has proved extremely effective for communication as evidenced by the score of 99% satisfaction with school communication on the parent survey.
- The Nutrikids system allows us to track lunches we feed over 350 students 2 times a day which has resulted in higher satisfaction with lunches and healthier eating habits Parent Surveys tin 2024 indicated that 82% of families approved of school lunches. (Student survey scores increased by....). We were able to increase the amount of lunches we served from ------ in 2022 to ------ 2023.

Actions 1.2 -1.6

By utilizing the iReady program along with the support of the Reading and Math Intervention Specialists, aides, and mental health supports we increased and improved services by the amount projected for all students in ELA. Scores increased significantly from an 18/19 baseline of 12 points above standard to 25.3 points above standard on the 22/23 CA Dashboard for all students. With regard to Low Income/SED pupils, we did surpass the ultimate goal of increasing the dashboard score by 10 points in ELA. Scores increased from a baseline of 5 points below standard to 12.6 points above standard. In math all students basically maintained the same status from an 18/19 baseline of 18 points below standard to 19.6 for all students, while economically disadvantaged students improved from a baseline of 39 points below standard to 31.5 points below standard.

The metric for science in 8th grade was met, increasing CAST scores from a baseline score of 45% above grade level, to 66.67%. However, 5th grade declined in only the last year of the LCAP cycle going from a 50% baseline to 45% in 2023. This is frustrating because the year before they were at 69% on the CAST.

1st - 5th graders scored well on local iReady assessments, particularly in ELA. 74% are at or above standard in ELA and 63% are at or above in math (2024 data).

Unfortunately, Students with Disabilities performed in the "Very Low" category in ELA (95.9 points below standard) and Math (129.6 points below standard) based on the 2023 Dashboard as compared to 2022 when students with disabilities scored only 51.5 points below standard in ELA and 94 points below in Math. Because of the decline in scores, we will add additional actions to support these students in increasing their scores. One reason for the low scoring in 22/23 is that less than 95% of SWD completed the CAASPP Assessment adding a penalty and decreasing their overall performance even more.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

In next year's LCAP for 24/25, we will add additional metrics just for SWD's academic outcomes in reading and math, and add additional actions (1.5 - Assistant Math teacher for middle school, attendance recovery specialist/tutor) that will be specific to SWD's and economically disadvantaged academic and chronic absenteeism improvement.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table. Table.

Goals and Actions

Goal

Goal #	Description
2	Goal 2: Safe, Respectful, and Equitable Conditions for Learning and Working - Provide a school environment that focuses on equity, inclusion and the overall well being of all students, families and staff with a specific focus on unduplicated and economically disadvantaged students, through targeted actions that support positive student outcomes (Priorities - 1, 3, 5, 6).

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
% of families who feel engaged and a part of decision making; including participation in programs for unduplicated pupils and students with disabilities.	96% of families feel engaged and part of the NCSA community (20/21 Parent Survey).	96.6% of families feel engaged and part of decision making; including participation in programs for unduplicated pupils and students with disabilities. (21/22 Parent Survey)	97% of families feel engaged and part of decision making; including participation in programs for unduplicated pupils and students with disabilities. Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

There are no substantive differences in planned actions and actual implementation of these actions.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The material differences between budgeted expenditures and estimated actual expenditures are: \$51,744 decrease due to additional psychology support that was dedicated to ERMHs & SPED support (Action 2.1) \$5491 more for Social Emotional & Diversity professional development for teachers (Action 2.3) \$15,428 more for youth advocates increase in hours/days for student engagement and planned suspension reduction (Action 2.4) \$489 more toward the attendance incentive program supplies & awards (Action 2.5)

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

2.1 - Counseling services have proven effective as evidenced by 89% of middle school students reporting that they have found mental health support effective.

2.2 - 100% of parents who have received support from our parent resource coordinator report that this is an invaluable service that helps them support their children at home.

2.3 - 95% of Teachers/Staff participated in our Positive Discipline training and 68% report that overall discipline has improved. In addition, 98% of classroom teachers were trained in culturally responsive curriculum design and 15% have modified unit plans to reflect this new approach (5/7/24). We expect more to have done this work by next year 2025.

2.4 - Suspensions reduced this year for SWDs (10.3% to 7.7%) after hiring our youth advocates and adopting a restorative justice approach to discipline.

2.5 - The Attendance Incentive Program has been effective for increasing overall student attendance from 90% in 22/23 to 94.5% in 23/24 and reducing overall chronic absenteeism (reduced from 34.6% (CAD) to 13% local attendance data).

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Actions 2.1, 2.2 & 2.4 will remain the same for the 24/25 LCAP because they were effective and outcomes improved based on data from Local data and the CA Dashboard.

Action 2.3 will be modified only by adding additional training in The Responsive Classroom for all teachers.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table. Table.

Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at <u>lcff@cde.ca.gov</u>.

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

Goals and Actions

Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

2024 LCAP Annual Update for the 2023-24 LCAP for Nevada City School of the Arts

• Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

• Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. "Effectiveness" means the degree to which the actions were successful in producing the desired result and "ineffectiveness" means that the actions did not produce any significant or desired result.
 - o In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

California Department of Education November 2023

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Plan Summary [2024-25]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten-12, as applicable to the LEA.

Nevada City School of the Arts (NCSA) is a County-Wide Benefit Charter currently serving up to 480 pupils in Transitional Kindergarten through 8th Grade since 1994. High school metrics are not applicable. 48% of NCSA's pupils are low-income and 14% are students with disabilities. All students with disabilities participate in the general education program to the maximum extent possible. Educational services in ELA and Math are provided according to IEP goals for each student and Extended School Year is provided as appropriate. NCSA does not have over 1% of English Language Learners. 75% of the student population is white, 12% identify as two or more races, and 12% identify as Hispanic. All other ethnicities are below 1%. The demographics of NCSA mirror that of Nevada County.

NCSA operates under a Policy Governance model of leadership with the Ends Policies paving the way forward. Our Ends Policies are as follows:

Nevada City School of the Arts exists so that students, families, staff, and the greater community have:

- an arts-based choice for elementary education.
- an educational institution that facilitates academic, artistic, and social-emotional achievement.
- a collaborator and contributor to the greater community.
- a safe, respectful, and equitable conditions for learning and working.

The mission of NCSA is to nurture and inspire academic excellence through the Arts. The Arts - Music, Dance, Theater, and the Visual Arts - are crucial to the complete education of a child. Their practice, understanding and appreciation are essential to the human experience and learning itself. Research shows that the Arts in education promote brain growth and increased success in all academic areas. The Arts, however, are more than a means to an academic end. They point a way to live a balanced and reasonable life and engender a commitment to excellence. The Arts are not simply a means; they are an end into themselves. The Arts make us human and whole.

We strive to encourage students to:

• be self-motivated, competent, lifelong learners through self-directed learning opportunities initiated and pursued through collaboration between students, parents, and teachers;

- perform and achieve as well as or better than pupils in traditional California public schools by the end of 8th grade;
- · demonstrate arts-integrated learning across major subject areas;
- and provide experiences and activities which develop the whole child academically, socially, emotionally, culturally, and physically.

NCSA is committed to creating a school culture where all members of different gender identities, sexual orientations, religions, races, ethnicities, and physical and developmental abilities are welcomed, valued, and celebrated. We are dedicated to proactively identifying and addressing biases, practices, policies, and institutional barriers that perpetuate injustice and inequality in our school. Anti-racist and anti-oppressive practices will be guideposts that allow us to consistently reflect on our policies and curriculum ensuring they are promoting equity and representation for all students. In doing so, our goal is to foster the development of positive identities for all students, promote their abilities to build productive and genuine relationships with people across differences, and ensuring equal access to opportunities and achievement for all students. We want our students to be able to understand stereotypes and their counter-narratives, along with systems of oppression, and learn how to intervene and interrupt injustice when confronted with it. We believe that all our lives are enriched when communities are equitable and inclusive.

In the end we seek not so much to create artists, as to nurture an artistic attitude and practice. A life immersed in the Arts leads naturally to the successful practice of the art of living. To go into the world with tools of heart and mind able to meet any challenge, with vision and understanding of diverse perspectives sufficient to see deeply into things, with creativity, resourcefulness, honesty, courage and compassion enough for the many uncertainties of life - this is what we seek for our children, our community and our world.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

NCSA has seen some excellent progress and growth over the last 4 years.

Although ELA CAASPP scores for all students in 2023 declined slightly (- 4.4 points on the CA Dashboard 2023), 3 out of 5 subgroups were in the green (economically disadvantaged students, students of two or more races and white students). These groups scored 25.3 points above standard.

Math CAASPP scores declined slightly (4.6 points) with Hispanic students, economically disadvantaged, and students of two or more races in the orange indicator and white students in yellow (CA Dashboard 2023). School wide our students scored 19.6 points below standard.

Students in Kinder thru 6th grades continue to score well on our 2024 local iReady assessments:

74% are at or above grade level in reading.

63% are at or above grade level in math.

6th-8th Grade students' writing scores on our local Writing By Design writing assessment went up this year from 46% of students scoring at or above grade level in 2023 to 59% in 2024.

NCSA 8th Grade California Science Test Scores (CAST 2023) were also strong with 66% of 8th grade students scoring at or above standard and economically disadvantaged students scoring at 68.43% above standard. The school met its overall goal in increasing test scores by 5% with 8th Grade growing from a baseline of 45% at or above in 2019, to 66% in 2023. Results for other subgroups were not significant.

NCSA's School Climate continues to improve. We have seen a significant decrease in our suspension rate this year - going from 4.5% of students suspended one time (2023 Dashboard) to 1.9% school wide suspensions (2024 local data). NCSA also decreased suspensions among students with disabilities from 10.3% (2023 Dashboard) to 7.7% (2024 local data). We believe this is a direct result of three things:

- hiring two you advocates whose primary responsibility is to support youth who are experiencing difficulties with behavior,
- hiring two Registered Behavior Technicians who support classrooms with behavior plan monitoring and student behavior,
- and beginning to implement a Restorative Justice Program.

Parent and Student Engagement continue to be high with 96% of parents being satisfied with our overall program, surpassing our goal of 90%. 81% of 4th-8th grade students indicate they are happy to attend NCSA which also surpassed our goal of 75%. (2024 Local Parent and Student Surveys).

Chronic Absenteeism is showing significant improvement as well, going from 36.4% on the 2023 Dashboard to 13% based on current local attendance data (5-4-24).

NCSA Increased overall attendance by 4.5% this year, going from 90% in 2023 to 94.5% in 2024 (Local Data 5-4-24).

Finally, staff engagement remains high with 95% of staff feeling engaged and part decision making (23/24 Staff Survey).

Areas for Growth

Students with Disabilities continued to perform in the red and their overall scores declined by 44.8 points in ELA and 35.3 points in math (CA Dashboard 2023).

Science test scores for 5th Grade went down from 69% to 45% on the CAST (2023 California Science Test).

While the overall number of suspensions has gone down this year from 21 to 10, we are still concerned about the high percentage of students with disabilities being suspended - 50% of all suspensions are students with disabilities (5 out of 10 suspensions).

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

NCSA was identified as needing Differentiated Assistance due to having Red Indicators in the CA Dashboard in the following areas and within the following subgroups:

Chronic Absenteeism

- 33% of chronically absent students are students with disabilities
- 14% are Hispanic students
- 68% are white students
- 74% are Economically Disadvantaged students

We have actions and metrics to support and measure the reduction of chronic absenteeism among our unduplicated pupils. We are hiring a math support assistant for middle school who will also provide after school tutoring and offer academic recovery to students with 4 or more absences. In additions, we are building our student engagement program to provide more adult interaction with students during more unstructured times to help reduce concerns about bullying. We believe this will also support lowered suspension rates (addressed below).

Suspension Rate

 Students with Disabilities fell within the Red indicator. We have already seen a big improvement in this area so we will continue to build our restorative justice program, utilize our youth advocates as student supporters, and build more academically and culturally relevant curriculum in all classes.

Academics

- Students with Disabilities in Math and ELA fell within the Red Indicator Math will be our main focus for next year, especially for students with disabilities. The differentiated assistance team has worked with our team and determined that the following would help support this focus:
- Create & Review math fluency graph in folders
- Create after school Math Club
- Train 8th graders to run K-3 Math games after school
- Add Math tutoring to after school program
- Give and use Math Screeners with new students
- All teachers commit to requiring fact fluency practice
- · Implement math centers in upper elementary
- · All teachers to utilize iReady lessons weekly
- Provide coaching by our math specialist
- Increase math instruction time
- Incentivize growth on iReady beyond paper award
- Host math olympics for middle school
- Invite parents to volunteer specifically for math fluency
- Host 3 family math nights to teach parents to play math games with their children

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Philosophical Approach	We believe that educational partners play a key role in identifying local needs, possible actions to address such needs, and in supporting improved student outcomes. For this reason, we strive to engage all educational partners in the process of developing and annually updating the LCAP. Additionally, we collaborate with our educational partners in a process of continual improvement, meaningful engagement, and shared decision-making in support of student success. This work included providing information in multiple formats.
Teachers/Staff	CHKS Survey, Monthly Team Meetings, Monthly Advisory Meetings, Staff Survey (March)
Parents	CHKS Survey (October) Local Parent Survey (February), Weekly Director's Note comments, Parent Advisory Group Meetings (November, January, February, March and April)
Students	CHKS Survey, Student Council Meetings (Wednesdays), Surveys (April), Small Group Discussions (weekly in SEL classes).
Leadership Team	Weekly Leadership Meeting with Administration
Special Education Team (Nevada County Chartering Authority & SELPA)	Bi-Weekly meetings with school psychologists, resource specialists, speech and language and occupational therapy providers, as well as intervention specialists and mental health counselors. Consulted directly with county SELPA director regarding metrics and outcomes.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

In response to the math proficiency needs identified by educational partners, NCSA will implement a broad goal for math that includes actions to:

- Provide professional development and coaching to support improved implementation of SFUSD Math Curriculum instructional strategies.
- Provide an after-school program for students below grade level in math that focuses on advancing math skill and proficiency, prioritizing services for students who are unduplicated pupils.
- Hire a math support teacher to assist in the 6th-8th math classroom every day and provide after school tutoring to students who are not meeting standards with priority given to economically disadvantaged youth and students with disabilities.
- Host school wide Family Math Nights and send math game ideas to parents via the monthly notes to increase parent engagement and support at home with math.

In response to the needs that educational partners identified related to Chronic Absenteeism, school connectedness, and suspension rates, NCSA will implement a broad goal that includes actions to:

- Conduct regular phone calls with families of low-income students identified as chronically absent in 23/24.
- Continue to identify students at risk for chronic absenteeism, implement case management practices to monitor students, and provide support.
- Continue to employ two Youth Advocates who will focus on restorative justice principles and practices to address the needs of lowincome students.
- Provide a new student leadership program to foster increased participation of low-income students in student clubs/leadership groups and build relationships.
- Add a metric (Percent of Students Participating in a Student Club or Leadership Group) to measure the percent of low-income students participating in a student club or leadership group
- Provide professional development to school staff to support the implementation of SEL strategies to address the needs of lowincome students.
- Provide attendance/academic recovery program for students experiencing Chronic Absenteeism to help recover attendance and reduce days absent.
- Establish a family resource center in order to provide families with access to community-based services that address needs related to SEL, mental health, physical health, student engagement, as well as housing and food insecurities in order to address the needs of low-income students.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Goal 1: Academic Achievement - Increase achievement in English language arts, mathematics and science for all students, including unduplicated pupils and those identified as English Language Learners, economically disadvantaged students and students with disabilities who did not score at or above grade level.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning) Priority 2: State Standards (Conditions of Learning) Priority 4: Pupil Achievement (Pupil Outcomes)

Priority 7: Course Access (Conditions of Learning)

Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Although NCSA was labeled as "green" overall in ELA on the CA Dashboard and "yellow" overall for math, our students with disabilities were in the "red" and performed well below standard in both areas. The actions for this goal will help to increase scores by focusing directly on student support and academic intervention for our unduplicated pupils.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	CAASPP - ELA distance from standard for all students and students with disabilities as reported on the California Dashboard (CAD)	All students - 25.3 points above standard in ELA - Green (2023 CAD) Students with disabilities - 95.9 points below standard in ELA - Red (2023 CAD)			Increase scores to 45 points above standard for all students (Blue) and 60 points below standard for students with disabilities (Yellow) for grades 3-8th (2026 CAD).	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	iReady Math and Reading Diagnostic Assessment K-6.	Purchase a site license for K-6 reading and math diagnostic and instruction from iReady. By providing iReady school wide, all students benefit, but it also ensures that all students with disabilities receive the same instructional support as those without academic challenges. Metrics 1.3 & 1.4 are being used to measure the % of K-6 students who score at or above standard on the iReady ELA and Math Diagnostic assessments (CA Dashboard). This action will support students with disabilities and unduplicated pupils from moving out of the Red Indicator on the Dashboard.	\$19,189.00	No
1.2	Classroom Support (General)	Provide Paraprofessionals/Instructional Assistants for all classes K-3rd grade & Middle School. This action will support students with disabilities and unduplicated pupils from moving out of the Red Indicator on the Dashboard.	\$404,064.00	Yes
1.3	Credentialed Reading Intervention Specialist	Provide 1 FT Credentialed Reading Specialist (Local Assignment, EC 44258.3)	\$100,688.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.4	Credentialed Math Intervention Specialist	Provide 1 FT Credentialed Math Intervention Specialist (Local Assignment, EC 44258.3)	\$100,421.00	Yes
1.5	F/T Middle School Math support/Tutor	Provide middle school math support and after school math tutoring school wide.	\$59,799.00	Yes
1.6	Teacher Training	Provide all teachers with specific math training. This action will support students with disabilities and unduplicated pupils from moving out of the Red Indicator on the Dashboard.		No
1.7	Professional Development for Teachers	Utilize Title II funding to supporting beginning teachers with induction to clear their credential through BTSA.	\$11,160.00	No

Goals and Actions

Goal

Goal #	Description	Type of Goal		
2	Goal 2: Safe, Respectful, and Equitable Conditions for Learning and Working - Provide a school environment that focuses on equity, inclusion and the overall well being of all students, families and staff with a specific focus on unduplicated pupils, through targeted actions that support positive student outcomes.	Broad Goal		
State Prio	state Priorities addressed by this goal.			

Priority 1: Basic (Conditions of Learning) Priority 3: Parental Involvement (Engagement)

Priority 5: Pupil Engagement (Engagement)

Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

We developed this goal based on our student, staff and parent survey results from 23/24, the 2023 CHKS survey, and the 2023 CA Dashboard results on chronic absenteeism and suspension rates that indicated we needed to build more community engagement and create a more safe, inclusive and positive environment, especially for our unduplicated pupils. All of the actions are designed to increase the resources needed to support full community engagement.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.2	Action: Classroom Support (General) Need: Based on CAASPP and iReady results in math, students in all grades need extra support to make academic gains in math. Teachers need the support in the classroom to provide small group instruction.	Providing extra support in the classroom helps each student get what they need individually or in small groups. Students with disabilities (Red Indicator on the CAD) also need the extra support paraprofessionals provide in the classroom.	Metrics 1.1 - 1.5 and 1.8 - 1.11

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Schoolwide		
1.3	Action: Credentialed Reading Intervention Specialist Need: Students with disabilities are scoring much lower on their CAASPP and ready ELA assessments than non-disable peers - they fell into the Red on the CAD. Scope: Schoolwide	By providing a reading interventionist school wide, all students benefit, but it also ensures that all students with disabilities receive the same instructional support as those without academic challenges (This action supports moving SWDs out of the Red Indicator in ELA on the CAD).	1.1, 1.3, 1.8, 1.9
1.4	Action: Credentialed Math Intervention Specialist Need: Students with disabilities are scoring much lower on their CAASPP and ready ELA assessments than non-disable peers. Schoolwide	By providing a math interventionist school wide, all students benefit, but it also ensures that all students with disabilities receive the same instructional support as those without academic challenges (This action supports moving SWDs out of the Red Indicator in math on the CAD).	1.2, 1.4, 1.10, 1.11
1.5	Action: F/T Middle School Math support/Tutor Need: Math scores are low and Chronic absenteeism is high among economically disadvantaged students and students with disabilities.	By providing a FT math support assistant for the middle school and provide after school tutoring and attendance recovery school wide, we will reduce chronic absenteeism and boost math scores on the CAASPP and iReady assessments (This action supports moving SWDs and overall chronic absenteeism out of the Red on the CAD).	1.2, 1.4, 1.10, 1.11 and 2.11

2024-25 Local Control and Accountability Plan for Nevada City School of the Arts

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Scope: Schoolwide		
2.1	Action: Provide Counseling Services (General Education) Need: All students and student subgroups are in the Red or Orange Categories on the CA Dashboard for Chronic Absenteeism. Local data shows that 74% of chronically absent students are also economically disadvantaged students. 2023 CHKS data also shows that 30% of 7th grade students are having feelings of hopelessness and 86% of students who received counseling support in 23/24 said that it was helpful.(Chronic Absenteeism was RED on the CAD for 4 out of 5 subgroups). Scope: Schoolwide	By providing a full time school counselor we are addressing student needs for attendance, engagement and belonging and will support moving out of the Red on the CAD.	2.7, 2.8, 2.11
2.2	Action: Student Engagement Need: CHKS and local survey data indicate a need to address student engagement and bullying. Scope: Schoolwide	By hiring a person whose sole responsibility it is to build trusting relationships with students we expect more students to ask for social emotional support, report instances of bullying which in turn will support student engagement in the classroom. We expect bullying to decrease, suspensions to decrease, and an increase overall engagement. Further, SWDs represent the only group to fall into the Red on the CAD. This action supports moving SWDs out of the Red.	

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
2.3	Action: Attendance Recovery Need: 74% of chronically absent students are low- income, 33% are students with disabilities,14% are Hispanic, 16% are two or more races. Scope: Schoolwide	By providing after school tutoring and academic recovery time, chronically absent students will perform better on state and local assessments, be able to recoup lost academic time and get attendance recovery to reduce chronic absenteeism. (This action supports moving both overall Chronic Absenteeism and SWDs academic scores out of the Red on the CAD).	2.11

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and	Identified Need(s)	How the Action(s) are Designed to Address	Metric(s) to Monitor
Action #		Need(s)	Effectiveness

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

N/A

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Not Applicable - NCSA does not receive concentration grant funding.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	N/A	N/A
Staff-to-student ratio of certificated staff providing direct services to students	N/A	N/A

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at <u>LCFF@cde.ca.gov</u>.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- Comprehensive Strategic Planning: The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- Meaningful Engagement of Educational Partners: The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- Accountability and Compliance: The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).
 - **NOTE:** As specified in *EC* Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to *EC* Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, *EC*

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten-12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK-12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

• If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as "Not Applicable."

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

• Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

• Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidencebased interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

• Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

2024-25 Local Control and Accountability Plan for Nevada City School of the Arts

School districts and COEs: *EC* sections <u>52060(g)</u> (California Legislative Information) and <u>52066(g)</u> (California Legislative Information) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section <u>47606.5(d)</u> (California Legislative Information) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the <u>CDE's LCAP webpage</u>.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see Education Code Section 52062 (California Legislative Information);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see Education Code Section 52068 (California Legislative Information); and
- For charter schools, see Education Code Section 47606.5 (California Legislative Information).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement
 process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within
 the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The <u>LCFF State Priorities Summary</u> provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

2024-25 Local Control and Accountability Plan for Nevada City School of the Arts

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to
 implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the
 ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section <u>42238.024(b)(1)</u> (California Legislative Information) requires that Equity Multiplier funds be used for the provision of evidencebased services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- Required metrics for LEA-wide actions: For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric

• Enter the metric number.

Metric

Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions
associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan.
 LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the
 description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational
 partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "Measuring and Reporting Results" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 . Leave blank until then.	Enter information in this box when completing the LCAP for 2026–27 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 and 2026–27 . Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

• Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. "Effectiveness" means the degree to which the actions were successful in producing the target result and "ineffectiveness" means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action

• Enter the action number.

Title

• Provide a short title for the action. This title will also appear in the action tables.

Description

• Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

 Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No.
 - Note: for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - o Language acquisition programs, as defined in EC Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

2024-25 Local Control and Accountability Plan for Nevada City School of the Arts

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

• Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

Specify the amount of additional LCFF concentration grant add-on funding, as described in EC Section 42238.02, that the LEA estimates it will
receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to
all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

LCFF Carryover — Percentage

Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

• Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

• Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

• As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

 Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school
 LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the
 funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at
 selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55
 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated
 students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that
 is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of
 unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word "input" has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- LCAP Year: Identify the applicable LCAP Year.
- 1. Projected LCFF Base Grant: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- 2. Projected LCFF Supplemental and/or Concentration Grants: Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- 3. Projected Percentage to Increase or Improve Services for the Coming School Year: This percentage will not be entered; it is
 calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared
 to the services provided to all students in the coming LCAP year.
- LCFF Carryover Percentage: Specify the LCFF Carryover Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- Total Percentage to Increase or Improve Services for the Coming School Year: This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.
- **Goal #**: Enter the LCAP Goal number for the action.
- Action #: Enter the action's number as indicated in the LCAP Goal.
- Action Title: Provide a title of the action.
- Student Group(s): Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- Contributing to Increased or Improved Services?: Type "Yes" if the action is included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is not included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - Scope: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- Unduplicated Student Group(s): Regardless of scope, contributing actions serve one or more unduplicated student groups.
 Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- Location: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- LCFF Funds: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - Note: For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
 - Note: Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- Local Funds: Enter the total amount of Local Funds utilized to implement this action, if any.
- Federal Funds: Enter the total amount of Federal Funds utilized to implement this action, if any.
- Total Funds: This amount is automatically calculated based on amounts entered in the previous four columns.
- Planned Percentage of Improved Services: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as 2024-25 Local Control and Accountability Plan for Nevada City School of the Arts Page 54 of 58

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

 As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

• Estimated Actual Expenditures: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- 6. Estimated Actual LCFF Supplemental and/or Concentration Grants: Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- Estimated Actual Expenditures for Contributing Actions: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- Estimated Actual Percentage of Improved Services: For any action identified as contributing, being provided on a Limited basis only to
 unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for
 the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- 9. Estimated Actual LCFF Base Grant: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- 10. Total Percentage to Increase or Improve Services for the Current School Year: This percentage will not be entered. The
 percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF
 Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover Percentage from the
 prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services
 provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- 4. Total Planned Contributing Expenditures (LCFF Funds)
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- 5. Total Planned Percentage of Improved Services
 - This percentage is the total of the Planned Percentage of Improved Services column.
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)

• This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services.

• 6. Estimated Actual LCFF Supplemental and Concentration Grants

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- 4. Total Planned Contributing Expenditures (LCFF Funds)
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).

• 7. Total Estimated Actual Expenditures for Contributing Actions

- This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- 5. Total Planned Percentage of Improved Services (%)
 - This amount is the total of the Planned Percentage of Improved Services column.
- 8. Total Estimated Actual Percentage of Improved Services (%)
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

• 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)

• This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.

• 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)

• This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).

• 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)

 If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

• 13. LCFF Carryover — Percentage (12 divided by 9)

• This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education November 2023

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Nevada City School of the Arts CDS Code: 29 10298 0114330 School Year: 2024-25 LEA contact information: Holly Ann Pettitt Director director@ncsota.org (530) 273-7736 ext. 1007

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students). Budget Overview for the 2024-25 School Year

This chart shows the total general purpose revenue Nevada City School of the Arts expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Nevada City School of the Arts is \$8,705,793, of which \$5592159 is Local Control Funding Formula (LCFF), \$1809122 is other state funds, \$858152 is local funds, and \$446360 is federal funds. Of the \$5592159 in LCFF Funds, \$481465 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Nevada City School of the Arts plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Nevada City School of the Arts plans to spend \$6552594 for the 2024-25 school year. Of that amount, \$887789 is tied to actions/services in the LCAP and \$5,664,805 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

We are an arts focused charter school so we put a significant amount of general funds towards art and music in our curriculum. In addition, we have facilities expenses, lunch program expenses, ELOP funds to support our Expanded Learning Opportunities Program and all special education funds & expenses that are not included in this LCAP.

Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Nevada City School of the Arts is projecting it will receive \$481465 based on the enrollment of foster youth, English learner, and low-income students. Nevada City School of the Arts must describe how it intends to increase or improve services for high needs students in the LCAP. Nevada City School of the Arts plans to spend \$733717 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Nevada City School of the Arts budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Nevada City School of the Arts estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Nevada City School of the Arts's LCAP budgeted \$670759 for planned actions to increase or improve services for high needs students. Nevada City School of the Arts actually spent \$784574 for actions to increase or improve services for high needs students in 2023-24.

Nevada City School of the Arts School Director's Monitoring Report

Executive Limitations Policy: B-2 Financial Planning and Budgeting Board of Directors Meeting: June 13, 2024

I report overall compliance with this policy.

School Director Signed

B2 - The School Director must not operate without annual and multi-year budgets and plans that address intentional and improved Ends accomplishment along with avoidance of fiscal jeopardy.

Interpretation:

Financial planning is essential to avoid financial jeopardy. NCSA will have in place a multiyear financial projection and an annual budget crafted to ensure the fiscal success of NCSA. NCSA will also use the LCAP to address desired results in a larger context, including the social and environmental goals and the appropriate planned activities, so as to reasonably comply with the limitation policies while pursuing the desired results inspired by the Ends policies.

Operational Definitions:

- a) NCSA will operate with an annual budget, multi-year projection and LCAP updated for each fiscal year.
- b) In B1.1, the board has defined "fiscal jeopardy" as those conditions that do not meet the criteria set in the Financial Conditions (B1) policy. The financial plan (budget will be designed to meet or exceed those criteria).

Data:

- a) The LCAP for 2024-2027 will be included with the June agenda packet. The adopted budget, cash flow, and multi-year projection, covering 2024/25 through 2026/27, is also in the Board Packet.
- b) See B2.1 below for data about fiscal jeopardy.

B2.1a The School Director must not create plans or budgets that:

a) Risk incurring those situations or conditions described as unacceptable in the Board policy "Financial Condition and Activities."

Interpretation:

In executive limitation terminology, the multi-year projection and adopted budget along with the LCAP are designed to guide NCSA financially, set goals and put procedures in place that avoid the unacceptable conditions as set forth in the B1 – Financial Conditions policy. In terms of budget planning, the essential criteria are those that require sufficient enrollment, attendance, net income, liquidity, and loan requirements. I provided the Board the Operational Definitions for these criteria in the B1 report dated February 15, 2024.

Operational Definition:

Each budget for NCSA will show planned financial conditions within the limits defined in policy B1.

Data:

Financial Condition	2024-25 Budget Projection
NCSA Surplus > \$0	Projected Deficit = \$6,736
Raven Springs Surplus > \$250,000	Projected Surplus = \$82,156
Attendance \geq 94%	Projected Attendance = 96%
Enrollment >99%	Projected Enrollment = 99%
NCSA Cash Balance > \$10,000	Projected Cash Balance = Handout
RS Cash Balance > \$0.00	Projected Cash Balance = Handout

FYI - We are likely to see a deficit of \$70,000 at 1st Interim in order to support releasing the step placement and allowing all years of teacher experience to be brought in on the certificated salary schedule. This would include moving current teachers up the salary schedule to honor them with their correct amount of teaching years of experience. We are waiting for 1st interim to be sure we can afford it this year. The MYP has significant surpluses to support the sustainability of this change.

B2.1b The School Director must not create plans or budgets that:

b) Omit credible projection of revenues and expenses, separation of capital and operational items, cash flow, and disclosure of planning assumptions.

Interpretation:

The School Director will plan for the success of NCSA, both in the short term and long term by beginning with a realistic multi-year projection. Since the establishment of the LCFF Calculator, we have developed a method of projecting revenue based upon historical data and trend analysis based on numbers given to us by both the School Services of California (SSC) and the Financial Crisis and Management Assistance Team (FCMAT) Calculator. With projected revenue in place, expenses are proportionally allocated. Net revenue is projected to reflect a positive cash flow.

Operational Definition:

- a) Projections of revenues, expenses, and capital investments are based on revenue information from the state and historical data.
- b) A capital budget is prepared separately from the operational budget.
- c) Cash flow projections are clearly shown on the cash flow projection sheet.
- d) Assumptions we make in creating the LCAP and the annual budget are based on prior year actuals that we review at 1st Interim along with the State budget approved by the governor.
- e) I will test the overall credibility and reasonableness of the plan, including the embedded projections and assumptions, by having the plan reviewed internally by our treasurer and externally by other knowledgeable professionals (NCSOS).

Data:

- a) Revenue and expense projections are based on prior year actuals, knowledge of increases or decreases to known local revenue and expenses. State and Federal revenue is provided through the May Revision budget approval and adjusted based on apportionment details and utilizing the LCFF FCMAT Calculator.
- b) A capital budget is being prepared for summer projects that will be separate from the operational budget. This cost will be included in the multiyear projection for debt service compliance and loan payment fulfillment. A capital improvement budget is currently being developed for the buildings and property and is designed to support ADA compliance for the school. We are planning on doing a partial upgrade of Building 3 in the 24-25 school year.
- c) Cash flow projections for the 2024/25 year indicate positive cash flows for each month. Projections were derived based on the projected revenues provided from state funding and parent donations and based on prior year actuals.
- d) Assumptions to the financials are in the budget and come from the state and federal government as they make changes and determine funding for the fiscal year.
- e) Before presenting the 2024/25 budget in this packet, I asked for and received input from our Treasurer, Meshawn Simmons, and Nevada County Superintendent of Schools (NCSOS). I also solicited feedback from the Parent Advisory Group (PAG), teachers, staff, students and other parent stakeholders while building the LCAP and budget for the 2024/25 school year.

B2.1c The School Director must not create plans or budgets that:

c) Fail to inform the board and stakeholders through NCSA's Annual Report the impact of the proposed budget on the programs and staffing.

Interpretation:

Unlike a business, our goal is not to come away with a profit, but to spend our revenues in ways that meet students' needs while meeting federal, state and county requirements. One of the ways we ensure excellence in education is by turning in our LCAP, budgets and cash flow projections to NCSOS. The State also requires that we spend a minimum amount of supplemental funds from the LCFF on increasing or improving services for our unduplicated pupils (foster youth, English Learners, homeless and low-income students). This supplemental funding is generated by these pupils and is proportionally 9.42% of our LCFF funding that has to be directed toward increasing services and support for these students.

Operational Definition

- a) We will submit our financials to NCSOS as required and report with transparency significant changes to the budget and their impact to the current programs and staff.
- b) The annual budget will include a supplemental funding amount that meets the State's requirement.

Data

- a) All of the financials have been submitted to NCSOS at each required time period Adopted (June), 1st Interim (November) and 2nd interim (March). We have also held staff meetings to discuss financial impacts, like loss of one-time funding, reductions to the statutory COLA from the state and increases to expenses due to inflation. We provided the staff opportunity to contribute ideas on cutting or shifting programs to help create a balanced budget.
- b) Our supplemental funding amount for 2024/25 is \$481,465 and we are projecting to spend \$887,789 toward supplemental eligible expenses to increase and improve services to unduplicated pupils. This meets and exceeds the 9.42% requirement the state requires to be spent on our unduplicated pupils (low income, foster youth, and homeless students).

B2.1d The School Director must not create plans or budgets that:

d) Undertake capital building projects without assurance of available funding or financing.

Interpretation:

We will not begin any capital projects without verifying through budget planning that we can afford to pay for and sustain the expense of the capital project needs and financing terms.

Operational Definition:

a) Capital projects will be carefully planned utilizing proposals from contractors and professionals that can provide cost estimates. Before entering into financing for the capital project, we will ensure that NCSA's program will not be impacted to afford the financing payments.

Data:

We are currently working on a capital project budget to encompass ADA accessible parking, pathways and safe ingress/egress for building 3 over the summer of 2024. In addition, we have a fire safety requirement to restore one of our existing water ponds to be able to store enough water to our fire hydrants in case of a wildfire. We are also engaged with Dynamic Mechanical to replace our HVAC systems in buildings 3 & 8 to support a better learning environment for students, better working conditions for our staff and to save some money on energy efficient equipment. We have included in this budget the cost of this loan based on the current rates of 7.5% interest provided by our local bank.

NEVADA CITY SCHOOL OF THE ARTS 2024-25 Adopted Budget Statements of Revenues, Expenditures and Changes in Fund Balance

Enrollment Attendance %	2020-21 Audited Actuals 451.0 94.6%	2021-22 Audited Actuals 417.0 92.0%	2022-23 Audited Actuals 442.0 90.18%	2023-24 Unaudited Actuals 472.0 94.0%	2024-25 Adopted Budget 489.0 96.0%	Change From Prior Budget 17.00 2%

SUMMARY OF SIGNIFICANT CHANGES FROM P	RIO	R BUDGET:	
EVENUES LCFF - ADA % & TK Enrollment increase	\$	510,772	
ERC credits received from IRS	φ \$	(876,365)	
Kitchen Equipment grants & Food purchasing relief grants removed	φ \$	(118,843)	
Reduced funding from Title I/II/IV	Ψ \$	(1,912)	
SELPA hardship one-time funds removed	Ψ \$	(17,420)	
Changes to Special Education funding	Ψ \$	794	
Changes to other state and federal funding	Ψ \$	(14,623)	
One-Time funds (Antibias grant, Learning Recovery)	Ψ \$	(312,885)	
Increase RavenWolf revenue based on PY actuals	Ψ \$	58,000	
Reduced field study revenue for reduced field studies overall	Ψ \$	(31,162)	
Add funding for wellness grant	φ \$	84,500	
Reduce surplus transfer from Raven Springs	э \$		
Misc local revenue & reimb from YRC	φ \$	(100,000) 10,497 \$	(808,640
	ф	10,497	000,040
KPENSES Certificated Wages:			
Certificated wages step/column increases & adjustments	\$	(44,969)	
Add FT Music teacher (reimbursement from YRC above)	\$	(5,046)	
Decrease to wages for training & stipends	\$	(10,315)	60,33
Classified Wages:	Ŧ	(,)	(00,00
Instructional Assistant/Paraprofessionals/Student support changes & adjustments	\$	96,029	
Adjustments to AMM & Electives Programs	\$	(4,302)	
Changes to classified stipends	\$	(1,000)	
Changes to Afterschool program wages	\$	(47,167)	
School lunch program staff (hours/days/wages)	\$	72,903	
Adminsitrative support staff (hours/days/wages)	\$	(10,688)	
Increase to facilities support wages	\$	(45,366)	
Increase to custodial support	\$	(4,413)	55,996
Benefits & Statutory Costs - Above Wage Changes	\$	31,953	
Employer Paid STRS rate (16.92%) Increase from wages added above	\$	(21,350)	
Books & Supplies	•	(1,000)	(,000
Increase for Kitchen Infrastructure Grant - Equipment Purchases	\$	(260,057)	
Decrease for Administrative supplies	\$	(12,147)	
Tech supplies for administration/Office	\$	-	
Increase for Tech supplies for classrooms & teachers	Ψ \$	(14,946)	
Increase for facilities supplies	ф \$	(11,846)	(298,996
Services	Ψ	(11,040)	(200,000
Professional development, dues & subscriptions (mostly grant funded)	\$	4,782	
Classroom & student program services	Ψ \$	(58,476)	
Administrative services	φ \$	9,281	
Technology services	Ψ \$	(407)	
Special education program services	Ψ \$	93,254	
No change to lease expense	Ψ \$	-	
Facilities services	Ψ \$	(44,589)	3,840
Changes in fees for County Oversight	Ψ	(44,309) 4	
Total Increase or Decrease to ALL Expenses		•	
Total Increase/(Decrease) in Revenue	\$	(808,646)	
Total Increase/(Decrease) in Operational Expenses	\$	(283,772)	
Total Change in Revenue minus Expenses	\$	(524,874)
