Director FYI Report February 27, 2025

This report details highlights of the month, operational achievements and items that the Board may like to know and helps to satisfy compliance with our B-6 Communication to the Board policy as well as indicates progress toward our Ends. It is organized by the following:

- 1. Relevant financial information.
- 2. School level issues that help the board see the big picture.
- 3. Public events (activities and gatherings both on and off premises) of a nature that may affect the perception of the School in the community.
- 4. Internal and external changes like significant modifications to the normal pattern of school business.
- 5. Progress towards Ends Policies and LCAP

Plaudits

- To the Nourish Team for managing to continue to cook and then deliver amazing meals without an elevator and also to continue to provide scratch cooked meals last week when they were down 3 people!
- To Sam Jones, as always, she has created an amazing school schedule that seems to support all teachers and staff.
- Jamee New Instructional Assistant: Consistency, quick to learn, hardworking, and able to handle working with many students who qualify for special education and have varying needs.
- Kimberley Bailey RW Director Runs a 150-plus-student program where she makes them dinner, provides activities, and offers phenomenal Saturday classes: Lunar New year, outdoor hiking and art, candle making, bread making, etc. She is stepping into the director role and has allowed instructional assistants to be 'lead' teachers for the day, offering them an opportunity to feel needed and experience another aspect of the program.
- Erika Haynes handles a heavy special education (speech) caseload with grace, confidence, professionalism, and love and shares a strong desire to help students learn speech and communication skills. We are fortunate to have her working at NCSA.
- Danielle M. is recognized for seeing the beliefs behind students' behaviors. She excels at working with different student needs within the same classroom. She cares deeply and communicates clearly (and often) with parents when needed about student behaviors. She diligently handles what she can from her classroom before asking for outside support.

outside support.

Qausu for her beautiful Black History Month Flyer and for reminding us to incorporate Black Joy into our BHM celebrations.

Financial Information

- ➤ On the Agenda
- The Nevada County Charter Services Authority (JPA) will receive \$480,000 in back payment for Medi-cal reimbursement. This will be split among the 5 charter schools based on enrollment. It's a little more than \$100K to NCSA and will help offset our significant negative balance for this current year.

Facilities Update

B2

We are experiencing an HVAC unit freezing again. It is the same unit as last time. Joseph and Jon are keeping an eye on it so we can defrost it as needed.

B3

- 2/5 The water heater stopped in the west wing of B3. Ian investigated and found no trouble.
- > East wing HVAC Compressor was replaced under warranty
- Several roof leaks had developed primarily due to high volumes of water with high wind.
- Power has been provided to the RW tent. Kim has been advised that while running the heaters, not to plug anything else into the outlet as it will likely trip a breaker. The 12 AWG extension cords have arrived as the last part of getting the heaters running and will be installed this week. GFI outlets were tested and found to be working as expected. Joseph Will test monthly to ensure safe operation.
- One of the contactors in the compressor unit for the East wing went bad on 2/21. It will be replaced later that day.

B8

- Reported leaks in several of the usual places
- HVAC turned on on Sunday, 2/16/25. Joseph spent several hours helping Dynamic Mechanical to troubleshoot. The temp was at or above 90° in all rooms on the second floor. We could get the temps down into the 70's for Monday, but the tech still had to come out on Tuesday. We continue to monitor, but the suspected trouble is in a controller in Danny's room. It has been bypassed, and we will monitor it.

- TLC had some minor ceiling damage; a tile and a dress ring will be replaced soon. The damage is from a friend having a rough day.
- > Joseph was able to track down the requested electrical information to proceed with the elevator repair.
- Elevator progress report: Parts are scheduled to arrive on Friday, 2/21 they will assemble and deliver when done. The tentative timeline is to have on-site installation done by 3/7/25 and inspected by 3/14/25.
- The roof patch worked; however, it needed to be bolstered, as the wind was more than hoped for.

Events

> Prospective Parent Meetings have been well attended. Lottery is April 4, 2025.

Arts Based Choice for Education

➤ We have 159 applications for next year. Last year at this time we had 138. We believe we have enough apps this year to fill two 20 student TK classrooms. This would increase enrollment to over 500 students.

Academic, Arts & Social Emotional Achievement

- > LCAP Mid Year Update is on the agenda. We are on track with our goals.
- ➤ We are seeing a big increase in negative behaviors from students. Not sure what is in the air. I requested that teachers hold class meetings on Monday to discuss with students, review class agreements, and have them share their perspective. I'll let you know what I find out.
- ➤ We are currently creating the schedule for next year.

Safe, Respectful and Equitable Conditions for Learning and Working

- ➤ Parent Survey will be going out this week.
- ➤ After the Parent Survey we will do the Staff survey this is the "off year" so it will be an informal survey, not an extensive one.
- Based on this Executive Order the USDE sent a Letter (attached in the packet.) This is a LINK is to an attorney's interpretation of the USDE's letter. This is a discussion item on the agenda.

Contributor and Collaborator to the Greater Community

- > We have moved the Spring date to do the Culturally Informed Burn will be April 5th.
- Sth Graders have an amazing opportunity to meet with members of the Shoshone Tribe while they are in Death Valley. This was made possible due to our ongoing work with the Nisenan and the Sierra Institute.

UNITED STATES DEPARTMENT OF EDUCATION OFFICE FOR CIVIL RIGHTS

THE ACTING ASSISTANT SECRETARY

February 14, 2025

Dear Colleague:

Discrimination on the basis of race, color, or national origin is illegal and morally reprehensible. Accordingly, I write to clarify and reaffirm the nondiscrimination obligations of schools and other entities that receive federal financial assistance from the United States Department of Education (Department).¹ This letter explains and reiterates existing legal requirements under Title VI of the Civil Rights Act of 1964,² the Equal Protection Clause of the United States Constitution, and other relevant authorities.³

In recent years, American educational institutions have discriminated against students on the basis of race, including white and Asian students, many of whom come from disadvantaged backgrounds and low-income families. These institutions' embrace of pervasive and repugnant race-based preferences and other forms of racial discrimination have emanated throughout every facet of academia. For example, colleges, universities, and K-12 schools have routinely used race as a factor in admissions, financial aid, hiring, training, and other institutional programming. In a shameful echo of a darker period in this country's history, many American schools and universities even encourage segregation by race at graduation ceremonies and in dormitories and other facilities.

¹ Throughout this letter, "school" is used generally to refer to preschool, elementary, secondary, and postsecondary educational institutions that receive federal financial assistance from the Department.

² Title VI provides that: "No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." 42 U.S.C. § 2000d, *et seq.*; 34 C.F.R. § 100, *et seq.*

³ This document provides significant guidance under the Office of Management and Budget's Final Bulletin for Agency Good Guidance Practices, 72 Fed. Reg. 3432 (Jan. 25, 2007). This guidance does not have the force and effect of law and does not bind the public or create new legal standards. This document is designed to provide clarity to the public regarding existing legal requirements under Title VI, the Equal Protection Clause, and other federal civil rights and constitutional law principles. If you are interested in commenting on this guidance, please email your comment to OCR@ed.gov or write to the following address: Office for Civil Rights, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202. For further information about the Department's guidance processes, please visit the Department's webpage here.

Educational institutions have toxically indoctrinated students with the false premise that the United States is built upon "systemic and structural racism" and advanced discriminatory policies and practices. Proponents of these discriminatory practices have attempted to further justify them—particularly during the last four years—under the banner of "diversity, equity, and inclusion" ("DEI"), smuggling racial stereotypes and explicit race-consciousness into everyday training, programming, and discipline.

But under any banner, discrimination on the basis of race, color, or national origin is, has been, and will continue to be illegal.

The Supreme Court's 2023 decision in *Students for Fair Admissions v. Harvard*⁴ (*SFFA*), which clarified that the use of racial preferences in college admissions is unlawful, sets forth a framework for evaluating the use of race by state actors and entities covered by Title VI. The Court explained that "[c]lassifying and assigning students based on their race" is lawful only if it satisfies "strict scrutiny," which means that any use of race must be narrowly tailored—that is, "necessary"—to achieve a compelling interest.⁵ To date, the Supreme Court has recognized only two interests as compelling in the context of race-based action: (1) "remediating specific, identified instances of past discrimination that violated the Constitution or a statute"; and (2) "avoiding imminent and serious risks to human safety in prisons, such as a race riot."⁶ Nebulous concepts like racial balancing and diversity are not compelling interests. As the Court explained in *SFFA*, "an individual's race may never be used against him" and "may not operate as a stereotype" in governmental decision-making.⁷

Although *SFFA* addressed admissions decisions, the Supreme Court's holding applies more broadly. At its core, the test is simple: If an educational institution treats a person of one race differently than it treats another person because of that person's race, the educational institution violates the law. Federal law thus prohibits covered entities from using race in decisions pertaining to admissions, hiring, promotion, compensation, financial aid, scholarships, prizes, administrative support, discipline, housing, graduation ceremonies, and all other aspects of student, academic, and campus life. Put simply, educational institutions may neither separate or segregate students based on race, nor distribute benefits or burdens based on race.

Although some programs may appear neutral on their face, a closer look reveals that they are, in fact, motivated by racial considerations.⁸ And race-based decision-making, no matter the form, remains impermissible. For example, a school may not use students' personal essays, writing samples, participation in extracurriculars, or other cues as a

means of determining or predicting a student's race and favoring or disfavoring such students.⁹

Relying on non-racial information as a proxy for race, and making decisions based on that information, violates the law. That is true whether the proxies are used to grant preferences on an individual basis or a systematic one. It would, for instance, be unlawful for an educational institution to eliminate standardized testing to achieve a desired racial balance or to increase racial diversity.

Other programs discriminate in less direct, but equally insidious, ways. DEI programs, for example, frequently preference certain racial groups and teach students that certain racial groups bear unique moral burdens that others do not. Such programs stigmatize students who belong to particular racial groups based on crude racial stereotypes. Consequently, they deny students the ability to participate fully in the life of a school.¹⁰

The Department will no longer tolerate the overt and covert racial discrimination that has become widespread in this Nation's educational institutions. The law is clear: treating students differently on the basis of race to achieve nebulous goals such as diversity, racial balancing, social justice, or equity is illegal under controlling Supreme Court precedent.

All students are entitled to a school environment free from discrimination. The Department is committed to ensuring those principles are a reality.

This letter provides notice of the Department's existing interpretation of federal law. Additional legal guidance will follow in due course. The Department will vigorously enforce the law on equal terms as to all preschool, elementary, secondary, and postsecondary educational institutions, as well as state educational agencies, that receive financial assistance.

The Department intends to take appropriate measures to assess compliance with the applicable statutes and regulations based on the understanding embodied in this letter beginning no later than 14 days from today's date, including antidiscrimination requirements that are a condition of receiving federal funding.

All educational institutions are advised to: (1) ensure that their policies and actions comply with existing civil rights law; (2) cease all efforts to circumvent prohibitions on the use of race by relying on proxies or other indirect means to accomplish such ends; and (3) cease all reliance on third-party contractors, clearinghouses, or aggregators that are being used by institutions in an effort to circumvent prohibited uses of race.

⁹ Students for Fair Admissions, 600 U.S. at 230 ("[U]niversities may not simply establish through application essays or other means the regime we hold unlawful today.").

Institutions that fail to comply with federal civil rights law may, consistent with applicable law, face potential loss of federal funding.

Anyone who believes that a covered entity has unlawfully discriminated may file a complaint with OCR. Information about filing a complaint with OCR, including a link to the online complaint form, is available <u>here</u>.

Thank you in advance for your commitment to providing our Nation's students with an educational environment that is free of race, color, or national origin discrimination.

Sincerely,

/s/ Craig Trainor Acting Assistant Secretary for Civil Rights United States Department of Education

Dear County and District Superintendents, Charter School Administrators, School Principals, and Early Education Directors:

Clarification Regarding the February 14 "Dear Colleague Letter" from the United States Department of Education

As information and updates continue to come out of Washington, D.C., I want to be clear:

At the California Department of Education (CDE), we are focused on moving the needle for student achievement no matter what. We are committed to providing our local educational agencies (LEAs) with clarity and support in these rapidly changing times so that our educators can continue to focus on what is working in our local schools.

Many questions have emerged from the February 14 "Dear Colleague Letter" sent by the United States Department of Education Office of Civil Rights, which suggests that schools and agencies should end any educational program or activity that acknowledges race within 14 days or face potential revocation of federal funds. There is an important set of facts that we want to make sure all LEAs are aware of as you work to determine your local response:

- 1. A Dear Colleague Letter is not law and cannot by itself be an enforcement mechanism. The February 14 Dear Colleague Letter does not announce any new laws enacted by Congress. In fact, the Dear Colleague Letter even states, "This guidance does not have the force and effect of law and does not bind the public or create new legal standards."
- 2. There is a legally mandated pathway to attempt to revoke federal funds; a Dear Colleague Letter is not it. According to federal law, the Education Department may not suspend, terminate, or refuse to grant or continue federal financial assistance until it has:
 - notified the recipient of noncompliance,
 - attempted to secure compliance through voluntary means and determined that this is not possible,
 - provided an opportunity for a hearing and made an express finding of noncompliance on the record,
 - filed a written report with Congress, and
 - waited 30 days after filing the report.

- 3. Existing laws already prohibit discrimination or preferential treatment in public schools, including on the basis of race, ethnicity, nationality or immigration status; religion; disability; and gender, gender identity, gender expression, and sexual orientation.
- 4. At this point, the United States Department of Education has not taken any specific action in relation to their Dear Colleague Letter, but we and other California state agencies are closely monitoring the situation and will consider legal action should the federal government attempt to freeze or cut funding based on this letter.

I am continually grateful to our local leaders for your steadfast work in the face of increasing challenges. If there are any impacts of federal actions to your school, district, or county office of education, especially if there are now unmet needs for essential educational services, please notify the appropriate program office at CDE.

Sincerely,

Tony Thurmond State Superintendent of Public Instruction

<u>Multi-State Guidance Concerning</u> <u>Diversity, Equity, Inclusion, and Accessibility Employment Initiatives</u>

The Attorneys General of Massachusetts, Illinois, Arizona, California, Connecticut, Delaware, Hawaii, Maine, Maryland, Minnesota, Nevada, New Jersey, New York, Oregon, Rhode Island, and Vermont are issuing this Guidance to help businesses, nonprofits, and other organizations operating in our respective states understand the continued viability and important role of diversity, equity, inclusion, and accessibility efforts (sometimes referred to as "DEI" or "DEIA" initiatives) in creating and maintaining legally compliant and thriving workplaces.

Our Offices have heard concerns from many in the private sector about the continued viability of diversity, equity, inclusion, and accessibility policies and programming following an Executive Order that purports to target "illegal DEI and DEIA policies" across a wide range of organizations.¹ Importantly, diversity, equity, inclusion, and accessibility best practices are not illegal, and the federal government does not have the legal authority to issue an executive order that prohibits otherwise lawful activities in the private sector or mandates the wholesale removal of these policies and practices within private organizations, including those that receive federal contracts and grants. The Executive Order states what is already the law—that discrimination is illegal—but then conflates unlawful preferences in hiring and promotion with sound and lawful best practices for promoting diversity, equity, inclusion, and accessibility in the workforce. This conflation is inaccurate and misleading. Policies and practices that promote diversity, equity, inclusion, and accessibility are not the same as preferences in individual hiring and promotion decisions that have been found to be unlawful. The Executive Order cannot and does not prohibit these otherwise lawful practices and policies. As such, this Guidance aims to clarify the state of the law for businesses, nonprofits, and other organizations operating in our states.

Employment policies incorporating diversity, equity, inclusion, and accessibility best practices are not only compliant with state and federal civil rights laws, but they also help to reduce litigation risk by affirmatively protecting against discriminatory conduct that violates the law. Effective policies and practices foster the development of inclusive and respectful workplaces where all employees are supported and encouraged to do their best work. When companies have such policies, employees are less likely to be subjected to unlawful discrimination, and companies are less likely to be held liable for such discriminatory conduct. This is in addition to the benefits of well-designed diversity, equity, inclusion, and accessibility practices in improving business performance – making companies that prioritize a culture of

diversity and equity more dynamic, competitive, and resilient. Companies should be fully confident that they can continue to implement these policies and programs to advance their business objectives and help ensure they remain compliant with state and federal civil rights laws.

<u>Diversity, Equity, Inclusion, and Accessibility Initiatives Help Businesses Prevent</u> <u>Workplace Discrimination</u>:

Employment discrimination is a serious and persistent problem in the United States. Over the last five years, more than 285,000 discrimination complaints have been filed with the Equal Employment Opportunity Commission by employees in our states alone.² Combatting continuing discrimination is a strategic priority for our offices.

Each of our states has civil rights laws that prohibit discrimination in the workplace based on race, sex, national origin, disability and other protected characteristics. The protections provided by these laws are generally similar to those provided by Title VII of the Civil Rights Act of 1964 and the Americans with Disabilities Act (ADA); however, protections under some state laws are more expansive than those under federal law. Like Title VII and the ADA, most state laws prohibit employers from (1) intentionally discriminating against employees; (2) taking ostensibly non-discriminatory actions that have an unlawful adverse impact on protected groups; or (3) subjecting employees to harassment that creates a hostile work environment. Importantly, most state laws also hold employers vicariously liable for discriminatory conduct carried out by their employees in some situations. For example, in some states, employers are strictly liable for discrimination and harassment carried out by supervisory employees and may be held liable for the discriminatory conduct of non-supervisory co-workers in many circumstances. Moreover, individual supervisors may, in some cases, be *personally* liable for unlawfully harassing or retaliating against workers. In order to effectively avoid liability for discrimination, employers must therefore take steps to proactively prevent and address discrimination, including by identifying and remediating policies and practices that have an unlawful disparate impact on current and prospective employees.

Properly developed and implemented initiatives aimed at ensuring that diverse perspectives are included in the workplace help prevent unlawful discrimination. Decades of research and data – as well as the collective experiences of our offices – demonstrate that these types of policies, procedures, and programming help prevent discriminatory conduct and harassment from occurring. They also help ensure that unlawful conduct is promptly identified, reported and addressed when it does occur. Companies that fail to be proactive in preventing discrimination and harassment expose themselves to greater risk by making it more likely that discrimination will occur and continue over time, which can increase harm to affected employees. Additionally, the absence of policies and procedures may be a factor considered by enforcement authorities and courts. For example, the fact that a company has failed to implement adequate non-discrimination and fair employment policies, procedures, and trainings may be used by our offices or courts to assess culpability and liability for discriminatory conduct.

² This information is based upon the most available data from the Equal Opportunity Employment Commission, which is current through FY2023.

Ensuring that a diverse set of individuals meet their full individual potential in the workplace and beyond also benefits customers, employees, companies' bottom lines and company shareholders. When companies embed the values of diversity, equity, inclusion, and accessibility within an organization's culture, they reduce biases, boost workplace morale, foster collaboration, and create opportunities for all employees. Diverse and inclusive organizations that prioritize equitable practices tend to outperform their peers, with higher returns, lower turnover, and a more attractive workplace for top talent. Promoting a diverse and inclusive workforce isn't just the right thing to do—it's also more profitable.

<u>Diversity, Equity, Inclusion and Accessibility Initiatives are Consistent with Federal and</u> <u>State Law</u>:

The Federal Government has recently targeted private sector diversity, equity, inclusion, and accessibility policies and practices through an Executive Order entitled "Ending Illegal Discrimination and Restoring Merit-Based Opportunity." The Executive Order directs executive agencies to "combat illegal private-sector DEIA preferences, mandates, policies, programs, and activities." Preferences based on protected characteristics in hiring and promotion have been found to be unlawful under federal law, except under narrow circumstances. In operation, the Executive Order merely restates this legal principle. But by mislabeling these practices as "DEIA," the Executive Order creates confusion as to lawful practices and policies to promote diversity, equity, inclusion, and accessibility. To be clear: the Executive Order cannot and does not prohibit otherwise lawful practices and policies to promote diversity, equity, inclusion and accessibility.

Initiatives promoting diversity, equity, inclusion, accessibility, various skill sets, and different perspectives and experiences in the workplace are not the same as affirmative action and do not involve providing preferences to individuals based on protected characteristics in discrete hiring, promotion, or job retention decisions. Instead, modern best practices focus on ensuring that businesses can recruit, hire, and retain the most qualified employees, and ensure that no one is overlooked or bypassed because of a protected characteristic. Best practices also help ensure that the workplace provides the support needed for employees to continue to develop their skills and contribute to the success of their organizations. Well-designed diversity, equity, inclusion, and accessibility initiatives also call on employers to pay attention to the (intentional and unintentional) impact their policies and practices have on different groups of current and prospective employees. For decades, both state and federal courts have consistently recognized that this does not amount to impermissible discrimination. In fact, employment discrimination laws generally *require* employers to pay attention to the impact their practices have on different groups based on protected characteristics in order to avoid and limit liability for unlawful conduct.

The Executive Order and related federal executive actions do not and cannot overturn these longstanding laws, values, and practices.³ In addition, they do not and cannot strip

³ Arguments against diversity, equity, inclusion, and accessibility initiatives also frequently reference the Supreme Court's recent decision concerning college affirmative action programs in *Students for Fair Admission v. President & Fellows of Harvard College*. In that case, the Court decided that the explicit consideration of race as a factor in

employers and workers of their federal and state constitutional rights to speak freely — in their policies, training, and daily interactions — about lawful best practices for growing and supporting private and public sector workforces. Accordingly, companies should continue to implement initiatives aimed at complying with their legal obligations, opening the door for prospective and current employees, no matter their identity or background, to reach their full potential, and ensuring the health of their organizations.

Best Practices for Diversity, Equity, Inclusion, and Accessibility:

Effective diversity, equity, inclusion, and accessibility practices are lawful, help ensure legal compliance and promote organizational success. They focus on supporting all employees and removing barriers that unnecessarily limit opportunities for underrepresented groups. Organizations should develop practices specific to recruitment and hiring, professional development and retention, and assessment and integration.

Recruitment and Hiring:

People opposed to programs supporting diversity, equity, inclusion, and accessibility claim that the programs involve hiring less qualified candidates. On the contrary, companies that value diversity, equity, inclusion, and accessibility promote the American dream, and related programs help to attract and retain top talent from all backgrounds to ensure that companies hire and retain the best candidate for each position, making companies more profitable. A study by a top research firm in the U.S. found that companies in the top quartile for diversity were 35% more likely to have financial gains above their respective industry median.⁴ Best practices for recruitment and hiring include:

- Prioritizing widescale recruitment efforts to attract a larger pool of applicants from a variety of backgrounds.
- Using panel interviews, which ensure that multiple people are involved in a hiring or promotion recommendation, helping to eliminate bias in the hiring process, and to ensure fair and objective decisions.
- Setting standardized criteria for evaluating candidates and employees, focused on skills and experience to ensure that hiring is based on merit rather than subjective and biased judgements that can lead to discriminatory outcomes.
- Ensuring accessible recruitment and hiring practices and protocols, including reasonable accommodations as appropriate.

Professional Development and Retention:

Implementing professional development and retention strategies is also critical to the long-term sustainability and viability of an organization's success. And such strategies should

making individual admissions decisions by higher education institutions that receive federal funding is unconstitutional. But neither the case – nor the principles it decided – have any application to properly designed and implemented diversity, equity, inclusion, and accessibility initiatives in the workplace.

support everyone, including groups that are underrepresented or historically marginalized in the workplace. Best practices for professional development and retention include:

- Ensuring equal access to all aspects of professional development, training, and mentorship programs that provide clear pathways for career growth. Such programs not only minimize turnover rates, but also expand pipelines, and strengthen the overall organizational culture.
- Setting up Employee Resource Groups ("ERGs") to create an inclusive and supportive space where employees of particular backgrounds or common experiences feel valued and heard. When employees feel that their identity is recognized and supported within the organization, they're more likely to stay long-term. For example, a major U.S. Department of Veterans Affairs study identified veteran ERGs as vital tools for expanding recruitment of skilled workers, training the next generation of workplace leaders, and increasing morale and retention of veteran and non-veteran employees.⁵
- Conducting training on topics such as unconscious bias, inclusive leadership, and disability awareness to improve employee confidence and create a shared understanding around cultural norms.
- Ensuring equal access to all aspects of employment, including through reasonable workplace accommodations.

Assessment and Integration:

Ensuring adequate assessment and integration of diversity, equity, inclusion, and accessibility practices helps to ensure maximum success of the programs and implementing companies. This includes:

- Monitoring the success of policies and practices in attracting and retaining qualified talent, ensuring an inclusive, accessible, and collaborative environment, and meeting other related goals.
- Creating clear protocols for reporting discrimination or harassment and more general communication and feedback loops for employees to provide information about their experiences in the workplace.
- Establishing work groups to research, collaborate, pilot, and actively participate in crafting strategies that support more inclusive behaviors and practices.
- Integrating principles and practices promoting belonging and unity into an organization's everyday way of doing business.

The Attorneys General of Massachusetts, Illinois, Arizona, California, Connecticut, Delaware, Hawaii, Maine, Maryland, Minnesota, Nevada, New Jersey, New York, Oregon, Rhode Island, and Vermont stand ready to support organizations in our respective states as they continue to build and sustain successful and inclusive workplaces by implementing robust diversity, equity, inclusion, and accessibility policies consistent with their obligations under our laws.

Re: DEI Programs Are Lawful Under Federal Civil Rights Laws and Supreme Court Precedent

We are law professors who study and teach antidiscrimination law, education law, employment law, constitutional law, and civil rights. "DEI" is common shorthand for a varied set of initiatives broadly designed to counter pervasive biases and stereotypes, and to cultivate more diverse, equitable, and inclusive institutions. We are concerned that federally funded institutions will eliminate, or already have eliminated, important DEI initiatives that remain legally defensible and often further institutions' legal obligations under those very laws. **This memo explains why common DEI initiatives remain legally defensible** notwithstanding President Trump's January 21, 2025 Executive Order titled "Ending Illegal Discrimination and Restoring Merit-Based Opportunity" (the "J21 EO") and related agency communications like the Department of Education's February 14 Dear Colleague Letter (the "DCL").

The J21 EO demeans "diversity, equity, and inclusion" initiatives and tracks the Trump administration's broader desire to eliminate public and private efforts to counter various forms of exclusion, bias and bigotry that permeate American society. Federally funded institutions should not, however, interpret the J21 EO and related communications as requiring the elimination or curtailment of existing DEI initiatives.¹

First, the J21 EO expressly (a) recognizes the right of federally funded institutions to engage in their own First Amendment protected speech and (b) does not apply to academic programs or classroom teaching.

Second, common DEI initiatives are lawful under prevailing federal civil rights laws and Supreme Court precedent.

Third, neither the J21 EO nor related communications change existing federal law. In fact, the J21 EO and DCL concede that DEI initiatives are not inherently unlawful.

Fourth, the constitutionality of the J21 EO is currently being litigated. Among other arguments before the court, evidence suggests that the J21 EO rests on, and furthers, pernicious stereotypes about women and Black people.

L. & PUB. POL'Y 117 (2017).

I. The J21 EO recognizes the right of institutions to engage in their own First Amendment protected speech and does not apply to academic programs or classroom teaching.

The J21 EO expressly limits its own scope in two critical respects. The DCL more broadly disclaims that it "does not have the force and effect of law and does not bind the public or create new legal standards."

A. The J21 EO "does not prevent State or local governments, Federal contractors, or Federally-funded State and local educational agencies or institutions of higher education from engaging in First Amendment-protected speech." Among other consequences, this means that **the J21 EO does not prohibit universities from using their own voice to proudly proclaim their commitment to egalitarian values like diversity, equity, and inclusion.** This should reassure universities that they may continue to employ terms like "diversity," "equity," and "inclusion" on university websites and publications. Universities may also communicate their egalitarian-oriented values by, for example, posting #BLM banners on campus, hanging Pride Flags in the student center, or simply reiterating such messages as "Black Lives Matter," "Trans Lives Matter," "Palestinian Lives Matter," "Antisemitism is Unwelcome Here," "Against Asian Hate," or any other slogan that cultivates an academic environment in which all students belong.

B. The J21 EO "does not prohibit persons teaching at a Federally funded institution of higher education as part of a larger course of academic instruction from advocating for, endorsing, or promoting the unlawful employment or contracting practices prohibited by this order." In plain language, the J21 EO does not require universities, departments, or individual academics to alter the courses they offer and teach, or censor classroom discussion about racism, gender identity, or other topics disfavored by the Trump administration—even if those courses or topics happen to articulate positions inconsistent with those expounded in the J21 EO.

In short, nothing about African American Studies, Gender Studies, Jewish Studies, Chicana/o Studies, Asian American Studies, Indigenous Studies, Russian Studies, or any other field, program or academic department focused on a particular group runs afoul of the J21 EO.

II. Common DEI Initiatives are Lawful under Federal Civil Rights Laws and Supreme Court Precedent.²

As noted, "DEI" is common shorthand for a varied set of initiatives broadly designed to counter pervasive biases and stereotypes, and to cultivate more diverse, equitable, and inclusive institutions. These goals are consistent with the values that animate federal civil rights laws. In fact, common DEI initiatives—because they combat biases and cultivate inclusion—better position universities to fulfill their Title VI obligations to, *inter alia*, (a) avoid unlawful disparate treatment; (b) affirmatively remedy racially hostile environments; and (c) avoid unjustifiable disparate outcomes.³

A. Contrary to the Trump administration's suggestion, *Students for Fair Admissions v. Harvard* (*SFFA*) does not render DEI initiatives legally suspect. In *SFFA*, the Supreme Court struck down one component of Harvard University's and the University of North Carolina's admissions policies: their practice of using an applicant's racial identity as a formal criterion during the admissions process. The

² This memo refers specifically to the Equal Protection Clause in the United States Constitution and Title VI of the Civil Rights Act of 1964. Most of the analysis also applies to Title VII (barring race- and gender-based discrimination in employment) and Title IX (barring sex-based discrimination).

³ The DOJ has explained that Title VI's disparate impact regulation furthers one of Title VI's core objectives "to ensure that programs accepting federal money are not administered in a way that perpetuates the repercussions of past discrimination." Title VI Legal Manual, Civil Rights Division, U.S. Department of Justice, https://www.justice.gov/crt/media/1384931/dl?inline.

decision was limited to the admissions context. It is less than clear whether *SFFA* applies beyond admissions. Even if it does, the decision is limited to policies that employ "racial classifications"—a term the Supreme Court has historically applied to policies that classify and treat individuals differently based on their racial identities. This would include, for example: (a) employment "set asides" that are only available to members of certain racial groups; and (b) selection processes, like Harvard's, that use race as a formal criterion when selecting between applicants.

Critically, the SFFA majority and concurrences (all authored by conservative Justices) distinguished between the legally suspect racial *means* Harvard and UNC employed (i.e., the racial classification) and the legally permissible—if not compelling—racial *ends* the defendants pursued (i.e., racial diversity). Writing for the majority, Chief Justice Roberts characterized the defendants' diversity-related interests as "worthy" and "commendable."⁴ Justice Kavanaugh reinforced this distinction. Citing opinions from Justices Scalia and O'Connor, Kavanaugh noted that "governments and universities still 'can, of course, act to undo the effects of past discrimination in many permissible ways that *do not involve classification by race.*"" (emphasis added).⁵

In relevant respects, Justice Kavanaugh (and Justices Scalia and O'Connor before him) is characterizing common DEI initiatives that aim to "undo the effects of past discrimination"—e.g., by combating biases, eliminating unjustifiable barriers, and cultivating inclusion—but do not "involve classification by race."⁶ This would include, for example:⁷

- positively crediting, in admissions or hiring, an individual's personal experiences with or demonstrated ability to remedy anti-Black racism, anti-LGBTQ bigotry, anti-Asian racism, antisemitism, or any other forms of systemic discrimination, bias, or bigotry⁸;
- (ii) university programming or events that focus on a particular group—including based on race, ethnicity, gender, or sexual orientation—or particular forms of societal bias or discrimination;
- (iii) affinity groups or themed residence halls that are open to all students but foreground a particular group or identity;

⁴ SFFA v. Harvard, 600 U.S. 181, 214 (2023) ("Although these are commendable goals, they are not sufficiently coherent for purposes of strict scrutiny); *id.* at 215 ("The interests that respondents seek, though plainly worthy, are inescapably imponderable."). This distinction between suspect racial means and permissible racial motives tracks Justice Roberts's opinion in *Parents Involved*, where he invalidated two districts' use of race as a formal criterion in their school assignment process but approved of the districts' underlying racial motives. *See* Parents Involved in Cmty. Schools v. Seattle Sch. Dist., 551 U.S. 701, 743 (2007) ("Simply because the school districts may seek a *worthy* goal does not mean they are free to discriminate on the basis of race to achieve it, or that their racial classifications should be subject to less exacting scrutiny.") (emphasis added).

⁵ SFFA, 600 U.S. at 317. See also Richard A. Primus, Equal Protection and Disparate Impact: Round Three, 117 HARV. L. REV. 493, 539-40 (2003) (quoting Adarand Constructors, Inc. v. Pena, 515 U.S. 200, 237–38 (1995)) ("Adarand repeated this idea that 'race-neutral means to increase minority business participation' can be a constitutionally appropriate substitute when race-specific affirmative action programs would violate equal protection." (footnote omitted)).

⁶ Although this memo focuses on the legality of facially neutral—or "colorblind"—DEI initiatives, we note that certain racial classifications remain legally defensible. *See* Feingold, Affirmative *Action After* SFFA (citing examples).

⁷ For a more detailed overview of DEI initiatives that comply with, and further, federal civil rights laws and Supreme Court precedent, see Jonathan Feingold & Julie Park, <u>How Universities Can Build and Sustain Welcoming and Equitable Campus Environments</u> (2024).

⁸ By only identifying some groups and forms of systemic discrimination, bias, or bigotry, we in no way mean to obscure or minimize other groups that face forms of systemic discrimination, bias, or bigotry in American society.

- (iv) anti-harassment trainings that equip campus stakeholders to interrogate and counter the implicit biases and pervasive race- and gender-based presumptions that permeate United States society and infiltrate American institutions;
- (v) tracking applicants' racial and gender identity and assessing the aggregate impact of hiring or admissions processes along racial or gender lines;
- (vi) taking affirmative steps to mitigate unjustifiable disparities that arise in hiring or admissions contexts;
- (vii) adopting admissions or hiring criteria designed to racially integrate historically white universities
 (e.g., by eliminating legacy preferences or application fees, ensuring more equitable representation
 from feeder schools or geographic regions, or reducing reliance on criteria—like standardized
 tests—that systematically reward inherited advantage over individual talent or potential);
- (viii) investing in professional and impartial internal investigation and compliance units able to timely track, investigate, and respond to complaints of bias, harassment, or discrimination;
- (ix) proudly proclaiming their commitment to cultivate a campus environment where all students, regardless of their identity, feel valued and can enjoy the full benefits of university membership free from harassment, bias or group-based stigma;
- (x) investing in academic departments and curricula (e.g., Ethnic Studies, Gender Studies, Asian American studies, Jewish studies, African American Studies) that directly foreground the experience of a particular racial or ethnic group, or other distinct community;
- (xi) adopting policies that promote full inclusion and accessibility for all community members regardless of their ability status;
- (xii) the use of "all gender" restrooms that are available to all members of the campus community regardless of a person's gender identity;
- (xiii) recruitment and retention programs or policies that focus on the experience and barriers most often faced by students from specific groups but are available to all.

The foregoing DEI initiatives promote the egalitarian ideals that animate federal civil rights laws. By helping institutions cultivate academic environments free from bias, stigma, or harassment, DEI initiatives also better position universities to fulfill their basic mission "[t]o pursue truth and knowledge for the common good, which requires the free exchange and critical evaluation of competing ideas." Most relevant for present purposes, none of the foregoing DEI initiatives "involve classification by race." For that reason, these DEI initiatives are not legally suspect.

B. Last year, the Supreme Court tacitly reinforced the legality of colorblind DEI initiatives when it denied certiorari in *Coalition for TJ. v. Fairfax.*⁹ In that lawsuit, the conservative Pacific Legal Foundation argued that changes to a public high school's admissions policy—which included eliminating a \$100 application fee and affording greater representation to feeder middle schools—was unlawful because the policy was designed to increase student body diversity. The Fourth Circuit appropriately rejected the claim. The cert denial, from which Justices Alito and Thomas dissented, suggests that the Supreme Court is not ready to entertain the Trump administration's theory that any policy adopted with a racial motive—including equality-oriented goals like racial diversity or racial inclusion—is inherently suspect.

⁹ See Coal. for TJ v. Fairfax Cnty. Sch. Bd., 218 L. Ed. 2d 71 (U.S. 2024) (No. 23-170). The Supreme Court subsequently denied certiorari in a similar case Pacific Legal filed against three of Boston's most competitive public schools. Justices Alito and Thomas dissented from the cert denial; Justice Gorsuch filed a "Statement."

To suggest—as the DCL expressly does¹⁰—that all racially motivated conduct is unlawful proves too much. Civil rights laws like Title VI are themselves racially motivated: to promote racial equality and inclusion. The J21 EO and DCL are also racially motivated: to target and eliminate programs and policies that attend to race.

In its briefing before the Supreme Court, Pacific Legal appeared to concede this point. The organization noted that the "mere intent to increase Black and Hispanic enrollment" does not violate the Equal Protection Clause unless "the *means* chosen [to realize that goal] are designed to treat applicants differently based on race."¹¹ (emphasis added). Pacific Legal continued: "For example, the Board removed the \$100 application fee for TJ. Even if it did so to increase black and Hispanic enrollment, it is implausible that having all applicants pay \$0 discriminates against anyone." The same reasoning would apply to a university's decision to, for example, eliminate legacy preferences for the children of alumni, reduce reliance on standardized tests, positively credit students whose ancestors were prohibited from attending the university, or automatically admit a specific percentage of students from each public high school in the state. In each instance, the policy furthers a permissible racial goal, and no student is treated "differently based on race."

Thus, so long as covered institutions do not limit opportunities to students from a particular racial group or apply different standards to individual students or applicants, there is no legal concern—even *if* the policy is designed to promote overtly racial goals like diversity, equity, or inclusion.

III. The J21 EO concedes that DEI initiatives are not inherently unlawful.

The J21 EO proclaims that many of the most powerful institutions and industries in the country have "adopted and actively use dangerous, demeaning, and immoral race- and sex-based preferences under the guise of so-called 'diversity, equity, and inclusions' (DEI) or "diversity, equity, inclusion, and accessibility' (DEIA) that *can* violate the civil-rights laws of this Nation." (emphasis added). The "can" reflects the Trump administration's recognition that DEI initiatives do not inherently violate federal civil rights laws.¹²

As a theoretical matter, any policy—whether DEI or not—could violate federal civil rights laws. To answer that question, one would have to determine whether a particular policy: (a) employs suspect *means* (e.g., "Does the policy treat individual students differently because of their racial identity?"); (b) traces to an impermissible *motive* (e.g., "Is the policy motivated by racial animus, negative stereotypes, or a desire to harm an identifiable racial group?") and, potentially, (c) does the policy produce a negative *disparate impact* (e.g., "Does the policy negatively impact Asian American students or Jewish students relative to students from other racial or ethnic groups?"). Even were one to answer one of these questions in the affirmative, that answer is not itself dispositive concerning the policy's ultimate legality.¹³

¹⁰ See DCL, <u>https://www.ed.gov/media/document/dear-colleague-letter-sffa-v-harvard-109506.pdf</u> ("It would, for instance, be unlawful for an educational institution to eliminate standardized testing to achieve a desired racial balance or to increase racial diversity . . . And race-based decision-making, no matter the form, remains impermissible.").

¹¹ Reply in Support of Petition for Writ of Certiorari at 12, Coal. for TJ v. Fairfax Cnty. Sch. Bd., 68 F.4th 864 (4th Cir. 2023) (No. 23-170).

¹² The DCL contains a similar tell. *See id.* ("DEI programs, for example, *frequently* preference certain racial groups and teach students that certain racial groups bear unique moral burdens that others do not."). We are unpersuaded by the empirical claim that DEI programs *frequently* do what the DCL claims they do. We nonetheless flag the sentence because it concedes that DEI programs are not inherently unlawful.

¹³ An affirmative finding often shifts the burden to the defendant to justify the challenged policy. *See* Feingold, *Right to Inequality* (discussing burden shifting frameworks).

Even cursory analysis reveals that common DEI initiatives do not run afoul of these concerns, but instead equip federally funded institutions to prevent and remedy the identity-based harms Title VI and other civil rights laws are designed to prevent.

IV. The J21 EO is constitutionally suspect because it appears to rest on pernicious stereotypes that presume the intellectual inferiority of women and Black people.

As we write, plaintiffs are challenging the legality of the J21 EO.¹⁴ The plaintiffs argue that the J21 EO violates Separation of Powers and is unconstitutional under the First and Fifth Amendment.¹⁵ We anticipate that advocates will raise additional arguments as the case proceeds. One of those arguments will likely be that the J21 EO unlawfully rests on, and furthers, pernicious stereotypes that presume the intellectual inferiority of women and Black people.¹⁶

This argument will likely point to Section II of the J21 EO, which blames "illegal DEI and DEIA policies" for "case after tragic case" of unspecified catastrophe leading to "disastrous consequences." This language invokes the talking point that DEI is responsible for essentially every human-made disaster and relies on the empirically fraught claim that DEI policies, because they attend to identity and promote inclusion, compromise "merit" by placing women and Black people into positions for which they are "unqualified."¹⁷ This theory, in turn, rests on the stereotype that women and Black people are presumptively incompetent and intellectually inferior to white men.

We are not claiming that opposition to DEI inherently traces to pernicious stereotypes or animus. Our claim is specific to President Trump and his administration, whose hostility to DEI appears specifically motivated by presumptions of female and Black incompetence and negative attitudes toward those groups.¹⁸

Beyond the J21 EO itself, advocates will likely highlight the Trump administration's use of the pejorative term "<u>DEI hire</u>," which is often employed to question the qualifications and competence of women and Black people in positions of power—regardless of the person's individual record, accomplishments or accolades.¹⁹ On this point, the Foundation Against Intolerance and Racism recently cautioned that the Trump administration's directive to purge "DEI hires" reinforces and invites race- and gender-based presumptions of incompetence.²⁰ Elon Musk, one of the most influential people driving President Trump's

We flag these final points, in part, to alert universities about arguments likely to be marshalled against the J21 EO as litigation proceeds. Given evidence that the J21 EO rests on, and furthers, race- and gender-based notions of intellectual inferiority, it is possible that a court enjoins the J21 EO on this basis.

Conclusion

To close, we reiterate our overarching observation: under prevailing federal civil rights laws and Supreme Court precedent, DEI initiatives that do not employ racial classifications or otherwise limit opportunity to individuals from certain racial groups remain legally secure. It is increasingly clear that the Trump administration intends to dismantle our civil rights infrastructures and erode the autonomy and independence of institutions of higher education. We urge university leaders to respond in kind, and not to sacrifice essential and legally defensible DEI initiatives that help universities fulfill their most basic mission to pursue truth and knowledge for the common good.

GRASS VALLEY PROVISIONS

Housed within a carefully restored 1900s PG&E building in the heart of Grass Valley, Provisions stands as a testament to thoughtful architectural preservation. The renovation process began with the deliberate peeling back of decades of modifications, revealing the building's original wooden bones and showcasing the craftsmanship of early 20th-century construction. Throughout the restoration, each discovered element offered insights into the building's rich industrial past, informing decisions about preservation and adaptation. The restoration centered on honoring the building's historic framework while introducing elements that breathe new life into the space. Strategic placement of new windows transforms the once-utilitarian structure into a light-filled sanctuary, where natural illumination highlights the preserved wooden framework and creates an interplay between historic and modern elements, bridging the building's industrial heritage with its contemporary purpose.

School Director's Monitoring Report

2nd Interim Budget Revision FY 2025

Executive Limitations Policy: B-1 Financial Conditions and Activities

Board of Directors Meeting: February 27, 2025.

Unless indicated otherwise, all data in this report is for the budget interim ending **January 31**, **2025**.

I certify that the information contained in this report is accurate.

I report overall compliance with this policy with the exception of B1.a&b.

B1: Financial Condition and Activities

With respect to the actual, ongoing financial conditions and activities, the School Director shall not cause, or allow the development of fiscal jeopardy or material deviation from budgeted expenditures or net surplus.

Interpretation:

I interpret this policy to mean the School Director is responsible for ensuring the implementation of the Board-approved budget and ensuring sufficient internal control and risk management for financial matters. In addition, the SD is responsible to address unforeseen events resulting in any significant deviations from budgeted expenditures, or requiring use of reserves to cover shortfalls, as well as those that disrupt educational services or operations. The SD must take all reasonable precautions to prevent and/or mitigate financial risks (fiscal jeopardy) that result from human error, fraud, or external economic conditions that bear upon the Authority. Further, all of Nevada City School of the Arts and Raven Springs LLC's activities and costs must be demonstrably related to accomplishing the Board's Ends. Compliance with this overall policy will be demonstrated by compliance with the following sub-policies.

Operational Definition:

Specifically, I interpret fiscal jeopardy as:

- a) NCSA deviating from a projected surplus unless approved by the board.
- b) Raven Springs deviating from annual net surplus of \$250,000 to support NCSA
- c) Enrollment falling below 420 students.

Data:

a) NCSA Surplus/(Deficit)

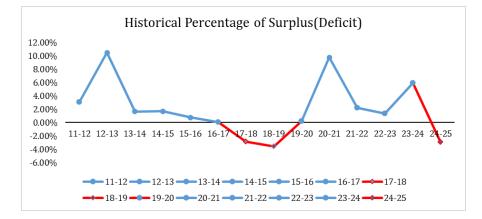

Budgeted Revenue & Expense projections are adopted annually and updated at each budget revision in November and February. The table below shows the projected surplus/ (deficit) for the current fiscal year, budget revision cycle for NCSA and Raven Springs LLC.

b) Raven Springs Surplus/(Deficit)

We plan to utilize Raven Springs' surplus every year to support NCSA's short fall from the facilities funding and to build a reserve for needed capital improvements over the next 7 years. We have reduced the surplus transfer from Raven Springs to \$100,000 at this interim budget revision to support multiple construction in progress activities including generator installation, roofing repairs and HVAC changes.

		2024-25 Surplus/(Deficit)											
NEVADA CITY S	СН	OOL OF THE AR	TS	RAVEN SPRINGS LLC									
		2nd Interim	% of Total			% of Total							
Projected Rev/Exp		Budget	Expenses	Proj	ected Rev/Exp	Expenses							
Revenue	\$	8,851,488.72		\$	954,275.00								
Wages & Benefits Expenses	\$	5,870,557.43	64%	\$	-								
Supplies Expenses	\$	686,897.48	7%	\$	17,400.00	2%							
Services Expenses	\$	2,662,780.63	29%	\$	797,791.00	112%							
NCSA Dividend	\$	100,000.00		\$	(100,000.00)	-14%							
Operating Surplus (Deficit)	\$	(268,746.82)	-3%	\$	39,084.00	5%							

The graph below shows our surplus/deficit history since 2012 and our current year's projected surplus for NCSA.

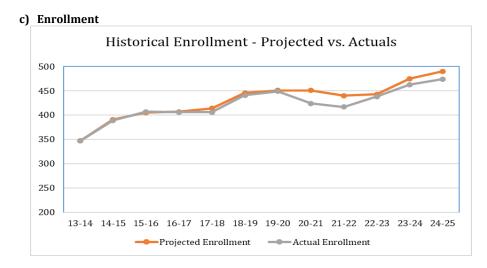

FYI – We are projecting a deficit this year of (\$268,747), however this is mainly due to carryover surplus from 23-24 for program spending this year 24-25. We have included in our Multi-Year Projection changes for next year that would bring us back to a health surplus. Cash flow does show that we will be able to sustain this deficit spending in the 2024-25 school year.

Commented [1]: Is this correct or does it need to be updated?

Commented [2R1]: Yes this is still correct.

I report Non-Compliance with B1.a & B1.b.

I report compliance with this policy B1

B1.1 - The School Director shall not allow liquidity, or the ability to meet cash needs in a timely and efficient fashion, to be insufficient.

Interpretation:

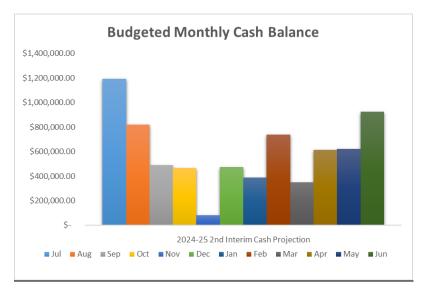

This policy refers to liquidity, which is our ability to access cash or other funds necessary to meet immediate obligations.

Operational Definition:

- a) The monthly actual cash balance will always be above \$10,000.00. The School Director will initial weekly cash flow summaries to verify monthly cash balance will stay above \$10,000.00.
- b) The monthly **projected** cash balances will remain above \$10,000.00 for Raven Springs & NCSA.

Data:

- a) An example of cash flow summaries which we use to monitor cash flow weekly is <u>available</u> <u>upon request.</u>
- b) See graph below for monthly actual and projected balances.

Budgeted Monthly Cash Balance

RAVEN SPRINGS LLC CASH BALANCES

I report compliance with this policy B1.1

B1.2 - The School Director shall not fail to maintain an unrestricted reserve fund within the range of 3-7% of the general fund budget.

Interpretation:

The purpose of this policy is to set aside money in our undesignated fund balance to build a reserve fund for NCSA.

Operational Definition:

a) Components of the ending fund balance include undesignated funds to be at least 3%, or at most 7%, of budgeted expenditures.

Data:

a) See components of ending fund balance table below:

FYI – For this 2^{nd} interim projection we are projecting an undesignated fund balance of 2.37%. We will keep an eye on this as we go through the rest of the year. After

I report compliance with policy B1.2

B1.3 - The School Director shall not allow solvency (the relationship of debt to equity) to be insufficient.

Interpretation:

I interpret this policy to mean that the School Director is responsible for preventing unplanned negative deviations from revenue/expenses in the annual budget, as submitted to and accepted by the Board of Directors. We consider the "debt to equity" ratio when determining the school's solvency. The primary data is the consolidated balance sheet including both NCSA & Raven Springs LLC.

Operational Definition

a) Debt to Equity ratio can be no higher than a 2.0.

Data:

a) Debt to Projected Equity Ratio = Total Long-Term Liabilities / Total Projected Equity at Year End

(Debt + Liabilities) \$2,447,224/ \$2,610,089 (Equity) = 0.938

Tri-Counties has placed no covenants on their loan for debt to equity because the value of the property and the buildings are more than what we owe.

I report compliance with policy B1.3

B1.4 - The School Director shall not allow a default on any loan terms that are part of the school's financial obligations.

Interpretation:

I interpret this policy to mean that the School Director is responsible for ensuring that NCSA and Raven Springs, LLC will not be out of compliance with any loan covenants.

Operational Definition:

a) Raven Springs, LLC must pay its mortgage and loan payments every month as listed in the loan covenants. Current covenants with this loan state that we shall maintain a 1.2:1.0 ratio of debt service and will only be reported annually using prior year actuals.

Data:

a) Debt Service is defined as "Net operating income divided by the required annual debt payment on the indebtedness. Net operating income is defined as the net income remaining after subtracting all expenses, except for depreciation and amortization expense and interest expense from the property's gross annual expenses."

Surplus (Deficit)

+Depreciation

<u>+Interest</u>

= Net Income (Loss) / Debt Payment

2023/24 Actual Debt	Serv	ice Ratio	2024/25 Projected Del	rvice Ratio	
Net Surplus/(Deficit)	\$	(196,475.57)	Net Surplus/(Deficit)	\$	(352,926.00)
Annual Depreciation	\$	392,806.00	Annual Depreciation	\$	392,010.00
Interest Expense	\$	98,915.11	Interest Expense	\$	128,280.00
Final Net Income/(Loss)	\$	295,245.54	Final Net Income/(Loss)	\$	167,364.00
Annual Debt Payment	\$	172,383.00	Annual Debt Payment	\$	205,432.62
Total Debt Service	\$	172,383.00	Total Debt Service	\$	205,432.62
Debt Service Ratio		1.713	Debt Service Ratio		0.815

Commented [3]: Is depreciation the same every year?

Commented [4R3]: Not necessarily. It should be the same this year because I will no be adding anymore capital assets to include in depreciation. After the modernization though, the depreciation will grow again. At some point it will go away because we will have expensed all the capital assets.

I report compliance with policy B1.4.

FYI – We are in compliance with this policy for the final 2023-24 actuals, but we are projecting to be out of compliance for the 2024-25 school year with an .815 debt service ratio. We do build in a certain amount of cushion in the budget, so we hope to have this policy back in compliance by the end of the school year. When closing out the year we will consider not transferring Raven Springs surplus to NCSA in order to bring this policy back into compliance.

B1.5 - The School Director shall not allow late payments of contracts, payroll, loans or other financial obligations.

Interpretation:

I interpret this policy to mean that the School Director shall ensure, through direct or indirect action, timely payment of all of the school's financial obligations. I interpret "payroll" as payments to and for employees, income tax, withholding tax, and all payments related to employee benefits. I understand "loans or other financial obligations" to mean all obligations other than payroll and payroll taxes, including vendor payments and loan payments. I interpret "timely" to mean within the payment terms identified by the entity owed, or as required by statute, if applicable. I also understand "timely" to include the understanding that invoices may be misplaced or lost in transit from time to time. In such instances, we will remit payment immediately upon notice from the vendor and upon verification of the amount owed.

Operational Definition:

- a) We will always pay payroll on time
- b) We will not receive any past due notices from vendors
- c) All financial obligations, including loans, will be kept current.

Data:

- a) All paychecks are printed and distributed on time, per State labor laws. All direct deposits have been timely.
- b) Any past-due notices received from vendors during the quarter were reviewed on a timely basis and resolved through immediate payment, or by demonstrating to the vendor that the payment was on time. We have not had any late payments to vendors this school year.
- c) All financial obligations, including payments on outstanding loans.

I report compliance with Policy B1.5.

B1.6 - The School Director shall not incur debt other than trade payables or other reasonable and customary liabilities incurred in the ordinary course of doing business.

Interpretation:

COUNTYWIDE BENEFIT

<u>Governing Law</u>: A county board of education may only approve a countywide charter if it finds, in addition to the other requirements of this section, that the educational services to be provided by the charter school will offer services to a pupil population that will benefit from those services and that cannot be served as well by a charter school that operates in only one school district in the county. Education Code Section 47605.6(a)(1)

<u>Governing Law</u>: A county board of education may grant a charter for the operation of a charter school under this part only if the board is satisfied that granting the charter is consistent with sound educational practice and that the charter school has reasonable justification for why it could not be established by petition to a school district pursuant to Section 47605. Education Code Section 47605.6(b)

Nevada City School of the Arts was founded in 1994 by a dedicated group of parents and educators who wanted to provide their children with high-quality public education that fostered creativity and exploration. The Charter School began as a 3rd through 8th grade program. In the sixth year of operation, NCSA founders began to extend the scope of the Charter School to include the primary grades, Kindergarten through 2nd. In 2005, NCSA's enrollment was at 206 students. In 2008, NCSA's growth plan began. The Charter School increased enrollment from 225 to 427 students in Transitional Kindergarten ("TK") through eighth grades when the Charter School split the multi age classes into two separate grades making two full classes per grade in K - 8. Now, entering the 2025-2026 school year, NCSA will have completed their growth plan with 490 students enrolled in Transitional Kindergarten through 8th grade.

Originally sponsored by the Nevada City School District, in 1996 NCSA sponsorship moved to Twin Ridges School District and, finally, was last renewed as a countywide benefit charter by the Nevada County Board of Education in 2017.

Nevada City School of the Arts is one of several existing charter schools that operate within Nevada County which approached Nevada County Superintendent of Schools to be their charter authorizer in 2007. These charter schools have a proven track record of academic and fiscal success.

In 2014, NCSA assumed responsibility for their own financial management and business services and is considered a direct funded, independent charter school. The services provided by NCSA will benefit the population that the Charter School serves. The practices of the Charter School are based on sound educational principles and will benefit the students who attend.

NCSA has continued to develop in both breadth and scope. The NCSA administrative team includes the School Director, Assistant Principal, Business Manager with a full business services team, a development director, two school secretaries, and two office administrators. The faculty currently includes 22 classroom teachers, 2.5 special education teachers, 1 counselor, 1 reading specialist, 1 math specialist, 2 school psychologists, several special education support paraprofessionals, 15 full time and 3 part time instructional assistants, 1 full-time music teacher, one part time and two full time art teachers, and 1 full time PE teacher and a PE Assistant. In

addition, many specialists in the fields of dance, music, and art are engaged to deliver specialized elective instruction in grades 4-8 under the supervision of credentialed teachers.

CHARTER RENEWAL CRITERIA

Pursuant to the amendments made to Education Code Section 47607, and the creation of Education Code Section 47607.2, by Assembly Bill 1505 (2019), at the time of charter renewal, a chartering authority shall consider the performance of the charter school on the state and local indicators reported the California School Dashboard ("Dashboard"), and, in some circumstances, the performance of the charter school on assessments deemed to be "verified data." In addition to the shift toward assessing Dashboard data, Assembly Bill 1505 also created a three-tiered system of evaluating charter schools' performance.

The three performance categories are as follows:

- High Performing Presumptive renewal if the charter school meets the established renewal criteria Education Code Section 47607(c).
- Low Performing Presumptive non-renewal if the charter school meets the non-renewal criteria, unless the charter authority makes a finding to approve for a two-year term Education Code Section 47607.2(a).
- Middle Performing Presumptive renewal unless the charter school failed to meet or make sufficient progress toward meeting standards and closure is in the best interest of students, evaluated using the Dashboard and Education Code Section 47607.2(b).

The California Department of Education ("CDE") evaluates all charter schools and places them on renewal tracks annually and makes that report available to the public. According <u>to this report</u> from the CDE, NCSA is in the high performing category for renewal under Criteria 2 and therefore qualifies for a 7 year renewal period.

High Performing Category Criteria

Education Code Section 47607(c)(1) states:

- (1) As an additional criterion for determining whether to grant a charter renewal, the chartering authority shall consider the performance of the charter school on the state and local indicators included in the evaluation rubrics adopted pursuant to Section 52064.5.
- (2) (A) The chartering authority shall not deny renewal for a charter school pursuant to this subdivision if either of the following apply for two consecutive years immediately preceding the renewal decision:
 - *i.* [Criteria 1] The charter school has received the two highest performance levels schoolwide on all the state indicators included in the evaluation rubrics adopted to Section 52064.5 for which it receives performance levels.
 - ii. [Criteria 2] For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or higher than the state average and, for a majority of subgroups performing statewide below the state average in each respective year, received performance levels that are higher than the state average.

(E) The chartering authority that granted the charter may renew a charter pursuant to this paragraph for a period of between five and seven years.

(F) A charter that satisfies the criteria in subparagraph (A) or (B) shall only be required to update the petition to include a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed and as necessary to reflect the current program offered by the charter.

A. DASHBOARD PERFORMANCE – SCHOOLWIDE

The following table displays the Charter School's measurements of academic performance on the Dashboard (state indicators) and, for comparison purposes, the State's, for the 2022-23 and 2023-24 school years. For the English Language Arts ("ELA") and math indicators, the numbers in parentheses reflect numerical performance on California Assessment of Student Performance and Progress ("CAASPP") ELA and CAASPP Math, as measured by the average distance from standard ("DFS") on those assessments, i.e., how close or far students were, on average, to meeting the standards tested on CAASPP.

Indicator	2023 NCSA	2023 State	2024 NCSA	2024 State
ELA	Green	Orange	Green	Orange

Math	Yellow	Orange	Yellow	Orange
	(-19.6)	(-49.1)	(-24.7)	(-47.6)
English Learner Progress	N/A - NCSA does not have enough students in this category to compare			

As indicated above, and consistent with the first part of Section 47607(c)(2)(B)(ii), for all measurements of academic performance, NCSA has received performance levels schoolwide that are the same or higher than the state average, as measured by Distance from Standard (DFS + /-) on the CAASPP. English Learner ("EL") Progress is not applicable.

B. DASHBOARD PERFORMANCE - SUBGROUPS PERFORMING BELOW STATE AVERAGE

The following tables display the Dashboard indicators on measurements of academic performance for the NCSA's subgroups that are among those subgroups of the <u>State</u> that are **performing statewide below the state average in each respective year**, i.e., students with disabilities ("SWD"), Hispanic students, and socioeconomically disadvantaged students ("SED"). For the ELA and math indicators, the numbers in parentheses reflect numerical performance on CAASPP ELA and CAASPP Math, as measured by Distance from Standard on those assessments.

C. PERFORMANCE ON LOCAL ASSESSMENTS

NCSA students in Kindergarten through 6th Grade take the i-Ready reading and math assessments three times a year. Each year students make excellent growth from the beginning of the year to the end of the year assessments and shown growth overall in the last three years. In addition, most students at NCSA are at or above grade level in reading and in math.

NCSA Grade Level i-Ready READING Scores

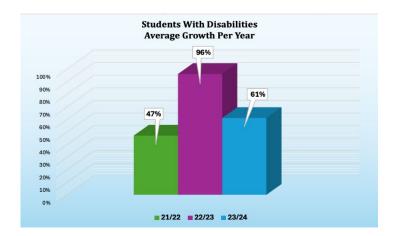

NCSA Grade Level i-Ready MATH Scores

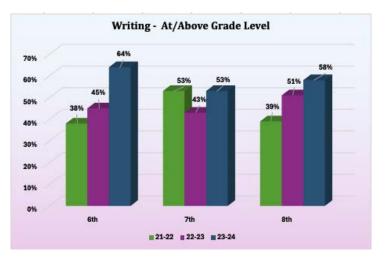

NCSA's math scores still need improvement which is why the Charter School did a Plan Do Study Act ("PDSA") with a focus on math specifically about how to increase engagement and academic success, especially with students with disabilities. The team created a <u>3 year plan</u> based on the following goal: "By June 2027, increase DFS in Math by 45 pts for all students and by 60 for SWD for grades 3rd-8th."

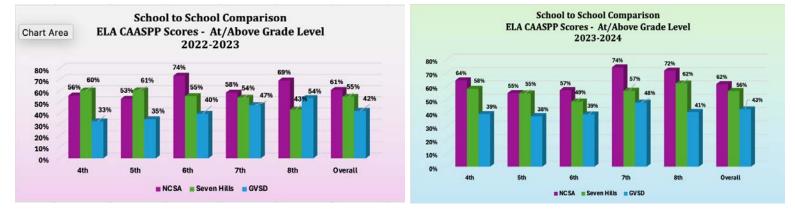

Additionally, we have been monitoring overall growth among our students with disabilities to ensure they are progressing academically. While these students are behind overall, they continue to make excellent growth each year as evidenced on the graph below.

When students enter middle school (6th - 8th), NCSA intentionally switches the focus from reading to writing so there are no i-Ready reading scores to compare. Instead, we use Writing By Design assessment rubrics to assess our students' writing skills. Writing assessments and CAASPP scores are used as the main indicator of growth. NCSA middle school students have shown overall growth in writing from year to year and as grade level cohorts. Our students' writing gets better with each passing year and graduates often come back and tell our ELA teachers they are better prepared for high school writing than students from other schools.

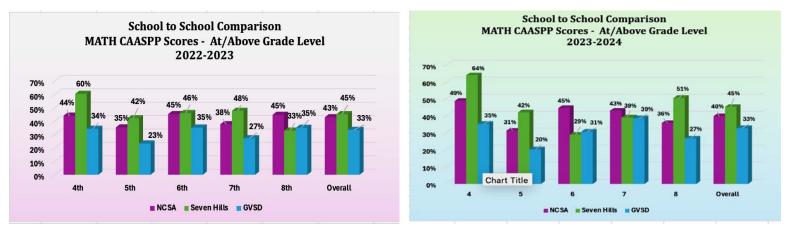

Another way to look at how NCSA is doing in Nevada County is to compare NCSA grades 4-8 CAASPP scores to the two school districts, Nevada City School District ("NCSD") and Grass Valley School District ("GVSD") from which NCSA gets most of our students.

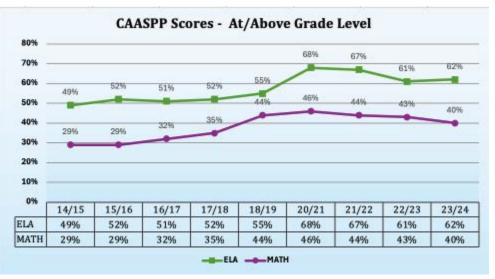

Two-year school to school comparison English Language Arts

Two-year school to school comparison Mathematics

While NCSA still needs to make more growth in Math, the scores were only 5% lower overall than Seven Hills, yet still 13% higher than GVSD. In ELA, NCSA outperformed both schools in ELA by 6%-20%.

Finally, NCSA has shown consistent growth on the CAASPP over the last 9 years.

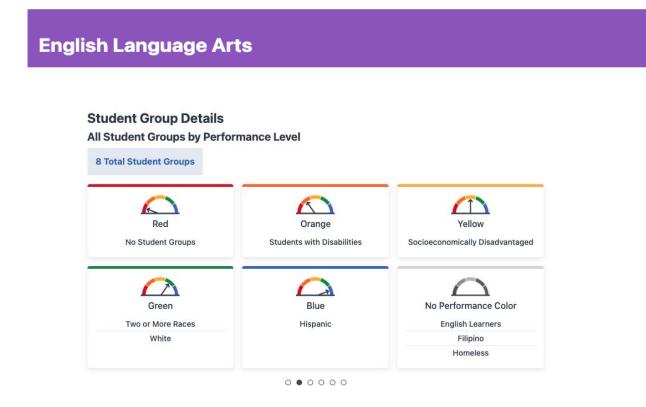

- ➤ ELA improved 13% over the last 9 years (other schools averaged a -.25% loss and score about 6-11% below NCSA)
- ➤ Math increased by 11% Overall (other schools increased by an average of 7%).

In 2023, NCSA was put into 'Differentiated Assistance' ("DA") for our Chronic Absenteeism Rate, Suspension Rate and for our students with disabilities' poor academic performance in math and ELA. We exited Differentiated Assistance with the release of the 2024 Dashboard and we are proud that our efforts made such an impact. We worked diligently to create a restorative justice program to replace our traditional disciplinary system, significantly reducing overall suspensions as well as suspensions among our students with disabilities. Furthermore, we reduced our chronic absenteeism rate by 23%. Finally, our students with disabilities' test scores increased more than any other subgroup.

ELEMENT 1: THE EDUCATIONAL PROGRAM

<u>Governing Law</u>: The educational program of the school, designed, among other things, to identify those whom the school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling students to become self-motivated, competent, and lifelong learners. Education Code Section 47605.6(c)(5)(A)(i)

The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals. Education Code Section 47605.6(b)(5)(A)(ii).

A. OUR MISSION

Nevada City School of the Arts' mission is to cultivate an inclusive and equitable learning environment where every student is inspired to achieve academic excellence, develop a positive identity, and build productive relationships, through a rich, arts-integrated education. We are committed to empowering each student to thrive creatively, think critically, and engage meaningfully with the world.

B. OUR PHILOSOPHY

<u>A school of the arts makes us whole and inspires our pursuit of excellence.</u> The Arts— Music, Dance, Theater, and the Visual Arts—are crucial to the complete education of a child. Their practice, understanding and appreciation are essential to human experience and learning itself. Research shows that the Arts in education promote brain growth and increase success in all academic areas. The Arts, however, are more than a means to an academic end. Participation in the arts fosters a balanced and enriched life and engenders a commitment to excellence. The Arts are not simply a means; they are an end in themselves. The Arts make us human and whole.

<u>A school of the arts uses art as a lens for understanding the world.</u> A beginning to such an artistic approach to education is to see the Arts in all things. By initiating and infusing our study of things with the Arts we come to use the Arts as a lens for understanding the world. Such a 'way' of approaching things offers deeper paths into the meaning and complexity of our world. In the Language Arts we find connections between the visual, the musical and the linguistic. In Mathematics we see more clearly the patterns and harmonics of form and number. In Science we find a kinship between the artistic and the scientific process. In History, we see the human drama in dense brush strokes of image and sound, song and story, bringing it to life. Seeing ourselves and the world through the Arts allows us to be touched by the beauty, the power and wonder of all things.

<u>A school of the arts nurtures habits of heart and mind</u>. Beyond the understanding and appreciation of art is its practice. To practice art means to nurture the space and focus

in ourselves that allows the Arts to emerge. Awareness, enthusiasm, discipline and a commitment to furthering our art are all essential qualities we prize. And in a world that emphasizes passivity, the Arts cultivate an active sense of living. Imagine and create much, use your hands, feel your bodies, read much, limit social media and video games, have hobbies and passions. In this manner, we seek to inspire a passion for learning, a discipline and commitment supported by reflection, self-assessment, critical and creative thinking. These habits of heart and mind unfold in a developmental arc, from the concrete toward the abstract, the simple to the complex. Attention to the appropriateness of activity and media, content and form, helps nurture a deeply imaginative practice of the Arts that seeks its own truth.

<u>A school of the arts connects us to body and spirit, nature and culture.</u> To practice the Arts also means to connect with the subject of our art – to be in our bodies and open our spirit, to be inspired and connected with nature and to draw on the repository of tradition that is embedded in global culture. In all that, there is growing awareness of interconnection. We become conscious of our feelings and emotions, our dreams and aspirations. We assess the impact and relationship between things. We honor this awareness of interconnection by considering the attitudes we hold, the way we treat others, the things we buy, the food we eat, and the activities in which we engage. We examine the ecological and the social impact of what we do, seeing the worth of all creatures and all people.

<u>A school of the arts develops collaboration, respect, compassion, and conciliation</u>. If we are interconnected, then we are already collaborators. This is basic to the experience of the artistic process - to be in relationship, to work with others, to communicate with an audience. In the same spirit, we promote a collaborative spirit among students and teachers, parents, and staff. Parents, students, teachers and staff all share the responsibility of governing the school. Volunteers make the rich opportunities of the school possible, in countless activities ranging from classroom and office help to field studies and fundraising. As collaborators, we think the best of each other, resolving conflict in ways that are open and compassionate, healing and conciliatory. This extends from the playground to the council meeting, with all members seeking to model action that serves the good of all.

<u>A school of the arts empowers us to be of service and make a difference</u>. This collaborative, community-mindedness leads directly to citizenship and service. The Arts are expression but also discourse. Part of what a school of the arts can offer to the community is the solace and insight that they bring. We see our role as facilitators of the Arts in the community, enriching it with dance and theater, exhibitions and performances, collaborating with other artists, promoting and assisting the vision of arts-based education with other educational entities. And if the Arts can awaken compassion for others, then a fundamental expression of our artistic purpose should be to seek ways to help in the most basic of manners. Food for the hungry, clean rivers for the fish, visits to the elderly, the planting of trees, and the donation of money to good causes all have their place in this spirit of service. For if we understand how the world has given to us, we then naturally wish to return those gifts.

A school of the arts teaches us the art of living. In the end we seek not so much to create artists, as to nurture an artistic attitude and practice. A life immersed in the Arts leads naturally to the successful practice of the art of living. To go into the world 2025 Nevada City School of the Arts Charter Renewal Page 19 Draft December 2024 with tools of heart and mind able to meet any challenge, with vision and understanding sufficient to see deeply into things, with creativity, resourcefulness, honesty, courage and compassion enough for the many uncertainties of life — this is what we seek for our children, our community and our world.

C. WHOM THE SCHOOL IS ATTEMPTING TO EDUCATE

NCSA provides an equitable and engaging learning experience for all students in transitional kindergarten through eighth grade. Our students receive greater opportunities in the visual and performing arts, a challenging academic curriculum, and a program that values field studies experiences outside the school.

TK teachers shall have the appropriate qualifications, as set forth in Education Code Section 48000(g), to work with this age group, and the Charter School shall maintain the TK classroom pupil to adult ratio set forth in law.

D. WHAT IT MEANS TO BE AN EDUCATED PERSON IN THE 21ST CENTURY

Former U.S. Commission of Education, Ernest Boyer, summarized his recommendations at the National Endowment for the Arts Conference in 1994:

"Here, then, is my conclusion. First, we need the arts to express feelings words cannot convey. Second, we need the arts to expand the child's way of knowing and to bring creativity to the Nation's classrooms. Third, we need the arts to help students integrate their learning and discover the connectedness of things. Fourth, we need the arts in education to help children who are emotionally and physically restricted." (U.S. Dept. of Education, 1997.)

The arts distinguish education at NCSA. Our program is interdisciplinary at its core, exploring the ground where science, history, literature, and art meet. NCSA provides a rigorous academic curriculum in which students have the opportunity to create art, understand its cultural and historical context, and respond to, and make critical judgments about, art. In this setting two tenets are important: art is a lens through which we see the world, and the production of art has inherent value. NCSA is not an "art school" in the sense that it does not solely produce or attract "artists." There are many students here who do not identify themselves as "artists" or even as "artistic," but who are nonetheless expressing themselves through the arts, and comprehend their academic studies through artistic expression, be it story, dance, painting, fiber arts, martial arts or musical composition.

E. NCSA IDENTIFIES AN EDUCATED PERSON AS ONE WHO:

- ➤ Uses the arts as a lens to see and comprehend the world.
- > Has facile command of written and oral communication skills.
- > Has the ability to think critically, analytically, logically, and creatively.
- > Uses math processes competently in daily living.
- ➤ Has the ability to gather, organize, and communicate information, using various tools, including technology.
- > Acts with self-direction, self-motivation, and self-reflection.
- ➤ Has strong citizenship and leadership ability and a developed sense of social responsibility.
- ➤ Works towards ensuring equal access to opportunities and achievement for all people.
- ➤ Can understand stereotypes and their counternarratives, along with systems of oppression and learn how to intervene and interrupt injustice when confronted with it.
- > Values relationships and works collaboratively with others.
- > Has the confidence to freely express oneself through desired artistic avenues.
- Can appreciate and critically respond to visual, musical, and theatrical art pieces created by others.

F. HOW LEARNING BEST OCCURS:

In keeping with our philosophy, NCSA believes that learning best occurs when:

- > Parents play an essential role in their children's education.
- > Art is offered as a valuable lens through which to view the world.
- Education is viewed as a lifelong process.
- > Educational experiences go beyond the schoolyard and school day.
- ➤ Multiple intelligences are recognized and honored.
- > A variety of learning modalities are acknowledged and addressed.
- ➤ Instructional activities are integrated and meaningful.
- Process and product are valued, and the focus is on learning to think, to gain access to information, and to communicate acquired knowledge and to take risks.
- Student choice, input and responsibility are valued, promoted, and acknowledged.
- ➤ Adult-student ratio is low.
- > Instruction is developmentally and culturally appropriate.

G. EDUCATIONAL GOALS

- ➤ To encourage students to be self-motivated, competent, lifelong learners through self-directed learning opportunities initiated and pursued through collaboration between students, parents, and teachers
- ➤ For students to perform and achieve as well as or better than students in traditional California public schools by the end of 8th grade
- > For students to demonstrate integrated learning across major subject areas
- ➤ To provide experiences and activities which develop the whole child academically, socially, emotionally, culturally and physically

Key Aspects of the NCSA Program:

- ➤ The arts are essential to the curriculum both as the means for comprehending and adding depth to academic studies and as a distinct area of study
- > Extensive Main Lesson classes are part of daily instruction
- ➤ Music classes and music electives enhance the regular curriculum
- ➤ Balance in learning components that include instruction and discovery, individual and cooperative work, and assessment
- A holistic approach to curriculum planning, instruction, and assessment that honors the developmental journey of each child and nurtures both academic excellence and the art of living based on Arts Integrated Curriculum, the 5 Dimensions of Engaged Teaching and Learning and Mindfulness
- Arts Integrated Curriculum approaches art instruction through a collection of disciplines, including art production, art criticism, art history and art aesthetics based on the California State Visual and Performing Arts Standards
- The 5 Dimensions of Engaged Teaching (Solution Tree, 2013) offers practices, principles, stories and activities that support educators to:
 - Develop and sustain a reflective teaching practice
 - Integrate social, emotional and academic learning in the classroom, and
 - Cultivate a positive school-wide culture

Additionally, this practice is based on research that illustrates the powerful impact of a teacher's presence in the classroom; the importance of student engagement and participation in learning; the critical role of relationships and cultural contexts within a classroom and school; and the ways social, emotional, cultural and academic learning are inextricably connected.

- > Positive Discipline and Mindfulness Practice in Every Classroom
 - Introduces students to the ideas of responding rather than reacting and identifying their emotions
 - Teaches self-awareness, focus, and emotional regulation
 - Prepares teachers for calm, empathetic classroom management skills
 - Allows adults to recognize the "belief behind the student's behavior"
 - Connect before we Correct

H. ATTENDANCE

NCSA expects, on average, to meet an Average Daily Attendance ("ADA") rate of at least 94% as evidenced by school attendance records. NCSA will strive for attendance meeting or exceeding 96% ADA by making regular efforts to educate families about the importance of school attendance for their students' learning. NCSA also will utilize academic recovery next year as approved by the state to help students regain time lost due to absences.

NCSA meets the minimum number of days and minutes as required by ed code.

Please refer to **Appendix B** for our calendar, instructional minutes, attendance policy and our School Attendance Review Board ("SARB") policies.

I. MULTI TIERED SYSTEM OF SUPPORTS

NCSA's plan for neurodiverse students is modeled based on the Multi-Tiered System of Supports ("MTSS") framework. Our goal is to meet the academic, social and emotional needs of all our students using a three-tiered system of support.

Tier One (Prevention) includes high quality classroom instruction delivered by well qualified teachers and regular assessments of all students to monitor their progress toward reaching grade level benchmarks. The use of Universal Design for Learning is essential in this first tier.

Tier Two: Response to Intervention("RTI") includes targeted group intervention in class or outside of the classroom for students who are not meeting grade level benchmarks. During Tier Two, students are referred to the Student Success Team ("SST").

Tier Three (Intensive Intervention) includes more intensive and possibly individual intervention for students who continue to be at promise. At this level, a student may be assessed and found to qualify for special education according to the Individuals with Disabilities Education Improvement Act.

Student Success Team

The Student Success Team, includes the parents, the teacher, and other school personnel or interested persons, and uses a systematic problem-solving approach to assist students with any concerns that are interfering with success. The SST clarifies problems and concerns, develops strategies, organizes resources, provides a system for school accountability, and serves to assist and counsel the parent, teacher, and student. An SST is a general education function. All students can benefit from an SST, including, but not limited to, those students achieving below grade level, those who are achieving above grade level and require greater challenge, and students who have experienced emotional trauma, behavioral or language issues.

SST members identify the specific academic areas of need for low achieving students and plan interventions that are monitored and reviewed at subsequent meetings. **Individualized Education Program ("IEP")** may include specific modifications within the classroom, resource materials, and referral to supplementary programs, which target specific academic skills. In addition to the SST and IEP processes, NCSA uses research-based assessment tools (e.g., Orton-Gillingham phonics and spelling assessments, the *Developmental Reading Assessment*, i-Ready Reading and Math, Math screeners, Lexia CORE) to refer students who struggle with reading or math to programs that can help improve their skills.

Anyone who has a concern for a student can refer that student to SST for consideration. Anyone connected with the student can be included in the SST to provide information about the student, including strengths, concerns, and strategies that have been used in the past. Team members may include but are not limited to teachers, parents, counselors, doctors, administration, social workers, and law enforcement. The meeting is designed to bring out the best in the people involved.

NCSA programs that target the needs of academically low achieving students include:

- ➤ Leveled reading groups
- Several one-to-one paraprofessionals to allow students access to the general education classroom
- ➤ A Reading/Math Specialist who pushes in and pulls students out for specialized instruction
- Differentiated math, writing, reading, and spelling approaches to meet different student learning levels in the classroom (such as the teacher challenging students with different levels of math problems during classroom activities)
- Movement/sensory integration activities incorporated into regular classroom learning in the early grades, to support the motor/sensory development that research shows are the foundations for academic learning
- ➤ On-line, standards-based programs that re-teach specific skills (i.e. i-Ready, Lexia Core, IXL)
- > Orten-Gillingham approach to teaching reading and spelling
- ➤ Therapeutic Learning Center
- Mental Health Counselor in addition to our Educationally Related Mental Health Services ("ERMHS") provider

After implementation of an SST plan and follow up, the plan will be further reviewed/revised to address concerns that have not been adequately addressed and/or effectively resolved. In addition, a referral for special education assessment might be deemed appropriate through the SST process.

All grade level teachers meet or have telephone conferences with at-promise students and their parents when necessary, throughout the year. The result of such meetings may be a plan that has consensus on how to support the individual student, with specific responsibilities delegated to the students, parents and teachers.

J. SERVING STUDENTS WITH DISABILITIES

NCSA's special education program is based on a full-inclusion model with the goal of providing the least restrictive environment to all students. To the greatest extent possible, students are served through a general education classroom with limited pull-out services regardless of their disability. Students may receive additional support outside of the general education environment based on their individualized needs. NCSA believes a full-inclusion model benefits all students on the campus by providing a diverse and accepting learning environment while assisting all teachers and instructional staff in developing skills to serve a diverse student population. A full-inclusion model is centered on push-in support and co-teaching for students served through special education. Education Specialists and paraprofessionals provide academic support aligned to each student's Individualized Education Program goals. When necessary, additional intensive (Tier-3) academic support is provided by the Education Specialist outside of the general education classroom. Speech, Psychological Services, Occupational Therapy Services, Adaptive Physical Education, Behaviorist Services, Physical Therapy, and Assistive Technology Services are provided as push-in and pull-out services outside of general education classrooms. However, to the greatest extent possible NCSA strives to have all services provided as part of core instruction in alignment with our full-inclusion model. General education teachers utilize small group instruction, workshop models, Universal Design for Learning, and differentiation to support students with disabilities in their classrooms. As part of the Charter School's special education services, collaboration between the general education teachers and special education staff including Education Specialists and paraprofessionals occurs on a weekly basis as part of grade level team meetings. The collaboration provides the Education Specialist and general education teacher an opportunity to plan for co-teaching and unified supports for students with disabilities. Nevada City School of the Arts shall comply with all applicable state and federal laws in serving students with disabilities, including, but not limited to, Section 504, the ADA, and the IDEA.

NCSA is an independent local educational agency ("LEA") member of the Nevada County Special Education Local Plan Area ("SELPA") in conformity with Education Code Section 47641(a). In the event the Charter School seeks membership in a different state-approved SELPA, the Charter School shall provide notice to the County, the SELPA, and the California Department of Education before June 30th of the year before services are to commence.

NCSA provides special education instruction and related services in accordance with the IDEA, Education Code requirements, and applicable policies and practices of the SELPA. NCSA provides services for special education students enrolled in the Charter School. NCSA follows SELPA policies and procedures and utilizes SELPA forms in seeking out and identifying and serving students who may qualify for special education programs and services and for responding to record requests and parent complaints and maintaining the confidentiality of pupil records. All children shall have access to NCSA and no student shall be denied admission to NCSA due to the nature, extent, or severity of their disability or due to the student's request for, or actual need for, special education services. The specific way special education and related services is provided and funded is set forth in the Nevada County SELPA Local Plan delineating the respective responsibilities of the Charter School and the SELPA. The SELPA Local Plan, as well as the SELPA's policies and procedures, includes provisions related to staffing, notification and coordination of special education services, identification and referral (child find), assessments, IEP meetings, development and implementation, student placement, complaint procedures, and due process hearings. The Charter School is subject to the allocation plan of the Nevada County SELPA. A copy of the SELPA Local Plan is available upon request.

K. SECTION 504 OF THE REHABILITATION ACT

Nevada City School of the Arts recognizes its legal responsibility to ensure that no qualified person with a disability shall, because of disability, be excluded from participation, be denied the benefits of, or otherwise be subjected to discrimination under any program of the Charter School. A student who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment, is eligible for protections under Section 504.

A 504 team shall be assembled by the School Director or designee and shall include the parent/guardian, the student (where appropriate) and other qualified persons knowledgeable about the student, the meaning of the evaluation data, placement options, and accommodations. The 504 team shall review the student's existing records; including academic, social and behavioral records, and is responsible for deciding as to whether an evaluation for 504 services is appropriate. If the student has already been evaluated under the IDEA but found ineligible for special education instruction or related services under the IDEA, those evaluations may be used to help determine eligibility under Section 504. The student evaluation shall be carried out by the 504 team, which shall evaluate the nature of the student's disability and the impact upon the student's education. This evaluation shall include consideration of any behaviors that interfere with regular participation in the educational program and/or activities. The 504 team may also consider the following information in its evaluation:

- Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel.
- Tests and other evaluation materials including those tailored to assess specific areas of educational need, and not merely those which are designed to provide a single general intelligence quotient.
- ➤ Tests are selected and administered to ensure that when a test is administered to a student with impaired sensory, manual or speaking skills, the test results accurately reflect the student's aptitude or achievement level, or whatever factor the test purports to measure, rather than reflecting the student's impaired sensory, manual or speaking skills.

The final determination of whether the student will or will not be identified as a person with a disability is made by the 504 team in writing and notice is given in writing to the parent or guardian of the student in their primary language along with the procedural safeguards available to them. If during the evaluation, the 504 team obtains information indicating possible eligibility of the student for special education per the IDEA, a referral for assessment under the IDEA shall be made by the 504 team. If the student is found by the 504 team to have a disability under Section 504, the 504 team shall be responsible for determining what, if any, accommodations or services are needed to ensure that the student receives a free appropriate public education ("FAPE").

In developing the 504 Plan, the 504 team shall consider all relevant information utilized during the evaluation of the student, drawing upon a variety of sources, including, but not limited to, assessments conducted by the school's professional staff. The 504 Plan shall describe the Section 504 disability and any program accommodations, modifications or services that may be necessary. All 504 team participants, parents, guardians, teachers and any other participants in the student's education, including substitutes and tutors, must have a copy of each student's 504 Plan. The School Director/Designee shall ensure that teachers include 504 Plans with lesson plans for short-term substitutes and that the teacher reviews the 504 Plan with a long-term substitute. A copy of the 504 Plan shall be maintained in the student's file. Each student's 504 Plan shall be reviewed at least once per year to determine the appropriateness of the Plan, needed modifications to the plan, and continued eligibility.

L. ENGLISH LEARNERS

The Charter School will meet all applicable legal requirements for English Learners, including long-term English Learners or English Learners at risk of becoming long-term English Learners, as they pertain to annual notification to parents, student identification, placement, program options, EL and core content instruction, teacher qualifications and training, reclassification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirements. The Charter School will implement policies to assure proper placement, evaluation, and communication regarding ELs and the rights of students and parents.

Home Language Survey

The Charter School will administer the home language survey upon a student's initial enrollment into a California public school (on enrollment forms).

English Language Proficiency Assessment

All students who indicate that their home language is other than English will be tested with the English Language Proficiency Assessments for California ("ELPAC"). The ELPAC has four proficiency levels (Level 4: Well Developed; Level 3: Moderately Developed; Level 2: Somewhat Developed; and Level 1: Minimally Developed) and is aligned with the 2012 California English Language Development ("ELD") Standards.

The ELPAC consists of two separate assessments and an alternate assessment for students with significant cognitive disabilities: Initial Assessment ("IA") - The ELPAC IA

is used to identify students as either an English Learner, or as fluent in English. The IA is administered only once during a student's time in the California public school system based upon the results of the home language survey. The locally scored IA will be the official score. The IA, or the Alternate Assessment, is given to students in grades K-12 whose primary language is not English to determine their English proficiency status. Summative Assessment ("SA") - EL students at NCSA will take the SA every year until they are reclassified as fluent English proficient. The ELPAC SA is only given to students who have previously been identified as an EL based upon the IA results, to measure how well they are progressing with English development in each of the four domains. The results are used as one of four criteria to determine if the student is ready to be reclassified as fluent English proficient, to help inform proper educational placement, and to report progress for accountability. The ELPAC SA and IA or the Alternate Assessment are assessments administered in six grade spans—TK, K, 1, 2, 3–5, 6–8. In kindergarten and grade 1, all domains are administered individually. In grades 2–8, the test is administered in groups, exclusive of speaking, which is administered individually. The ELPAC IA and SA will be administered via a computer-based platform, while the ELPAC Writing Domain for Kindergarten through 2nd grade will continue to be administered as a paper-pencil test. Testing times will vary depending upon the grade level, domain, and individual student. Both the ELPAC IA and SA are given in two separate testing windows through the school year. The IA testing window will be year-round (July 1–June 30).

Any student whose primary language is other than English as determined by the home language survey and who has not previously been identified as an English Learner by a California public school or for whom there is no record of results from an administration of an English language proficiency test, shall be assessed for English language proficiency within 30 calendar days after the date of first enrollment in a California public school, or within 60 calendar days before the date of first enrollment, but not before July 1 of that school year. The SA testing window will be a four-month window after January 1 (February 1–May 31). The English language proficiency of all currently enrolled English Learners shall be assessed by administering the test during the annual assessment window. NCSA will notify all parents of its responsibility for ELPAC testing and of ELPAC results within thirty days of receiving results from the publisher.

The ELPAC shall be used to fulfill the requirements under ESSA for annual English proficiency testing.

L. RECLASSIFICATION PROCEDURES

Reclassification procedures utilize multiple criteria in determining whether to classify a pupil as proficient in English including, but not limited to, all the following:

- ➤ Assessment of language proficiency using an objective assessment instrument including, but not limited to, the ELPAC.
- Participation of the pupil's classroom teachers and any other certificated staff with direct responsibility for teaching or placement decisions of the pupil to evaluate the pupil's curriculum mastery.
- Parental opinion and consultation, achieved through notice to parents or guardians of the language reclassification and placement including a description of the reclassification process and the parents' opportunity to participate, and encouragement of the participation of parents or guardians in the reclassification procedure including seeking their opinion and consultation during the reclassification process.
- Comparison of the pupil's performance in basic skills against an empirically established range of performance in basic skills based upon the performance of English proficient pupils of the same age that demonstrate to others that the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English –(See Board Policy #204)

M. ENGLISH LEARNERS AND CORE INSTRUCTION

EL students will have daily access to the core curriculum and will be taught in an English language program (designated/integrated ELD) with support in the form of in-class help, which will help EL students access the core curriculum, and/or small group instruction developed to meet the specific language needs of the student.

Instruction techniques, assessments, materials and approaches will be focused on communicative competence and academic achievement covering listening, speaking, reading, and writing skills (aligned with State Standards) in all areas of the curriculum. EL students will receive EL and core content instruction appropriate for their English proficiency and grade levels.

In addition, the instructional program for NCSA is designed to promote language acquisition and proficiency, oral language development, and enriched learning opportunities for all EL students in the following ways:

- ➤ Students will interact through cooperative learning activities
- > Students will make oral presentations in all content areas
- ➤ Students will collaborate for group performance and reports
- ➤ Students will be provided with learning opportunities in recreation and performing arts
- ➤ Students will be provided academic tutoring
- Students will receive daily English language development instruction according to their English language proficiency levels as identified by ELPAC testing

N. TEACHER QUALIFICATIONS AND TRAINING

All teachers at NCSA hold the required supplemental credentials allowing them to teach English Learners in their classes. Teachers of EL students have been trained to use appropriate differentiated instruction to reach all levels of English proficiency in accordance with federal law. NCSA's curriculum, with an emphasis on an art integrated and culturally diverse teaching methodology, addresses the needs of English Learners.

ELEMENT 2: MEASURABLE PUPIL OUTCOMES

Governing Law: The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and aptitudes specified as goals in the charter school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school. Education Code Section 47605.6(b)(5)(B)

Nevada City School of the Arts believes a variety of pupil assessments must be used to measure progress, achievement and growth for the diversity of student outcomes we have established. The collection of tests included in the CAASPP assessment system will be used as one measurement of academic success in alignment with Education Code Sections 47607 and 47607.2. Local assessments, such as i-Ready assessments, performance assessments, and surveys will also be used by NCSA to assess its students and demonstrate the measurable student outcomes. As measured by classroom assessments, local assessments, and standardized state tests, students will demonstrate the following:

Students can think critically, analytically, logically and creatively. Students can demonstrate the ability to gather, organize and communicate information, using various tools, including technology. The eight practices of science and engineering that the Framework identifies as essential for all students to learn are described in detail are listed below:

- 1. Asking questions (for science) and defining problems (for engineering)
- 2. Developing and using models
- 3. Planning and carrying out investigations

B. MEASURABLE OUTCOMES ALIGNED WITH THE EIGHT STATE PRIORITIES

Pursuant to Education Code Sections 47606.5(b)(5)(A)(ii) and 47605.6(b)(5)(B), a reasonably comprehensive description of NCSA's annual goals, actions, and measurable outcomes, both schoolwide and for each subgroup of pupils, in and aligned with the Eight State Priorities as described in Education Code Section 52060(d), can be found in the Charter School's Local Control and Accountability Plan ("LCAP"). Each of these goals addresses the unique needs of all students attending the Charter School, including our numerically significant student subgroups.

The current LCAP is on file with the County and is in Appendix [insert]. The Charter School shall annually update and develop the LCAP in accordance with Education Code Section 47606.5 and shall use the LCAP template adopted by the State Board of Education and reserves the right to establish additional and/or amend school-specific goals and corresponding assessments throughout the duration of the charter term. The Charter School shall submit the LCAP to the County Superintendent of Schools annually on or before July 1, as required by Education Code Section 47604.33. The Charter School shall also present a report on the annual update to the LCAP and the local control funding formula budget overview for parents on or before February 28 of each year as part of a nonconsent item at a regularly scheduled Charter Governance Council ("Board") meeting.

The LCAP and any revisions necessary to implement the LCAP shall not be considered a material revision to the charter and shall be maintained by the Charter School at the school site.

In addition to the specific academic outcomes described in the NCSA's LCAP, The Ends Policies describe the ultimate goals that NCSA continually strives for and which the Charter Governance Council monitors yearly.

Ends Policies

Nevada City School of the Arts exists so that students, families, staff and the greater community have:

1. Arts Based Choice for Education

The academic education we provide should have clearly defined arts integration practices. Academics should be infused with each form of art - dance, visual, music and performance - so that student learning is more meaningful. Students should leave NCSA having been exposed to art in all its forms and are therefore able to understand how art influences our world. Ultimately, they should be able to artistically communicate their understanding of a subject to an audience.

2. An educational institution that facilitates academic, artistic, and socialemotional achievement

- a. "Academic Achievement" means our students' overall ability to access and utilize the skills and standards taught in our main lesson classes from grades TK through 8th grade.
- b. *"Artistic Achievement"* to mean our students' ability to use art as a means of expressing their understanding of the larger world.
- c. "Social-Emotional Achievement" to mean our students' ability to selfregulate as well as show compassion, understanding and respect for others across all differences.

3. Safe, respectful, and equitable conditions for learning and working.

NCSA is continuously aware of the abilities, identities and races of our students, families and staff and actively work to create an environment that supports all school members thereby ensuring that students, families and staff get what they need in order to access their fullest potential at NCSA.

4. A collaborator and contributor to the greater community.

At NCSA, our primary purpose is to educate students so that they are successful in high school and beyond. This means our students are able to successfully graduate from 8th grade with an ability to navigate the world and their continuing educational goals effectively and are active participants in their community to create a positive difference.

Element 3: Measurement of Pupil Progress

Governing Law: The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card. Education Code Section 47605.6(b)(5)(C).

Nevada City School of the Arts meets all statewide standards and conducts all student assessments required by statute and applicable to students in non-charter public schools. The academic progress of NCSA students is measured through a variety of standardized assessments. Each of these measures progress towards intended pupil outcomes. NCSA may add or modify assessments as necessary or required by future legislation.

Twice yearly, at the Fall and Spring parent/teacher conferences, teachers provide families with detailed academic and anecdotal reports of progress and challenges at school. Families are also encouraged to schedule informal meetings throughout the school year with their child's instructors to discuss progress, issues and challenges. These meetings help teachers and parents become an educational development team for students and are especially important for families who have limited time to volunteer in the classroom.

To keep families further apprised of their child(ren)'s learning and development at NCSA, K-5 Common Core aligned progress reports are sent home for all students twice a year. The middle school sends monthly progress reports to all families and final report cards at the end of each semester.

Please see Appendix C for sample progress reports and reports cards.

- Progress is tracked for each student through a series of regular assessments conducted by classroom teachers. Parents are kept informed through formal and informal conferences and semester reports.
- A system of **annual assessments** including standardized testing, classroom assessments and performance assessments for each grade provide information to determine whether students are meeting, exceeding or progressing towards grade level standards. This information is communicated to parents in a report at the end of each school year and is used to develop appropriate programs and interventions to meet student needs (*Figure 13*).
- Performance standards and assessments for students with special needs or Limited English Proficiency will be adapted as appropriate to their Individualized Education Programs or English Proficiency levels.

Figure 13

California Assessment of Student Performance and Progress

The state's assessment system is aligned to the Common Core State Standards, History-Social Science Framework, NGSS, ELD Standards, and remaining State Content Standards (collectively referred to herein as "State Standards"). NCSA recognizes that in teaching an integrated curriculum inspired and informed by the arts, some subjects may be taught in different grades and therefore earlier or later than suggested in the CCSS. Regardless of this, NCSA curriculum will meet or exceed the CCSS over the course of our kindergarten through 8th grade curriculum and our students will achieve growth from year to year, as measured by the CAASPP.

Criteria-based Pre-and Post Assessments

In this category, we will most commonly use four assessments. We may add or substitute other assessment tools if the school director and faculty determine them to be more useful in promoting student learning. The assessments currently used in this category are:

(1 & 2) i-Ready is a research-based assessment for sight word knowledge, reading fluency, and reading comprehension and core math skills

(3) Orton-Gillingham Assessments gives teachers an indication of students' phonemic awareness at each grade level.

(4) Writing by Design Assessment Rubric focuses on the six most important traits in writing: Ideas, Voice, Conventions, Organization, Word Choice, and Fluency.

Use and Reporting of Data

NCSA will comply with state and federal law in collecting and reporting student and school performance and demographic data. This will include preparation and distribution of an annual School Accountability Report Card ("SARC") and the Dashboard to provide parents and the community with descriptive and comparative information about the school.

Please see Appendix D for a full copy of NCSA's 2024 School Accountability Report Card.

NCSA shall collect and analyze student performance data each year and shall utilize the data to monitor and improve the school's educational program. NCSA has created a data collection system which is updated each year to track for academic improvement based upon student performance data.

Because our program is developmentally based, NCSA will base grade-level promotion on student age and developmental readiness. Additional support will be given where needed to help students strengthen academic skills to meet grade-level standards. Eighth grade learning will culminate in the requirement that students complete an eighth-grade project focusing on a specialized area of interest, giving an oral and written report and an artistic presentation describing the project.

Staff will receive data on student achievement during regularly scheduled staff and team meetings and will use this data to help monitor and improve NCSA's educational program.

Parents and guardians will receive data on student achievement at least two times per year in kindergarten through 8th grades. Additional correspondence will be provided when necessary. More frequent progress reports will be provided in the upper grades, e.g., bi-monthly progress reports.

ELEMENT 4: LOCATION OF CHARTER SCHOOL

<u>Governing Law:</u> The location of each charter school facility that the petitioner proposes to operate. Education Code Section 47605.6(b)(5)(D).

The facilities to be used by the charter school. The description of the facilities to be used by the charter school shall specify where the charter school intends to locate. Education Code Section 47605.6(h).

NCSA operates as a classroom-based instructional program within the geographic boundaries of Nevada County, at 13032 Bitney Springs Road in Nevada City, California.

ELEMENT 5: GOVERNANCE STRUCTURE

<u>Governing Law</u>: The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement. Education Code Section 47605.6(b)(5)(E)

NCSA has operated as a California nonprofit public benefit corporation since November 2007 and is approved to operate as a 501(c)(3) tax exempt corporation from the Internal Revenue Service and the State of California. Tax ID #45-3591730

The Charter School will operate autonomously from the County, except for the supervisory oversight as required by statute and other contracted services as may be negotiated between the County and the Charter School. Pursuant to Education Code Section 47604(d), the County shall not be liable for the debts and obligations of the Charter School, operated as a California non-profit public benefit corporation, or for claims arising from the performance of acts, errors, or omissions, by the Charter School, if the County has complied with all oversight responsibilities required by law.

Attached, as Appendix [INSERT], please find the Charter School Articles of Incorporation, Bylaws, and Conflict of Interest Code.

NCSA's Charter Governance Council and staff members follow written bylaws to ensure governance in accordance with the charter and with the Brown Act. The bylaws contain clear provisions for making necessary changes in the organization and include a description of the relationship between staff, the board and committees, as well as how each group is selected.

In 2016, the Charter Governance Council made the next step in goal setting and transitioned to an entirely new system of governance using Ends Policies to further promote school success. The Charter School adopted the Policy Governance model created by John Carver and as a result, the Charter School developed the following Ends Policies:

Nevada City School of the Arts exists so that students, families, staff and the greater community have:

- > an arts-based choice for elementary education
- an educational institution that is a source of academic, social, emotional, and artistic achievement
- > a safe and respectful environment for all
- collaborator and contributor to the community

As noted earlier, these Ends Policies are monitored by the Board at the end of each year.

Furthermore, each month the School Director submits a series of reports detailing the Executive Limitations they cannot break. They are as follows:

- B Global Executive Constraint
- B1 Financial Conditions
- B2 Planning and Budgeting
- B3 Asset Protection
- B4 Treatment of Parents and Students
- B5 Staff Treatment and Compensation
- B6 Communication to the Council
- B7 Council Logistical Support
- **B8** School Director Succession

The Board and staff adhere to a written conflict of interest policy which conforms to applicable State laws for non-profit corporations. Board members and certain staff members file Forms 700 annually with the California Fair Political Practices Commission, as required for public agencies. Board members shall complete AB 1234 Ethics Training as required by Government Code 53234.

Bylaws specify the composition of the board which requires a minimum of 5 and a maximum of 9 members. In electing board members, families are invited to nominate candidates for board seats and the Board selects from nominated candidates based on majority vote.

The Board is responsible for formal policy-making, and the School Director of the Charter School is responsible for making decisions and implementing programs consistent with school policy.

The Board shall meet regularly, and in accordance with the Brown Act and Education Code Section 47604.1. The Board of Directors will attend an annual in-service for the purposes of training individual board members on the responsibilities with topics to include, at minimum, ethics, conflicts of interest, and the Brown Act.

Please refer to Appendix E for information concerning Governance structure.

Parental Involvement in Governance

Parents make up the entirety of the Governance Council at NCSA.

ELEMENT 6: EMPLOYEE QUALIFICATIONS

<u>Governing Law:</u> The qualifications to be met by individuals to be employed by the charter school. Education Code Section 47605.6(b)(5)(F)

Teachers shall hold the certificate, permit, or other document required for their certificated assignment, consistent with Education Code Section 47605.6(l)(1).

Teachers will be responsible for overseeing students' academic progress and for monitoring grading and matriculation decisions as specified in the Charter School's operational policies.

NCSA may employ or retain non-certificated instructional support staff in any case where a prospective staff member has an appropriate mix of subject matter experience, professional experience, and the demonstrated ability to work successfully in an instructional capacity with our target population. Instructional support staff will not assign grades or approve student work assignments.

NCSA will seek administrative staff and operational staff who have demonstrated experience or expertise in the issues and work tasks required of them and will be provided professional development opportunities to ensure that they remain abreast of all relevant changes in laws or other operational requirements. The School Director of NCSA will have a master's degree and administrative credential.

In recognizing the importance of fiscal responsibilities in managing a public charter school, NCSA will seek and secure individuals with demonstrated abilities to perform the duties of the Charter School business manager.

All job descriptions are in Appendix F.

ELEMENT 7: HEALTH AND SAFETY PROCEDURES

<u>Governing Law</u>: The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall require all of the following:

- (i) That each employee of the charter school furnishes the charter school with a criminal record summary as described in Section 44237.
- (ii) For all schools, the development of a school safety plan, which shall include the safety topics listed in subparagraphs (A) to (K), inclusive, of paragraph (2) of subdivision (a) of Section 32282. For schools serving pupils in any of grades 7 to 12, inclusive, the development of a school safety plan shall also include the safety topic listed in subparagraph (L) of paragraph (2) of subdivision (a) of Section 32282.
- (iii) That the school safety plan be reviewed and updated by March 1 of every year by the charter school. Education Code Section 47605.6(b)(5)(G)

NCSA has adopted and implemented a comprehensive set of health, safety, and risk management policies. These policies were developed in consultation with the Charter School's insurance carriers and address, but are not limited to, the following topics:

RESTORATIVE JUSTICE, SUSPENSION AND EXPULSION POLICY AND

PROCEDURES

The Nevada City School of the Arts Board and the community at NCSA believes that it is important to treat each person with respect. We try to make sure we are considerate of each other so that everyone can fulfill their roles. Students can learn, teachers can teach, and staff can work in a safe and enjoyable environment. NCSA believes that Restorative Practices are an effective approach to addressing misconduct. Accordingly, NCSA utilizes restorative techniques wherever possible and practicable.

In terms of discipline, restorative practices take incidents that might otherwise result in punishment and find opportunities for students to recognize the impact of their behavior, understand their obligation to take responsibility for their actions and take steps toward making things right. In this process, students learn how to interact and manage their relationships with adults and peers, and as a result become better equipped to understand how their behavior impacts others. In doing so, restorative practices encourage accountability, improve school safety, teach empathy, and help develop skills so students and the school community can all succeed.

Restorative Justice What Is Restorative Justice? Restorative Justice is a set of principles and practices employed in the school to respond to student misconduct, repair harm, and restore relationships between those impacted. It is used as an alternative to traditional school discipline and suspension. Both the theory and practice of restorative justice emphasize the importance of:

- identifying the harm,
- > involving all stakeholders to their desired comfort level
- true accountability
- > taking steps to repair the harm and address its causes to the degree possible.

Restorative justice in its basic form is an incredibly intuitive and a commonsense concept for most people. Restorative justice presents opportunities to those impacted by an event to collectively define the impact and determine steps to make things as right as possible for everyone involved: the person(s) harmed, the person(s) who harmed others, and the broader community that was affected both directly as well as indirectly. Because of the ways most current systems operate, often contrary to restorative principles, it is common for the implementation of restorative practices to be misunderstood and face resistance.

The way wrongdoing is typically responded to:

- > What rules or laws were broken?
- > Who broke them?
- > What do they deserve?

Restorative justice asks:

- > Who has been hurt?
- > What are their needs?
- > Who has the obligation to address the needs and remediate the harmful effects?

The restorative questions above cannot be adequately answered without the involvement of those most affected. Involving those affected is a cornerstone of restorative justice. The foundation of restorative justice rests on common values: respect, inclusion, responsibility, empathy, honesty, openness, and accountability.

What is School-based Restorative Justice?

School-based restorative justice includes prevention, intervention, and reintegration. Restorative practices are used in a variety of ways in schools: to build community, celebrate accomplishments, intervene in offending behavior, to transform conflict that may occur between adults or young people, and to rebuild relationships that have been damaged. They can also be used to re-integrate students who have been excluded. Restorative practices help schools create and maintain a positive school culture and climate. such as. <u>Responsive Classroom</u>, <u>Talk-it-Outs</u>, classroom meetings, and support from our Youth Advocates, School Mental Health Counselor, and Administration. Our teachers manage their classrooms in restorative ways without labeling their methods as restorative. These approaches complement restorative practices and can strengthen the school together. Using them helps us build a caring culture in the classroom, school, and community.

Restorative Circles through Restorative Justice League

Student Led Restorative Circles will be held to strengthen students' problem-solving skills. When conflicts arise, Justice League students will be prepared to have an honest dialogue with the student(s) who caused harm. Students learn to hold each other accountable, acknowledge each other's feelings, and accept each individual's needs. Justice League students will be trained and supervised by the administration or their designee.

If a student is continually referred to the Administration or Restorative Justice Group and/or Class Meetings aren't effective, and the student does not appear to be willing to change their behavior, they may be suspended in compliance with the suspension policy below and a **Behavior Contract** will be created.

Other Approaches

While Charter School will employ restorative justice techniques whenever possible, practicable, we recognize that traditional discipline, up to and including suspension and expulsion, may be appropriate in some cases. Accordingly, while restorative practices will always be considered, the administration reserves the right to recommend suspension or expulsion for any of the enumerated offenses listed in the below Suspension & Expulsion Policy, even upon the first offense.

Suspension and Expulsion Policy and Procedures

The Suspension and Expulsion Policy and Procedures have been established to promote learning and protect the safety and wellbeing of all students at Nevada City School of the Arts. In creating this policy, NCSA has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at non-charter schools may be suspended or expelled and the procedures governing those suspensions and expulsions to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* NCSA is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as NCSA's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. NCSA staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This Policy and its Procedures will be

provided annually to parents via the Charter School's website and available upon request at the NCSA office and will clearly describe discipline expectations.

This policy and procedures process has been prepared to provide due process to all students. Adherence to the list of offenses and procedures provide adequate safety for students, staff, and visitors to the school and serves the best interests of the Charter School's pupils and their parents/guardians.

The Charter School administration shall ensure that students and their parents/guardians¹are notified in writing upon enrollment that all discipline and involuntary removal policies and procedures. The notice shall state that this Policy and its Procedures are posted on the NCSA website and are available in hard copy upon request at the NCSA office.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the IDEA or who is qualified for services under Section 504 is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the Education Code, when imposing any form of discipline on a student identified as an individual with disabilities for whom the Charter School has a basis of knowledge of a suspected disability, or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian, and shall inform the student, and the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent/guardian's, right to request a hearing to challenge the involuntary removal. If a student's parent/guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for

¹ The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and a Native American's child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/ guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the School Director or the School Director's designee with the student and the student's parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the School Director or designee.

The conference may be omitted if the School Director or designee determines that an emergency exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and the student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary

action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605.6(b)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. The conference shall be held as soon as the student is physically able to return to school for the conference.

Penalties shall not be imposed on a student for failure of the student's parent or guardian to attend a conference with school officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, the School Director or designee shall make a reasonable effort to contact the parent/guardian in person, by email, or by telephone. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the School Director or designee, the student and the student's parent/guardian shall be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student and the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the School Director or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605.6(b)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Charter School Board of Directors following a hearing before it or by the Charter School Board of Directors upon the recommendation of a neutral and impartial Administrative Panel, to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the student nor a member of the Charter School Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the School Director or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all students' confidentially rules under FERPA) unless the student makes a written request for a public hearing in open session, three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

- 1. The date and place of the expulsion hearing.
- 2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
- 3. A copy of the Charter School's disciplinary rules which relate to the alleged violation.
- 4. Notification of the student's or parent/guardian's obligation to provide information

about the student's status at the Charter School to any other school district or school to which the student seeks enrollment.

- 5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non- attorney advisor.
- 6. The right to inspect and obtain copies of all documents to be used at the hearing.
- 7. The opportunity to confront and question all witnesses who testify at the hearing.
- 8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

- The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) days' notice of their scheduled testimony; (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/guardian or legal counsel; and (c) elect to have the hearing closed while testifying.
- 2. The Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
- 3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
- 4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
- 5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
- 6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the

support persons for the complaining witness to accompany the complaining witness to the witness stand.

- 7. If one or both support persons is also a witness, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
- 8. The testimony of the support person shall be presented before the testimony of the complaining witness, and the complaining witness shall be excluded from the courtroom during that testimony.
- 9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the pupil being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
- 10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

I. Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board of Directors, which will make a final determination regarding the expulsion. The Board of Directors shall make the final determination regarding the expulsion within ten (10) school days following the conclusion of the hearing. The decision of the Board of Directors is final.

If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their previous educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

The School Director or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

- (1) Notice of the specific offense committed by the student
- (2) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the

Charter School.

The School Director or designee shall send a copy of the written notice of the decision to expel to the chartering authority.

This notice shall include the following:

- b) The student's name
- c) The specific expellable offense committed by the student

K. Disciplinary Records

The Charter School shall maintain records of all student suspensions and expulsions at the Charter School. Such records shall be made available to the chartering authority upon request.

L. Right to Appeal

A student expelled from Nevada City School of the Arts can appeal the decision of the Nevada City School of the Arts Board to the Nevada County School Board. The Nevada County School Board will ensure that Nevada City School of the Arts followed all due process requirements.

M. Expelled Students/Alternative Education

Parents/guardians of students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. The Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board of Directors at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission.

O. Readmission or Admission of Previously Expelled Student

The decision to re-admit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be the sole discretion of the School Director following a meeting with the pupil and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. If the School Director determines that it is not in the best interest to admit the pupil, the pupil may appeal the School Director's decision at the next Board meeting in closed session. The Board shall then make a final decision regarding readmission during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Q. Involuntary Removal for Truancy

As charter schools are schools of choice and as a charter school student who fails to attend school is potentially depriving another student of their opportunity to enroll, a student may be involuntarily removed as described within the Charter School's Board adopted Attendance Policy for truancy and only after the Charter School follows the requirements of the Attendance Policy and only in accordance with the policy described above which requires notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal. Students who are involuntarily removed for truancy will be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

Procedural Safeguards/Manifestation Determination
Within ten (10) school days of a recommendation for expulsion or any decision to
change the placement of a child with a disability because of a violation of a code of
student conduct, the Charter School, the parent, and relevant members of the IEP/504

Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parent/guardian to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent/guardian and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a

hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The School Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function.
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for <u>students not yet eligible</u> for <u>special education services</u>

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student needs special education or related services.
- b. The parent/guardian has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the

director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

ELEMENT 11: EMPLOYEE RETIREMENT SYSTEMS

<u>Governing Law</u>: The manner by which staff members of the charter school will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security. Education Code Section 47605.6(b)(5)(K)

Eligible certificated employees of NCSA will participate in the State Teachers' Retirement System ("STRS"), depending upon each individual's eligibility, and classified employees will participate in the Federal Social Security retirement system. The School Director will ensure that appropriate arrangements for retirement coverage have been made. NCSA will make all employer contributions as required. NCSA will also make contributions for workers' compensation insurance, unemployment insurance and any other payroll obligations of an employer.

ELEMENT 12: DISPUTE RESOLUTION

<u>Governing Law</u>: The procedures to be followed by the charter school and the county board of education to resolve disputes relating to provisions of the charter. Education Code Section 47605.6(b)(5)(L)

The Charter School agrees that every attempt should be made to resolve disputes informally before invoking a formal dispute resolution process. If informal processes have proven ineffective, the following dispute resolution procedures will be followed.

1. DISPUTES ARISING FROM WITHIN THE SCHOOL

Disputes arising from within the Charter School, including all disputes among and between students, staff, parents, volunteers, advisors, partner organizations, and board members of the Charter School, shall be resolved pursuant to policies and processes developed by the Charter School. The Charter School shall also maintain a Uniform Complaint Policy and Procedures and Title IX complaint procedures, as required by state and federal law. Parents, students, Board members, volunteers, and staff at the Charter School shall be provided with a copy the Charter School's policies and internal dispute resolution process.

The County shall not intervene in any such internal disputes without the consent of the NCSA board and shall promptly refer any complaints or reports regarding such disputes to the Board or its designee for resolution pursuant to the Charter School's policies. The County agrees not to intervene or become involved in the dispute unless the dispute has given the County reasonable cause to believe that a violation of this charter or related laws or agreements has occurred, or unless the Board of the Charter School has requested the County to intervene in the dispute.

2. DISPUTES BETWEEN THE CHARTER SCHOOL AND NCBE

If the Charter School or NCBE have disputes regarding the terms of this charter or any other issue regarding the Charter School and NCBE's relationship, both parties agree to follow the process outlined below:

In the event of a dispute between the Charter School and NCBE, the staff and board members of NCSA and NCBE agree to first frame the issue in written format and refer the issue to the County Superintendent and School Director of the Charter School. If NCBE believes that the dispute relates to an issue that could lead to revocation of the charter, this shall be specifically noted in the written dispute statement.

The School Director and County Superintendent shall informally meet and confer in a timely fashion to attempt to resolve the dispute. If this informal meeting fails to resolve the dispute, both parties shall identify two governing board members from their respective boards who shall jointly meet with the County Superintendent and School Director of the Charter School and attempt to resolve the dispute.

If this joint meeting fails to resolve the dispute, the County Superintendent and School Director, or their respective designees, shall meet to jointly identify a neutral, third-

party mediator. The format of the mediation session shall be developed jointly by the County Superintendent and School Director, or their respective designees, and shall incorporate informal rules of evidence and procedure unless both parties agree otherwise. Mediation shall be held within sixty business days of receipt of the dispute statement. The costs of the mediator shall be split equally between the County and NCSA. If mediation does not resolve the dispute either party may pursue any other remedy available under the law. All timelines and procedures in this section may be revised upon mutual written agreement of the County and NCSA.

3. OVERSIGHT, REPORTING, REVOCATION, AND RENEWAL

The County may inspect or observe any part of the Charter School at any time, but shall provide reasonable notice to the School Director of NCSA prior to any observation or inspection unless such notice would prevent the performance of reasonable oversight functions. The County shall endeavor to provide such notice at least three working days prior to the inspection or observation unless the school's board or director agrees otherwise. Inspection, observation, monitoring, and oversight activities may not be assigned or subcontracted to a third party by the County.

If the Nevada County Board of Education believes it has cause to revoke this charter, the Board shall follow the process and procedures for revocation of the charter in accordance with Education Code Section 47607(f)-(h), and applicable regulations.

NCSA will submit quarterly fiscal reports in accordance with the timelines stated in Education Code Section 47604.33. NCSA and the County will jointly develop a timeline of other required ongoing monitoring documents, including deadlines of when the documents will be submitted, when reviewed, when feedback will be given to NCSA, and by when corrective action will occur. NCSA will be given reasonable time to take appropriate corrective action, unless the alleged violation presents an immediate threat to health or safety.

Please refer to Appendix K for a copy of NCSA's 2023-2024 Oversight Review Document.

ELEMENT 13: ADMISSION POLICIES AND PROCEDURES

<u>Governing Law</u>: Admission policies and procedures, consistent with [Education Code Section 47605.6] subdivision (e). Education Code Section 47605.6(b)(5)(M)

NCSA actively seeks a diverse student population that understands and values the Charter School's mission and is committed to the Charter School's instructional and operational philosophy. Admission to the Charter School is open to any resident of the State of California and the Charter School shall admit all pupils who wish to attend the Charter School. No test or assessment shall be administered to students prior to acceptance and enrollment into the Charter School attendance in charter schools. Admission, except in the case of a public random drawing, shall not be determined by the place of residence of the pupil or their parent or legal guardian within the state. Prospective students and their parents or guardians will be briefed regarding the Charter School's instructional and operational philosophy and will be given a summary of the Charter School's student-related policies. Admission procedures outlined in the Board-approved enrollment policy are strictly followed. In accordance with Education Code Sections 49011 and 47605.6(e)(2)(B)(iv), admission preferences shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment.

The Charter School will be nonsectarian in its programs, admission policies, employment practices, and all other operations, and shall not charge tuition nor discriminate against any pupil on the basis of actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, including immigration status, equal rights, and opportunities in the educational institutions of the state.

In accordance with Education Code Section 47605.6(e)(4)(A), the Charter School shall not discourage a pupil from enrolling or seeking to enroll in the charter school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code Section 47605.6(e)(2)(B)(III), including pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation. Similarly, in accordance with Education Code Section 47605.6(e)(4)(C), the Charter School shall not encourage a pupil currently attending the Charter School to disenroll from the Charter School or transfer to another school for any reason, including, but not limited to the academic performance of the pupil of because the pupil exhibits any of the characteristics described in Education Code Section 47605.6(e)(2)(B)(iii), as listed above.

Pursuant to Education Code Section 47605.6(e)(4)(D), the Charter School shall post a notice developed by the CDE on the Charter School website, outlining the requirements of Education Code Section 47605.6(e)(4), and make this notice available to parents.

Applications will be accepted during a publicly advertised open enrollment period each year for enrollment in the following school year. Following the open enrollment period each year, applicants shall be counted to determine whether any grade level has received more applications than availability. If this happens, the Charter School will hold a public random drawing (or "lottery") to determine admission for the impacted grade level, except for existing students, who are guaranteed admission for the following school year. Admission preferences in the case of a public random drawing shall be given to the following students in the following order:

- 1. Children of employees at NCSA²
- 2. Siblings of students admitted to or attending NCSA and grandchildren of employees at NCSA³
- 3. Siblings/children of alumni of NCSA⁴
- 4. Students currently enrolled at Margaret G Scotten School⁵
- 5. Students who reside within the Grass Valley School District⁶
- 6. Students who have remained on the waitlist for 2 or more consecutive years
- 7. Residents of Nevada County⁷
- 8. All other applicants

The Charter School and the County agree to adhere to the requirements related to admission preferences as set forth in Education Code Section 47605.6(e)(2)(B)(i)-(iv).

Open Enrollment

The above priorities apply to all student applicants during the "Open Enrollment Periods." In order for applications to be considered for the next school year, they must be received during the initial open enrollment period that begins in November and ends before the lottery. A Proof of Residency in the form of a Utility Bill or Lease Agreement must be submitted following enrollment. Closing of Open Enrollment will be announced a minimum of 14 days prior to the deadline to apply. Each applicant is placed in a priority category (see list above). If there is an opening in the grade for which the student has applied, the opening will be filled in priority order. If there is more than one applicant in each priority category, a lottery draw will occur. Students not drawn for open spots will be given a priority number within their category based on the lottery draw and placed on the waiting list. All new openings will be filled according to the waitlist priority. However, if a student in categories 1-2 applies they will bypass everyone on the waitlist in categories 3-5 and be placed in their categories respectively. Acceptance of Enrollment – April-August (For Following School Year)

After the lottery draw, parents of accepted students will be contacted and given a maximum

² An employee is defined as a person paid for working 15 hours per week or more or 2 years active, continuous employment if under 15 hours per week.

³ A sibling is defined as a child who is a brother or sister by birth, adoption, marriage or legal domestic partnership.

⁴Alumni priority is given to a child or sibling of a former student who successfully graduated from NCSA. Proof of graduation and relationship to the student is required in order to receive this priority.

⁵ NCSA gives priority to students from Margaret G Scotten School due to receiving the SB 740 Facilities Grant.

⁶ Proof of residency is required.

⁷ We must receive a Proof of Residency to be considered a Resident of Nevada County.

of 2 business days to accept the opening. If they do not accept the opening or respond within the allotted time, the student's name will be removed from the list, and the next child on the waiting list will be offered the available position. In addition to verbal acceptance, parents must complete the appropriate paperwork registering their student for the new school year. This paperwork is emailed out following the verbal acceptance and is expected to be returned two weeks from acceptance. If it is not received by that time, the student will be removed from the class roster and the next child on the waitlist will be offered the opening.

Acceptance of Enrollment - August-April (For Current School Year)

When an opening becomes available, parents/guardians of student applicants will be contacted and given 2 business days to respond. If they do not accept the opening or respond within the allotted time, the student's name will be removed from the list, and the next person on the waiting list will be offered the available position. If circumstances are such that the reason for refusal is poor timing of transfer, the parent may request for their child to be added to the bottom of the waitlist.

Waitlist Status

After completion of the lottery, all parents/guardian of students on the waitlist will receive an email informing them of their position on the waitlist. They will continue to receive email updates any time their child moves on the waitlist.

PLEASE NOTE:

- Students remaining on the waiting list at the end of a school year do not have any priority for the following school year, unless they fall under Priority #5. If they would like to be included in the lottery for the following year parents must re-apply prior to the close of enrollment.
- Students wishing to transfer to NCSA during the course of the school year will not be enrolled until they have completed an intake meeting with the school director and teacher.
- ➤ NCSA does not accept students after March 1st.
- Students enrolled in the Transitional Kindergarten have enrolled student priority and will automatically advance into Kindergarten the following year.
- ➤ Applications for 8th Grade will not be accepted after the third (3rd) Friday of September.
- Students who have left NCSA, and wish to return, will still be required to follow the standard order of priority as outlined above.

Parents must reapply every school year for the lottery. Waitlists DO NOT roll over.

Exit Policy:

- We ask parents/guardians to let us know when their children will no longer attend NCSA. Because a student is not allowed to be enrolled in two schools at the same time, if we receive an official student cumulative file request from another school, the student will be automatically dropped from our roster and no longer allowed to attend NCSA.
- 2. If the parent/guardian notify the Enrollment Coordinator that their student will no

longer attend NCSA by phone, email, or any other communication the student will be dropped as of the date discussed and their spot will be filled.

- Students in grades 6-8 who have been socially promoted once may be asked to leave NCSA and return to their District of Residence if they do not pass a second semester.
- 4. Any student who leaves NCSA while on an Academic or Behavior contract loses any priority status they may have had (i.e. they no longer have sibling status). In addition, in order to return, the parents must meet with the School Director and agree to the continuation of the contract.

ELEMENT 14: PUBLIC SCHOOL ATTENDANCE ALTERNATIVES

<u>Governing Law</u>: The public school attendance alternatives for pupils residing within the county who choose not to attend the charter school. Education Code Section 47605.6(b)(5)(N)

No student may be required to attend NCSA. Students who opt not to attend NCSA may attend other district or county schools or pursue an inter-district transfer in accordance with existing enrollment and transfer policies of their district or county of residence.

ELEMENT 15: EMPLOYEE RETURN RIGHTS

<u>Governing Law</u>: The rights of an employee of the county office of education, upon leaving the employment of the county office of education, to be employed by the charter school, and any rights of return to the county office of education that an employee may have upon leaving the employment of the charter school. Education Code Section 47605.6(b)(5)(0)

Persons employed by NCSA are not also employees of the County. Employees of the County who resign from employment to work at NCSA and later wish to return to the County will have no automatic rights of return to the County after employment by NCSA unless specifically granted by the County through a leave of absence or other agreement. NCSA employees shall have any right upon leaving the County to work in the Charter School that the County may specify, any rights of return to employment in the County after employment to work in the Charter School that the County may specify, and any other rights upon leaving employment to work in the Charter School that the County determines to be reasonable and not in conflict with any law.

NCSA and the County shall each independently maintain responsibility for hiring and retention practices. Any County union employee who is offered employment and chooses to work at NCSA will not be covered by their respective collective bargaining unit agreement, although NCSA may extend some or all the same protections and benefits in individual employee contracts. Job applicants for positions will be considered through an open process, and, if hired, will enter into a contractual agreement approved by the NCSA Board. All employees except the school director will be individually contracted on an at-will year-to-year basis. The School Director will be contracted on a year-to-year basis that includes fixed-term severance provisions subject to approval by the Board. The School Director of NCSA will be responsible for the selection of faculty and staff, using the mission, philosophy, and obligations outlined in the charter document as a recruitment tool. The individual contract will address, among other issues, salary, health and welfare benefits, and work schedules and responsibilities. All contracts will need to be renewed on a year-to year basis and approved by the board. NCSA will maintain an employee handbook detailing the rights and responsibilities of all employees.

Unused paid sick leave may be carried over to subsequent school years. In addition, certificated employees may transfer accumulated sick leave from school districts upon written approval from the School Director. Unpaid leave will not be paid to the employee upon termination of employment or retirement.

To review all Personnel Policies, please refer to Appendix J.

ELEMENT 16: CLOSURE PROCEDURES

<u>Governing Law</u>: The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and maintenance and transfer of public records. Education Code Section 47605.6(b)(5)(P)

Closure of NCSA will be documented by official action of the Board. The action will identify the reason for closure. The official action will also identify an entity and person or persons responsible for closure-related activities.

The Board will promptly notify parents and students of NCSA, the County Office of Education, the Charter School's SELPA, the retirement systems in which NCSA's employees participate (e.g., State Teachers' Retirement System, and federal social security), and the California Department of Education of the closure as well as the effective date of the closure. This notice will also include the name(s) of and contact information for the person(s) to whom reasonable inquiries may be made regarding the closure; the pupils' school districts of residence; and the manner in which parents/guardians may obtain copies of pupil records, including specific information on completed courses and credits that meet graduation requirements.

The Charter School will ensure that the notification to the parents and students of NCSA of the closure provides information to assist parents and students in locating suitable alternative programs. This notice will be provided promptly following the Board's decision to close the Charter School.

The Charter School will also develop a list of pupils in each grade level and the classes they have completed, together with information on the pupils' districts of residence, which it will provide to the entity responsible for closure-related activities.

As applicable, NCSA will provide parents, students and the County with copies of all appropriate student records and will otherwise assist students in transferring to their next school. All transfers of student records will be made in compliance with FERPA. NCSA will ask the County to store original records of their students. All records of the NCSA shall be transferred to the County upon the school's closure.

All state assessment results, special education records, and personnel records will be transferred to and maintained by the entity responsible for closure-related activities in accordance with applicable law.

As soon as reasonably practical, NCSA will prepare final financial records. NCSA will also have an independent audit completed within six months after closure. NCSA will pay for the final audit. The audit will be prepared by a qualified Certified Public Accountant selected by the NCSA and will be provided to the County promptly upon its completion. The final audit will include an accounting of all financial assets, including cash and accounts receivable and an inventory of property, equipment, and other items of material value, an accounting of the liabilities, including accounts payable and any reduction in apportionments as a result of

audit findings or other investigations, loans, and unpaid staff compensation, and an assessment of the disposition of any restricted funds received by or due to NCSA.

NCSA will complete and file any annual reports required pursuant to Education Code Section 47604.33.

On closure of NCSA, all assets of the Charter School, including but not limited to all leaseholds, personal property, intellectual property and all ADA apportionments and other revenues generated by students attending the NCSA, remain the sole property of NCSA and upon the dissolution of the non-profit public benefit corporation shall be distributed in accordance with the Articles of Incorporation. Any assets acquired from the County or County property will be promptly returned upon school closure to the County. The distribution shall include return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or state and federal law, as appropriate, which may include submission of final expenditure reports for entitlement grants and the filing of any required Final Expenditure Reports and Final Performance Reports, as well as the return of any donated materials and property in accordance with any conditions established when the donation of such materials or property was accepted.

On closure, NCSA shall remain solely responsible for all liabilities arising from the operation of the school.

As NCSA is operated as a non-profit public benefit corporation, should the corporation dissolve with the closure of the school, the board will follow the procedures set forth in the California Corporations Code for the dissolution of a non-profit public benefit corporation and file all necessary filings with the appropriate state and federal agencies.

As specified by the Budget in **Appendix L,** the Charter School will utilize the reserve fund to undertake any expenses associated with the closure procedures identified above.

The Compact, which has been jointly developed with parents, outlines how parents, the entire Charter School staff, and students will share the responsibility for improved student academic achievement. It describes specific ways the Charter School and families will partner to help children achieve the State's high academic standards. It addresses the following legally required items, as well as other items suggested by parents of Title I students. 20 U.S.C. § 6318(d)

- NCSOTA's responsibility to provide high-quality curriculum and instruction to meet the challenging State academic standards.
- The ways parents will be responsible for supporting their children's learning, volunteering in the classroom, and participating, as appropriate, in decisions relating to the education of their children and positive use of extracurricular time.
- The importance of ongoing communication between parents and teachers through, at a minimum, annual parent-teacher conferences; frequent reports on

student progress; access to staff; opportunities for parents to volunteer and participate in their child's class; and opportunities to observe classroom activities and ensuring regular communication between family members and school staff, and, to the extent practicable, in a language that family members can understand.

NCSA met with parents through PAG (Parent Advisory Group) to provide a draft school-parent compact with requests for feedback. This compact will also be provided at the Food, Feedback & Fun event to discuss and review with parents.

Building Capacity for Involvement

NCSOTA engages Title I parents in meaningful interactions with the Charter School. The Charter School supports a partnership among staff, parents, and the community to improve student academic achievement. To help reach these goals, NCSOTA has established the following practices.

- 1. NCSOTA provides Title I parents with assistance in understanding challenging state academic standards, state and local assessments, and how to monitor and improve the achievement of their children.
 - Annual LCAP Meeting provides CAASPP scores
 - Progress reports are sent out twice a year for each student
 - ParentVUE is an online portal for parents to view student progress
 - Director sends our weekly notes that include State Standards requirements, testing and best ways to support their children
- 2. NCSOTA provides Title I parents with materials and training, such as literacy training and using technology (including education about the harms of copyright piracy), as appropriate, to foster parental involvement, to help them work with their children to improve their children's achievement.
 - Training to enhance parents' abilities to support and assist their children's education may include: Family fun nights, Positive Discipline trainings, Social Media videos
- 3. With the assistance of Title I parents, NCSOTA educates staff members about the value of parent contributions, and in how to reach out, communicate with, and work with parents as equal partners to implement and coordinate parent programs and build ties between parents and the Charter School.
 - notes are sent monthly to parents by teachers
 - A staff advisory group is held to communicate parent needs and ways to engage
 - Multiple family events are held that involve staff and families to foster engagement
- 4. NCSOTA coordinates and integrates the Title I parental involvement program with other programs, and conducts other activities, such as parent resource centers, to encourage and support parents in more fully participating in the education of their children.
 - Positive Discipline classes are offered throughout the school year

- 5. NCSOTA distributes information related to Charter School and parent programs, meetings, and other activities to Title I parents in a format and language that the parents understand.
 - The Charter School will ensure that communications are culturally and linguistically appropriate to the community and accomplished through means similar to other ways that other local schools are communicating important school information with parents.

Accessibility

NCSOTA provides opportunities for the participation of all Title I parents and family members, including parents/family with limited English proficiency, parents/family with disabilities, and parents/family of migratory students. Information and school reports are provided in a format and language that parents/family understand, including by:

• Requesting copies of information or school reports in a language or format needed to serve these barriers that the school will provide to families in need.

I. <u>DEFINITIONS</u>

- a. <u>Age appropriate:</u> topics, messages, and teaching methods suitable to particular ages or age groups of children and adolescents, based on developing cognitive, emotional, and behavioral capacity typical for the age or age group.
- b. <u>Comprehensive sexual health education:</u> education regarding human development and sexuality, including education on <u>menstrual health</u>, pregnancy, contraception, and sexually transmitted infections.
- c. <u>English learner</u>: a pupil who is "limited English proficient" as that term is defined in the federal No Child Left Behind Act of 2001 (20 U.S.C. Sec. 7801(25)).

V. <u>PARENTAL CONSENT</u>

NCSOTA encourages pupils to communicate with their parents or guardians about human sexuality and HIV and to respect the rights of parents or guardians to supervise their children's education on these subjects. NCSOTA intends to create a streamlined process to make it easier for parents and guardians to review materials and evaluation tools related to comprehensive sexual health education

and HIV prevention education, and, if they wish, to excuse their children from participation in all or part of that instruction or evaluation. NCSOTA recognizes that while parents and guardians overwhelmingly support medically accurate, comprehensive sex education, parents and guardians have the ultimate responsibility for imparting values regarding human sexuality to their children.

A parent or guardian of a pupil has the right to excuse their child from all or part of comprehensive sexual health education, HIV prevention education, and assessments related to that education through a passive consent ("opt-out") process. NCSOTA shall not require active parental consent ("opt-in") for comprehensive sexual health education and HIV prevention education.

Notwithstanding Education Code Section 51513, anonymous, voluntary, and confidential research and evaluation tools to measure pupils' health behaviors and risks, including tests, questionnaires, and surveys containing age-appropriate questions about the pupil's attitudes concerning or practices relating to sex, may be administered to any pupil in grades 7 to 8, inclusive. A parent or guardian has the right to excuse their child from the test, questionnaire, or survey through a passive consent ("opt-out") process. NCSOTA shall not require active parental consent ("opt-in") for these tests, questionnaires, or surveys in grades 7 to 8, inclusive. Parents or guardians shall be notified in writing that this test, questionnaire, or survey is to be administered, given the opportunity to review the test, questionnaire, or survey if they wish, notified of their right to excuse their child from the test, questionnaire, or survey, and informed that in order to excuse their child they must state their request in writing to NCSOTA.

VI. <u>ANNUAL NOTICE</u>

At the beginning of each school year, or, for a pupil who enrolls in a school after the beginning of the school year, at the time of that pupil's enrollment, NCSOTA shall notify the parent or guardian of each pupil about instruction in comprehensive sexual health education and HIV prevention education and research on pupil health behaviors and risks planned for the coming year. The notice shall do all of the following:

- a. Advise the parent or guardian that written and audiovisual educational materials used in comprehensive sexual health education and HIV prevention education are available for inspection.
- b. Advise the parent or guardian whether the comprehensive sexual health education or HIV prevention education will be taught by NCSOTA personnel or by outside consultants. NCSOTA may provide comprehensive sexual health education or HIV prevention education, to be taught by outside consultants, and may hold an assembly to deliver comprehensive sexual health education or HIV prevention education by guest speakers, but if it elects to provide comprehensive sexual health education or HIV prevention education in either of these manners, the notice shall include the date of the instruction, the name of the organization or affiliation of each guest speaker, and information stating the right of the parent or guardian to request a copy of this Policy. If arrangements for this instruction are made after the beginning of the school year, notice shall be made by mail or another commonly used method of notification, no fewer than fourteen (14) days before the instruction is delivered.

- c. Include information explaining the parent's or guardian's right to request a copy of this Policy and/or Education Code sections 51930-51939.
- d. Advise the parent or guardian that the parent or guardian has the right to excuse their child from comprehensive sexual health education and HIV prevention education and that in order to excuse their child they must state their request in writing to NCSOTA.

VII. FOR PUPILS WHO OPT-OUT

A pupil may not attend any class in comprehensive sexual health education or HIV prevention education, or participate in any anonymous, voluntary, and confidential test, questionnaire, or survey on pupil health behaviors and risks, if NCSOTA has received a written request from the pupil's parent or guardian excusing the pupil from participation.

A pupil may not be subject to disciplinary action, academic penalty, or other sanction if the pupil's parent or guardian declines to permit the pupil to receive comprehensive sexual health education or HIV prevention education or to participate in anonymous, voluntary, and confidential tests, questionnaires, or surveys on pupil health behaviors and risks.

While comprehensive sexual health education, HIV prevention education, or anonymous, voluntary, and confidential test, questionnaire, or survey on pupil health behaviors and risks is being administered, an alternative educational activity shall be made available to pupils whose parents or guardians have requested that they not receive the instruction or participate in the test, questionnaire, or survey.

EDUCATION OF ENGLISH LEARNERS (ELL)

The Board of Directors ("Board") of Nevada City School of the Arts ("NCSOTA" or the "Charter School") complies with all applicable state and federal laws and regulations regarding the education of students whose primary language is one other than English, referred to as "English Learners." NCSOTA adopts this Policy to ensure high-quality language instruction and access to education for all students identified as an English Learner as defined below.

Definitions

"English learner" ("EL") means an individual aged 3 through 21 who is currently enrolled or preparing to enroll in an elementary or secondary school whose difficulties in speaking, reading, writing, or understanding the English language may be sufficient to deny the individual the ability to meet the challenging State academic standards, the ability to successfully achieve in classrooms where the language of instruction is English, or the opportunity to participate fully in society. This includes an individual who was not born in the United States or whose native language is a language other than English; an individual who is a Native American or Alaska Native, or a native resident of the outlying areas and who comes from an environment where a language other than English has had a significant impact on the individual's level of English language proficiency; or an individual who is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English and who comes from an environment.

"Designated English Language Development" means instruction during a time set aside in the regular school day for focused instruction on the state-adopted English language development ("ELD") standards to assist English Learners to develop critical English language skills necessary for academic content learning in English.

"Integrated English Language Development" means instruction in which the state-adopted ELD standards are used in tandem with the state-adopted academic content standards. Integrated ELD includes specially designed academic instruction in English.

Identification and Assessment

At or before the time of a student's initial California enrollment, the Charter School shall conduct, in writing, a home language survey to identify whether the primary or native language of the student is a language other than English. If a parent/guardian's response indicates a primary or native language other than English, and the Charter School determines the student is eligible for initial assessment, the Charter School shall promptly notify the parent or guardian, in writing, prior to the administration of the English Language Proficiency Assessments for California ("ELPAC") initial assessment. Students in transitional kindergarten shall not be subject to the ELPAC.

Within thirty (30) calendar days of their initial enrollment, students who are identified as having a primary language other than English, as determined by the home language survey, and for whom

there is no record of results from an English language development test shall be assessed using the <u>ELPAC.</u>

NCSOTA shall notify parents/guardians of their child's official results on the Initial ELPAC within thirty (30) calendar days following the NCSOTA's receipt of the results. This Notice must also include:

- The reasons for the identification of their child as an EL and in need of placement in a language instruction educational program.
- The child's level of English proficiency, how such level was assessed, and the status of the child's academic achievement.
- The methods of instruction used in the program in which their child is, or will be, participating and the methods of instruction used in other available programs, including how such programs differ in content, instructional goals, and the use of English and a native language in instruction.
- How the program in which their child is, or will be, participating will meet the educational strengths and needs of their child.
- How the program will specifically help their child learn English and meet age-appropriate academic achievement standards for grade promotion and graduation.
- The specific exit requirements for the program.
- In the case of a child with a disability, how the program meets the objectives of the individualized education program of the child.

Information pertaining to parental rights that includes written guidance on the following:

- Detailing the right that parents have to have their child immediately removed from such program upon their request.
- Detailing the options that parents have to decline to enroll their child in such program or to choose another program or method of instruction, if available.
- Assisting parents in selecting among various programs and methods of instruction, if more than one program or method is offered by the eligible entity.

For those students who have not been identified as ELs prior to the beginning of the school year, but are identified as ELs during such school year, the Charter School shall notify the parents within the first two (2) weeks of the student's placement in a language instruction educational program. Notice to parents shall meet requirements specified above.

Within ninety (90) days of initial enrollment, students identified as having limited English proficiency shall be further assessed for primary language proficiency in comprehension, speaking,

reading and writing when assessment is available. The Director or designee shall develop criteria for determining student needs on the basis of these assessments.

To oversee test administration, the Director or designee shall annually designate a Charter School ELPAC coordinator and a site coordinator for each test site in accordance with 5 CCR §§ 11518.40-11518.45.

Students with Disabilities

Any student with a disability shall take the ELPAC with the designated supports or accommodations for testing that the student has regularly used during instruction and classroom assessment as delineated in the student's individualized education program ("IEP") or Section 504 plan that are appropriate and necessary to address the student's individual needs. When a student's IEP team determines that the student has a significant cognitive disability such that the student is unable to participate in the initial or summative assessment, or a section of either test, even with resources, the student shall be assessed using the Alternate ELPAC, as specified in the student's IEP.

When a student's IEP or Section 504 plan specifies that the student has a disability that precludes assessment such that there are no appropriate accommodations for assessment in one or more of the domains (listening, speaking, reading, and writing), the student shall be assessed in the remaining domains in which it is possible to assess the student.

Additional Assessments

Once identified as an English learner, a student shall be annually assessed for language proficiency until the student is reclassified based on criteria specified in the accompanying administrative regulation.

In addition, English learners' academic achievement in English language arts, mathematics, science, and any additional subject required by law shall be assessed using the California Assessment of Student Performance and Progress. As necessary, the test shall be administered with testing variations in accordance with 5 CCR §§ 854.1-854.3. English learners who are in their first twelve (12) months of attending a school in the United States shall be exempted from taking the English language arts assessment to the extent allowed by federal law.

Formative assessments may be utilized to analyze student performance and appropriately adapt teaching methodologies and instructions.

Instruction

NCSOTA intends to provide English learners with challenging curriculum and instruction that maximize the attainment of high levels of proficiency in English, advance multilingual capabilities, and facilitate student achievement in the Charter School's regular course of study.

Formatted: Font: (Default) Calibri, Font color: Auto Formatted: Right

English learners shall be provided differentiated English language development instruction which is targeted to their English proficiency level. Such instruction shall be based on sound instructional theory, be aligned with state content standards, emphasize inquiry-based learning and critical thinking skills, and be integrated across all subject areas.

Enhanced instruction must be provided, which may include:

- Identification, development, and acquisition of curricular materials, educational software, and technologies; Instructional services designed to assist the achievement of immigrant children and youth in United States schools, such as programs of introduction to the educational system and civics education; or
- Activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to offer comprehensive community services to parents and families of immigrant children.

The Charter School must ensure that English Learner students in middle and high school are not denied participation in the standard instructional program, meaning they cannot be denied any of the following:

- a) Enrollment in the standard instructional program, which, at a minimum, consists of:
 - i. Core curriculum courses (reading/language arts, mathematics, science, and history/social science).
 - ii. Courses required to meet state and local high school graduation requirements as specified in the NCSOTA Charter, and
 - iii. Courses required for middle school grade promotion.
- b) Enrollment in a full course load of courses that are part of the standard instructional program, and
- c) Enrollment in courses that are not part of the standard instructional program but either meet the subject matter requirements for purposes of recognition for college admissions, or are advanced courses, such as honors or advanced placement courses.

However, an English learner may be denied participation in any such course if the student has been enrolled in a school in the United States for less than twelve (12) months or is enrolled in a program designed to develop the basic English skills of newly arrived immigrant students, and the course of study provided to the student is designed to remedy academic deficits incurred during participation and to enable the student to attain parity of participation in the standard instructional program within a reasonable length of time after the student enters the school system.

The Charter School must monitor student academic progress and provide additional and appropriate educational services to EL students in grades TK-12 for the purposes of overcoming language barriers in each subject matter. Action to overcome content academic barriers must be taken before the deficits become irreparable.

Language Acquisition Programs

NCSOTA shall offer research-based language acquisition programs that are designed to ensure English acquisition as rapidly and as effectively as possible and that provide instruction to students on the state-adopted academic content standards, including the English language development standards.

At a minimum, the Charter School shall offer a structured English immersion program which includes designated and integrated English language development. In the structured English immersion program, nearly all of the classroom instruction shall be provided in English, but with the curriculum and presentation designed for students who are learning English.

For the purpose of determining the amount of instruction to be conducted in English in the structured English immersion program, "nearly all" means that all classroom instruction shall be conducted in English except for clarification, explanation, and support as needed.

In addition, language acquisition programs offered by the Charter School may include, but are not limited to, the following:

1. A dual-language immersion program that provides integrated language learning and academic instruction for native speakers of English and native speakers of another language, with the goals of high academic achievement, first and second language proficiency, and cross-cultural understanding.

2. A transitional or developmental program for English learners that provides literacy and academic instruction in English and a student's native language and that enables an English learner to achieve English proficiency and academic mastery of subject matter content and higher order thinking skills, including critical thinking, in order to meet state academic content standards.

In establishing the Charter School's language acquisition programs, the Director or designee shall consult with parents/guardians and the community during the LCAP development process. The Director or designee shall also consult with administrators, teachers, and other personnel with appropriate authorizations and experience in establishing a language acquisition program.

At the beginning of each school year or upon a student's enrollment, parents/guardians shall be provided information on the types of language acquisition programs available to students enrolled in the Charter School. (See Annual Notice below).

Reclassification/Redesignation

NCSOTA shall continue to provide additional and appropriate educational services to English language learners for the purposes of overcoming language barriers until the English language learners have:

NEVADA CITY SCHOOL OF THE ARTS EDUCATION OF ENGLISH LEARNERS (ELL)

Formatted: Font: (Default) Calibri, Font color: Auto Formatted: Right

- (1) Demonstrated English language proficiency comparable to that of the school's average native English language speakers; and
- (2) Recouped any academic deficits which may have incurred in other areas of the core curriculum as a result of language barriers.

English language learners shall be redesignated as fluent-English-proficient ("FEP") when they are able to comprehend, speak, read and write well enough to receive instruction in the regular program and make academic progress at a level substantially equivalent to that of students of the same age or grade whose primary language is English and who are in the regular course of study.

The following measures shall be considered to determine whether an English language learner shall be reclassified as fluent-English-proficient:

(1) Assessment of English language proficiency utilizing the ELPAC as the primary criterion, and objective assessment of the student's English reading, writing, listening and speaking skills. Examples of additional assessment data include, but are not limited to:

(a) Basic performance on the California Standards Test in English Language Arts

(b) Objective data on the student's overall academic performance in English

- (2) Recommendations of the student's classroom teacher and any certificated staff with direct responsibility for teaching or placement decisions
- (3) Comparison of the performance of the student in basic skills against an observably established range of performance in basic skills based upon the performance of English proficient students of the same age, that demonstrates whether the student is sufficiently proficient in English to participate effectively in a curriculum designed for students of the same age whose native language is English

(4) Parent/guardian participation and consultation.

Parent/guardians shall receive notice and a description of the redesignation process, including notice of their right to participate in the process. Parent/guardian participation in the process shall be encouraged.

The Director or designee shall provide subsequent monitoring and support for redesignated students, including but not limited to monitoring for four years the performance of redesignated students in the core curriculum in comparison with their native-English speaking peers, monitoring the rate of redesignation, and ensuring correct classification and placement.

The Director or designee shall develop a process to monitor the effectiveness of the Charter School's program for English language and academic success for each English language learner.

Documentation and Translation of Documents

Formatted: Font: (Default) Calibri, Font color: Auto Formatted: Right

NCSOTA will maintain documentation of all assessments and evaluations, as well as all decisions and participants in those decisions in the student's permanent record.

NCSOTA will translate certain records for those parents or guardians who speak a language group other than English representing fifteen (15) percent or more of the students enrolled in NCSOTA, as determined from the CALPADS data for the preceding year. Specifically, NCSOTA- will provide all notices, reports, statements, or records sent to such parents or guardians in the primary language, in addition to being written in English, and parents or guardians may respond to NCSOTA- either in English or the primary language.

Inclusion in the Local Control Accountability Plan

NCSOTA shall identify in its local control and accountability plan ("LCAP") goals to improve student outcomes, identified through the needs assessment, including those which address academic and language proficiency needs of EL students. The LCAP must include evidence-based strategies, specific actions or services to reach those goals.

Staff Qualifications and Training

The Director or designee shall ensure that all staff employed to teach English learners possess the appropriate authorization from the Commission on Teacher Credentialing.

NCSOTA shall provide high-quality effective professional development to teachers (including teachers in classroom settings that are not the settings of language instruction educational programs), administrators, and other school or community-based organization personnel to improve the instruction and assessment of English learners and enhance staff's ability to understand and use curricula, assessment, and instructional strategies for English learners. All professional development shall be based on scientifically based research demonstrating the effectiveness of the professional development in increasing children's English proficiency or substantially increasing the subject matter knowledge, teaching knowledge, and teaching skills of such teachers. Such professional development shall be of sufficient intensity and duration to produce a positive and lasting impact on teachers' performance in the classroom.

Staff development shall also address the sociocultural needs of English learners and provide opportunities for teachers to engage in supportive, collaborative learning communities.

To support students' English language development and assist parents and families in helping their children to improve their academic achievement and become active participants in their children's education, the Director or designee may provide an adult literacy training program that leads to English fluency for parents/guardians and community members.

Outreach

NEVADA CITY SCHOOL OF THE ARTS EDUCATION OF ENGLISH LEARNERS (ELL)

Formatted: Font: (Default) Calibri, Font color: Auto Formatted: Right

The Director or designee shall encourage parent/guardian and community involvement in the development and evaluation of programs for English learners. The Director or designee may also provide an English development literacy training program for parents/guardians and community members so that they may better support students' English language development.

The Charter School shall implement an effective means of outreach to parents of ELs to inform the parents regarding how the parents can be involved in the education of their children and be active participants in assisting their children with the following:

- Attaining English proficiency;
- Achieving at high levels within a well-rounded education; and
- Meeting the challenging state academic standards expected of all students.

Implementing an effective means of outreach to parents shall include holding, and sending notice of opportunities for, regular meetings for the purpose of formulating and responding to recommendations from EL parents.

Advisory Committees

If NCSOTA enrolls more than twenty (20) English language learners, parents/guardians, advisory committees shall be maintained to serve the advisory functions specified by law.

Parents/guardians of English language learners shall constitute committee membership in at least the same percentage that their children represent of the total number of students in the school. Parent/guardian members are elected by EL parents/guardians.

The Charter School's English Language Advisory Committee ("ELAC") shall annually advise the Board on at least the following tasks:

- (1) The development of a Charter School site plan that includes: description of program goals, objectives and services for English learners, taking into consideration the school site needs for English learners;
- (2) The Charter School schoolwide needs assessments;
- (3) Administration of the annual language census;

- Ensure that English learners acquire full proficiency in English as rapidly and effectively as possible and attain parity with native speakers of English.

The Charter Governance Council shares these goals and has adopted this policy to achieve these goals.

Nevada City School of the Arts shall not deny an EL student enrollment or discriminate against an EL student due to his or her EL status, immigration status or national origin.

Legal Requirements

Nevada City School of the Arts will comply with all applicable state laws regarding EL students, which currently include the following:

 state-required home language survey.
- English Language Proficiency Assessments for California ("ELPAC"): Within 30 days¹ of

¹ The thirty day requirement applies to students who are entering a California public school for the first time or for students who have not yet been CELDT/ELPAC tested. All other students who have indicated a home language other than English will continue with annual CELDT/ELPAC testing based upon the date last tested at the prior school of enrollment.

enrollment students who have indicated a language other than English on the Home Language Survey (in the enrollment packet) must be tested. Previously identified EL students will be tested within the summative testing window. Yearly assessment is required until an EL student is reclassified as English Proficient.

 Any new student identified as an EL will be paired with a qualified Supervising Teacher who holds a CLAD, CTEL or BCLAD certification.

EL Team and Curriculum

To best guide each student classified as an EL, Nevada City School of the Arts will work as a team to guide and instruct each particular student. This team will consist of the student, parent/guardian, and the Supervising Teacher who holds a CTEL, CLAD, or BCLAD certification, and other individuals involved with the student's instruction. The team will meet to select curriculum that will best serve the EL student. Nevada City School of the Arts always takes each individual student's needs into consideration when choosing curriculum for EL students. The Supervising Teacher will monitor and evaluate the student's progress on a monthly basis. In addition, the Supervising Teacher will modify the curriculum based on informal assessments.

The instruction for the student will be primarily delivered in English, using such approaches as Specially Designed Academic Instruction in English (SDAIE). EL students will also receive additional support, focusing on their English language development skills.

Nevada City School of the Arts EL support shall be based on sound instructional theory, use standards-aligned instructional materials, additional reading support through iReady and one-on-one instruction with the reading/math specialists and effectively assist students in accessing the full educational program.

Cyberbullying Prevention Procedures

NCSOTA advises students:

- To never share passwords, personal data, or private photos online.
- To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- To consider how it would feel receiving such comments before making comments about others online.

NCSOTA informs its employees, students, and parents/guardians of NCSOTA's policies regarding the use of technology in and out of the classroom. NCSOTA encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

Education

NEVADA CITY SCHOOL OF THE ARTS HARASSMENT, INTIMIDATION, DISCRIMINATION, AND BULLYING POLICY **Commented [3]:** CLIENT NOTE: Education Code section 234.4 doesn't specify the exact bullying prevention procedures that must be adopted by schools. However, since the law requires schools to provide the CDE's bullying module to its staff who interact with students, the bullying prevention procedures developed by the School should be consistent with those outlined in the CDE's online bullying module, which include education and professional development components.

To develop these procedures, we used the CDE's bullying module and Stopbullying.gov–Bullying Training Prevention Center's bullying module, which is also recommended by the CDE and available at:

https://www.stopbullying.gov/prevention/trainingcenter/index.html

Please let us know if these proposed procedures do not work for the School logistically or if they are inconsistent with the procedures the School plans to implement. We can work with the School to further tailor the procedures to align with the School's program.

Commented [4]: CLIENT NOTE: Please ensure the School's technology use policies align with the cyberbullying prevention procedures adopted by the School as part of this policy. If the School doesn't have a technology use policy, we can provide the School with a starting place draft for this policy upon request. These cyber-bullying prevention procedures were developed from the CDE's bullying module.

Commented [5]: Client - Please note that per EC section 234.6, charter schools are required to post on its website a section on social media bullying that includes all of the following references to possible forums for social media bullying:

 $(\ensuremath{\mathsf{A}})$ Internet websites with free registration and ease of registration.

(B) Internet websites offering peer-to-peer instant messaging.

(C) Internet websites offering comment forums or sections.

(D) Internet websites offering image or video posting platforms.

Please let us know if you would like us to provide you with some sample language that can be used to meet this requirement. Rather than having a separate page on the School's website, the School can elect to include the social media bullying language in this policy, which would also meet the requirement as long as the School posts the policy on its website as required.

Board Policy #: [188673]302a Adopted/Ratified: [188673]10/1/2014 Revision Date: <u>01/27/2022; 02/27/2025</u>[188673]

NCSOTA employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. NCSOTA advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at NCSOTA and encourages students to practice compassion and respect each other.

NCSOTA educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

NCSOTA[']s bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

NCSOTA informs NCSOTA employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

Professional Development

NCSOTA annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other NCSOTA employees who have regular interaction with students.

NCSOTA informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

NCSOTA also informs certificated employees about the groups of students determined by NCSOTA and available research to be at elevated risk for bullying and provides its certificated employees with information on existing school and community resources related to the support of these groups. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

NCSOTA encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for NCSOTA's students.

TITLE IX POLICY PROHIBITING DISCRIMINATION ON THE BASIS OF SEX

This Title IX Policy Prohibiting Discrimination on the Basis of Sex ("Policy") contains the policies and grievance procedures of Nevada City School of the Arts ("NCSOTA") to address sex discrimination, including but not limited to sexual harassment, occurring within NCSOTA's education program or activity.

NCSOTA does not discriminate on the basis of sex and prohibits any acts of sex discrimination in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 *et seq.*) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.¹

This Policy applies to conduct occurring in NCSOTA's education programs or activities including but not limited to incidents occurring on the school campus, during school-sponsored events and activities regardless of the location, and through school-owned technology, whether perpetrated by a student, parent/guardian, employee, volunteer, independent contractor or other person with whom NCSOTA does business.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 (hereinafter collectively referred to as "Title IX") may be referred to the NCSOTA Title IX Coordinator, the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

Definitions

Prohibited Sex Discrimination

Title IX and California law prohibit discrimination on the basis of sex, including sex-based harassment and differences in the treatment of similarly situated individuals on the basis of sex with regard to any aspect of services, benefits, or opportunities provided by NCSOTA.

- An employee of NCSOTA conditioning the provision of an aid, benefit, or service of NCSOTA on an individual's participation in unwelcome sexual conduct;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to NCSOTA's education program or activity; or

We can provide you with some sample language if desired.

Further, per EC section 231.6, charter schools serving pupils in any of grades 9 through 12, inclusive, shall create a poster that meets specific requirements and notifies pupils of the applicable sexual harassment policy. The poster shall be prominently and conspicuously displayed in each bathroom and locker room at the schoolsite. The poster shall display, at a minimum, all of the following: (1) The rules and procedures for reporting a charge of

"Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

Under California Education Code section 212.5, sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through NCSOTA.

sexually demeaning or pornographic or bringing or possessing any such material to read, display or view in the work or educational environment.

- Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.
- Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

Formal Complaint of Sexual Harassment means a written document filed and signed by a complainant who is participating in or attempting to participate in NCSOTA's education program or activity or signed by the Coordinator alleging sexual harassment against a respondent and requesting that NCSOTA investigate the allegation of sexual harassment. At the time of filing a formal complaint of sexual harassment, the complainant must be participating in or attempting to participate in NCSOTA's education program or activity.

Party means a complainant or respondent.

Respondent means a person who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Supportive Measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to a party before or after the filing of a formal complaint of sexual harassment or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to NCSOTA's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or NCSOTA's educational environment, or deter sexual harassment.

Title IX Coordinator

The Governance Council of NCSOTA ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

In the event the above-named individual becomes unavailable or unable to serve as the Coordinator, the Board has designated the following employee to serve as a temporary or interim Coordinator:

[INSERT NAME] [INSERT TITLE] [INSERT CONTACT INFO, INCLUDING OFFICE ADDRESS, PHONE NUMBER AND EMAIL ADDRESS]

The Coordinator is responsible for coordinating NCSOTA's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination, formal complaints of sexual harassment, and inquiries about the application of Title IX to NCSOTA, coordinating the effective implementation of supportive measures, and taking other actions as required by this Policy. The Coordinator or designee may serve as the investigator for formal complaints of sexual harassment.

Reporting Sex Discrimination

All employees must promptly notify the Coordinator when the employee has knowledge of or notice of allegations of sex discrimination or sexual harassment occurring within NCSOTA's education program or activity.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the School Director, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. NCSOTA will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

NCSOTA acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

Commented [3]: Client - We recommend having a backup Coordinator trained and ready to serve in the event the main/head Coordinator becomes unavailable or has a conflict. This will allow the School to stay in compliance.

Commented [4]: Client Note – For a complaint of discrimination, bullying, harassment, discrimination or intimidation to fall under the UCP, it must be a written complaint. However, all reports of sex discrimination and harassment must be investigated even if they are oral or outside the UCP timelines, and appropriate action must be taken when necessary according to the results of the investigation.

Board Policy #: [INSERT]302b Adopted/Ratified: [INSERT]10/1/2014 Revision Date: 01/27/2022: 02/27/2025

NCSOTA prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual.

Response to Sexual Harassment

NCSOTA will respond promptly and in a manner that is not deliberately indifferent when it has actual knowledge, as defined in 34 C.F.R. § 106.30(a), of sexual harassment occurring in its education program or activity against a person in the United States.

NCSOTA's response will treat complainants and respondents equitably by offering supportive measures to a complainant, and by following the grievance procedures for formal complaints of sexual harassment that are listed below before imposing any disciplinary sanctions or other actions that are not supportive measures on a respondent for sexual harassment under Title IX.

Supportive Measures

Once notified of sexual harassment or allegations of sexual harassment occurring in NCSOTA's education program or activity against a person in the United States, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint of sexual harassment.

Supportive measures may include but are not limited to: counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; mutual restrictions on contact between the parties; changes in work or on-campus housing locations; leaves of absence; increased security and monitoring of certain areas of the campus; and other similar measures.

Supportive measures will not unreasonably burden either party or be imposed for punitive or disciplinary reasons. NCSOTA will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair NCSOTA's ability to provide the supportive measures. The Coordinator is responsible for coordinating the effective implementation of supportive measures.

Grievance Procedures

Scope and General Requirements

NCSOTA has adopted and published grievance procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited under Title IX and a grievance process that complies with 34 C.F.R. § 106.45 for formal complaints of sexual harassment.

Complaints of misconduct prohibited by this Policy that do not constitute a formal complaint of sexual harassment will be addressed in accordance with NCSOTA's Uniform Complaint

Commented [5]: Client - Many of the timeframes are flexible and can be revised to better align with the School's practices. Please let us know if you would like to revise any of the timeframes included in the grievance procedures.

Procedures, its employment discrimination complaint procedures, or the grievance procedures set forth in its Harassment, Intimidation, Discrimination, and Bullying Policy, as applicable. The following grievance procedures will apply to formal complaints of sexual harassment.

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

NCSOTA requires that any Title IX Coordinator, investigator, decisionmaker, and any person designated by NCSOTA to facilitate an informal resolution process not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

NCSOTA will treat complainants and respondents equitably. NCSOTA presumes that the respondent is not responsible for the alleged sexual harassment until a determination is made at the conclusion of its grievance procedures.

NCSOTA may consolidate formal complaints of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, where the allegations of sexual harassment arise out of the same facts or circumstances.

NCSOTA allows for the temporary delay of the grievance process or limited extension of time frames on a case-by-case basis for good cause. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If the grievance process is temporarily delayed or a timeframe is temporarily extended by NCSOTA, the Coordinator or designee will notify the parties of the reason for the delay or extension in writing.

NCSOTA will objectively evaluate all evidence that is relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence.² Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

Dismissal

NCSOTA must dismiss a formal complaint of sexual harassment for purposes of sexual harassment under Title IX if the conduct alleged:

- Would not constitute sexual harassment under Title IX even if proved;
- Did not occur in NCSOTA's education program or activity; or
- Did not occur against a person in the United States.

NCSOTA may dismiss a formal complaint of sexual harassment or any of the allegations therein if:

• The respondent is no longer enrolled or employed by NCSOTA;

Commented [6]: Confirm the title aligns with the title of the School's harassment, intimidation, discrimination and bullying policy.

² Inculpatory means tending to impute guilt or fault, and exculpatory means tending to absolve from guilt or fault.

- A complainant notifies the Coordinator in writing that the complainant would like to withdraw the complaint or any allegations therein; or
- Specific circumstances prevent NCSOTA from gathering sufficient evidence to reach a determination as to the complaint or allegations therein.

Upon dismissal, the Coordinator or designee will promptly send written notice of the dismissal and reason(s) therefore simultaneously to the parties. Dismissal under Title IX does not preclude action under another applicable NCSOTA policy.

Notice of the Allegations

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will provide written notice of the allegations to the parties whose identities are known. The notice will include:

- NCSOTA's grievance procedures and any informal resolution process;
- The allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details includes the identities of the parties involved in the incident(s), if known, the conduct allegedly constituting sexual harassment under Title IX, and the date(s) and location(s) of the alleged incident(s), if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and a determination regarding responsibility is made at the conclusion of the grievance process;
- A statement that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence; and
- A statement that NCSOTA prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

Emergency Removal

NCSOTA may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with NCSOTA's policies.

NCSOTA may remove a respondent from NCSOTA's education program or activity on an emergency basis, in accordance with NCSOTA's policies, provided that NCSOTA undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any person arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Informal Resolution

At any time after a formal complaint of sexual harassment is filed and prior to determining whether sexual harassment occurred under NCSOTA's Title IX grievance procedures, NCSOTA may offer an informal resolution process to the parties. NCSOTA will not offer or facilitate informal resolution to resolve allegations that an employee sexually harassed a student, or when such a

disciplinary sanctions or other actions that are not supportive measures (e.g., terminations or expulsions) against a respondent. Emergency removal is not a substitute for reaching a determination as to a respondent's responsibility; rather, emergency removal is for the purpose of addressing imminent threats posed to any person's health or safety, which might arise out of the sexual harassment allegations. Emergency removals allow schools to address emergency situations, whether or not a grievance process is underway, provided that the school first undertakes an individualized safety and risk analysis and provides the respondent notice and opportunity to challenge the removal decision.

process would conflict with Federal, State, or local law. Parties will not be required or pressured to agree to participate in the informal resolution process.

Before initiation of the informal resolution process, NCSOTA will obtain the parties' voluntary, written consent to participate in the informal resolution and provide the parties with a written notice that explains:

- The allegations;
- The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint of sexual harassment arising from the same allegations;
- The right to withdraw and initiate or resume the grievance procedures at any time prior to agreeing to a resolution; and
- Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Investigation

In most cases, a thorough investigation will take no more than thirty (30) business days. NCSOTA has the burden to conduct an investigation that gathers sufficient evidence to determine whether sexual harassment occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed, considered, or disclosed), regardless of whether they are relevant:

- A party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless NCSOTA obtains that party's voluntary, written consent to do so for these grievance procedures; and
- Evidence about the complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview. The parties will not be prohibited from discussing the allegations under investigation or from gathering and presenting relevant evidence. A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.

Before the investigator completes the investigative report, NCSOTA will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties

PAGE 8 OF 12

will have at least ten (10) days to submit a written response for the investigator to consider prior to completing the investigation report.

The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.

Determination of Responsibility

Before making a determination of responsibility, the decision maker must afford each party the opportunity to submit written, relevant questions that a party wants to ask of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decision maker must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within fifteen (15) business days after NCSOTA sends the investigation report to the parties, the decisionmaker, who will not be the same person as the Coordinator or investigator, will simultaneously send the parties a written determination of whether sexual harassment occurred. The written determination will include:

- The allegations of sexual harassment;
- A description of the procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
- The findings of facts supporting the determination;
- The conclusions regarding the application of NCSOTA's code of conduct to the facts;
- The decision and rationale for each allegation;
- Any recommended disciplinary sanctions for the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
- The procedures and permissible bases for appeals.

The determination regarding responsibility becomes final either on the date that NCSOTA provides the parties with the written appeal decision, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Appeals

Either party may, within five (5) business days of their receipt of NCSOTA's written determination of responsibility or dismissal of a formal complaint of sexual harassment, submit a written appeal to the Chair of the NCSOTA Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal.

Commented [8]: Client Note: The School may change this reference to an administrator at the School who is in a position above the person making the initial decision as long as it is someone who is trained, was not involved in the investigation or responsible for the initial decision, and does not have a conflict of interest. The School could also use the Board to make the appeal decision, which may ultimately delay the process, but that creates some Brown Act issues and anyone on the Board who has a conflict or who participated in the investigation or initial decision would need to recuse themselves.

The complainant and respondent may only appeal from a determination regarding responsibility or NCSOTA's dismissal of a formal complaint of sexual harassment or any allegations therein, on one or more of the following bases:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
- The Coordinator, investigator(s), or decision maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The decision maker for the appeal will not be the same person as the Coordinator, the investigator or the initial decision maker.

The decision maker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of notice of the appeal; and 4) within fifteen (15) business days of the appeal, provide a written decision simultaneously to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process, may be subject to disciplinary action up to and including expulsion from NCSOTA or termination of employment. If there is a determination that sexual harassment occurred, the Coordinator is responsible for effective implementation of any remedies ordered by NCSOTA.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All Title IX Coordinators, investigators, decisionmakers, and any person who facilitates a Title IX informal resolution process will receive Title IX training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

NCSOTA will maintain the following records for at least seven (7) years:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant;
- Records of any appeal of a formal complaint or sexual harassment and the results of that appeal;
- Records of any informal resolution of a formal complaint or sexual harassment and the results of that informal resolution;
- All materials used to train Title IX Coordinators, investigators, decisionmakers, and any
 person who facilitates an informal resolution process; and

Commented [9]: Client – the School must make these training materials publicly available on its website or, if it does not have a website, make them available for inspection by the general public upon request.

EDUCATION FOR HOMELESS CHILDREN AND YOUTH POLICY

The Nevada City School of the Arts ("NCSOTA" or the "School") Charter Governance Council desires to ensure that homeless children and youth are provided with equal access to its educational program, have an opportunity to meet the same challenging State academic standards, are provided a free and appropriate public education, are not stigmatized or segregated on the basis of their status as homeless, and to establish safeguards that protect homeless students from discrimination on the basis of their homelessness.

Definition of Homeless Children and Youth

NCSOTA will work with homeless students and their parent/guardian to ensure that each student is placed in the least restrictive educational programs, and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not necessarily limited to, interscholastic sports. All decisions regarding a homeless student's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

NCSOTA shall immediately admit/enroll the student (for which the Charter School is a School of Origin. "School of Origin" means the school that the child or youth attended when permanently housed or the school in which the child or youth was last enrolled.

NCSOTA_shall also immediately enroll a homeless youth who seeks to enroll in the Charter School, if the youth would otherwise be eligible to attend and subject to NCSOTA's the Charter School's capacity and pursuant to the procedures stated in the NCSOTA charter and Board policy, A homeless youth who is enrolled will have the right to attend classes and participate fully in school activities, including extracurricular activities.

<u>The youth shall be immediately enrolled</u> even if the student lacks records normally required for enrollment (such as previous academic records, records of immunizations, other required health records, proof of residency) or has missed application or enrollment deadlines during any period of homelessness. Records will immediately be requested from the previous school. (42 U.S.C. § 11432(g)(3)(C); Education Code Section 48850(a)(3)(A).)

If the student needs to obtain immunizations or does not possess immunization or other medical records, the Director or designee shall refer the parent/guardian to the <u>Charter</u> School Liaison. The <u>Charter</u> School Liaison shall assist the parent/guardian in obtaining the necessary immunizations or records for the student. (42 U.S.C. \$ 11432(g)(3)(C).)

A homeless youth may remain in the student's school of origin for the entire period for which the youth is homeless. Homeless students have the right to remain in their school of origin following the termination of the child's status as a homeless student as follows:

- For students in Kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
- 2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If the Charter School operates an intersession program, Charter School shall grant priority access to homeless students. Notwithstanding any other law, if the homeless student will be moving during an intersession period, the pupil's parent, guardian, educational rights holder ("ERH"),

However, in general charter schools are required to re-enroll homeless students if the charter school is the student's "school of origin" and the parent/rights holder believes it is in their best interest.

The McKinney Vento Act requires that the LEA "serving each child or youth to be assisted under this part shall, according to the child's or youth's best interest—

(i) continue the child's or youth's education in the school of origin for the duration of homelessness—

- (I) in any case in which a family becomes homeless between academic years or during an academic year; and
- (II) for the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or

(ii) enroll the child or youth in any public school that nonhomeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

The Act also requires that if a dispute arises "over eligibility, or school selection or enrollment in a school . . . the child or youth shall be immediately enrolled in the school in which enrollment is sought, pending final resolution of the dispute, including all available appeals. . ." These requirements exist irrespective of whether the homeless youth:

 is unable to produce records normally required for enrollment, such as previous academic records, records of immunization and other required health records, proof of residency, or other documentation; or

(II) has missed application or enrollment deadlines during any period of homelessness.

As such, some authorizers/the CDE may take issue with charter schools not holding spaces open for possible homeless youth to enroll.

If the charter school is considered the student's "school of origin" the student may have a right to enroll within at the charter school even if the school is at capacity. This provision explicitly applies

Housing Questionnaire

NCSOTA_shall administer a housing questionnaire for purposes of identifying homeless children and youth. NCSOTA_shall ensure that the housing questionnaire is based on the best practices developed by the CDE. The dispute shall be resolved in accordance with the existing Charter School dispute resolution process.

In making this determination, a school shall evaluate the emergency medical response time to the school and determine whether initiating emergency medical services is an acceptable alternative to stock albuterol inhalers and trained personnel. A private elementary or secondary school choosing to exercise the authority provided under this subdivision shall not receive state funds specifically for this purpose.

<u>CELL PHONES AND OTHER ELECTRONIC SIGNALING DEVICES POLICYAND</u> <u>USE AGREEMENT</u>

The Nevada City School of the Arts ("NCSOTA" or the "Charter School") Governance Council recognizes the potential for cell phones, smartphones, pagers, and electronic signaling devices (hereinafter collectively referred to as "private devices") to disrupt the learning environment of the Charter School, and adopts this Policy to permit students to possess, but not use private devices while on school grounds, at school-sponsored activities, or under the supervision of Charter School employees, except as otherwise provided in this Policy. Students who possess any private devices must always keep them turned off and out of view while on school grounds or at school-sponsored activities and functions. Charter School teachers, administrators, and staff will confiscate any private devices used by a student in violation of this Policy.

The use of cell phones and other electronic signaling devices at school is detrimental to the academic climate because it takes valuable time away from instruction, adds to the amount of screen time a child already has, and creates disciplinary problems.

Students who possess a cell phone or other electronic signaling device shall assume responsibility for its care in accordance with this Policy. At no time shall NCSOTA be responsible for preventing theft. loss or damage to cell phones or other electronic signaling devices brought onto campus, unless locked in the cell phone lock box.

All students are required to adhere to the following guidelines regarding private devices:

Students are permitted to use personal electronic private devices during the following times:

- <u>Before school or After after</u> 3:15 p.m. in the pick-up area ONLY in front of the Upper Campus. Students may not use phones at the lower campus or at after-care without specific permission and only to contact parents.
- At sports activities/games outside of the regular school day, only with the permission of the coach, instructor or program director;
- As directed to by a teacher or staff member at NCSA.
- o In the case of an emergency, or in response to a perceived threat of danger.
- When a teacher or administrator of the Charter School grants permission to a student to possess or use a private device, subject to any reasonable limitation imposed by that teacher or administrator.
- When a licensed physician and surgeon determines that the possession or use of a private device is necessary for the health or well-being of the student.
- When the possession or use of a private device is required in a student's individualized education program ("IEP").

The use of electronic devices for any purpose – including telephone calls, text messaging, checking social media, internet "hotspot", and other functions – is not permitted at any other time on school grounds.

Electronic devices must either be locked in the class lock box or left at home<u>. Private devices must</u> be turned off and not used:

Each family will sign this agreement indicating which rule they will adhere to <u>(e.g. lock box of leaving the device at home)</u>.

Consequences for Violation of this Policy

- **First offense:** If a student has their device on is in possession of a private device or a private device is heard ringing, beeping, or buzzing from inside a jacket, purse, backpack, or other similar article, whether within the immediate presence of the student or not, them or it makes any noise, the student's the device will be confiscated and returned only to the student's parent or guardian. **BOTH** the student and parent/guardian will sign the Cell Phone/Electronic Signaling Device Policy again indicating that the student will leave their phone at home or place it in the lock box at school each day.
- Second Offense: Student's device will be confiscated and the student <u>will be prohibited from</u> bringing the device to school for the remainder of the school year. Meeting with student, parent and School Director required.
- **Repeated Offenses:** Referral to <u>additional interventions of consequences</u> school mental health counselor, Restorative Justice Circle, and/or they may be subject to additional disciplinary action, consistent with the School Discipline Policy.

NEVADA CITY SCHOOL OF THE ARTS CELL PHONES AND OTHER ELECTRONIC SIGNALING DEVICES POLICY

SECTION 504: POLICY, PROCEDURES, AND PARENT RIGHTS REGARDING IDENTIFICATION, EVALUATION AND EDUCATION

A. SECTION 504 POLICY

The Charter Governance Council of the Nevada City School of the Arts ("NCSOTA" or the "Charter School") recognizes the need to identify and evaluate students with disabilities in order to provide them with a free, appropriate public education and its legal responsibility to ensure that "no qualified person with a disability shall, solely by reason of their disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." This Policy and the related administrative regulation has been developed to ensure the implementation of Section 504 of the Rehabilitation Act of 1973 ("Section 504"), and its implementing regulations as amended, which pertains to public schools. The intent is to ensure that all students with disabilities, who are eligible under Section 504, are identified and evaluated and have access to a free, appropriate public education ("FAPE").

Under Section 504, individuals with physical or mental impairments that substantially limit one or more major life activities, including learning, are entitled to receive regular or special education and/or related aids and services designed to meet their individual needs as adequately as the needs of nondisabled students are met. Major Life Activities include functions such as caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working, as well as the operation of a major bodily functions, including functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions. Students may be disabled and entitled to services under Section 504 even though they are not eligible for services pursuant to the Individuals with Disabilities Education Act Improvement Act of 2004 ("IDEA"). <u>An impairment need not prevent or severely restrict a major life activity to be considered "substantially limiting."</u>

NCSOTA's Director or designee shall ensure that this policy and set of procedures is implemented and followed. Whenever there is reason to believe that, because of a disability, a student needs regular or special education and/or related aids and services (and the student has not been found eligible under IDEA) that student will be evaluated under this policy's corresponding procedures.

A Section 504 Team will be convened to determine the student's need for regular or special education and/or related aids and services. The 504 Team will include persons knowledgeable about the Section 504 standards, the student's individual needs and school history, the meaning of evaluation data, and placement options. The student's parent/guardian shall be invited to participate in this 504 Team and shall receive notice of procedural safeguards guaranteed by law.

If NCSOTA does not assess a student after a parent has requested an assessment, NCSOTA shall provide notice of the parent's/guardian's procedural safeguards. NCSOTA shall not retaliate in any way against parents/guardians or students who exercise any rights under the procedural safeguards and/or Section 504.

If the student, due to disability, is found to require regular or special education and/or related aids and services under Section 504, the Section 504 Team shall develop a 504 plan for the provision of such services to the student. The student shall be educated with nondisabled students to the

maximum extent appropriate to the student's individual needs. The student's parent/guardian shall be provided a copy of the 504 plan and shall receive notice of procedural safeguards guaranteed by law. NCSOTA shall periodically review the student's progress and placement.

NCSOTA does not discriminate on the basis of disability or any other characteristic protected under law. NCSOTA will implement this policy through its corresponding procedures.

B. SECTION 504 PROCEDURES

- A. Definitions
 - 1. **Academic Setting** the regular, educational environment operated by NCSOTA.
 - 2. **Individual with a Disability under Section 504** An individual who:
 - a. has a physical or mental impairment that substantially limits one or more major life activities;
 - b. has a record of such an impairment; or
 - c. is regarded as having such an impairment.
 - 3. **Evaluation** procedures used to determine whether a student has a disability as defined within these Procedures, and the nature and extent of the services that the student needs. The term means procedures used selectively with an individual student and does not include basic tests administered to, or procedures used with, all students in a school, grade or class.
 - 4. **504 Plan** is a plan developed to identify and document the student's needs for regular or special education and related aids and services for participation in educational programs, activities, and school–sponsored events.
 - 5. **Free Appropriate Public Education ("FAPE")** the provision of regular or special education and related aids and services that are designed to meet the individual needs of persons with disabilities as adequately as the needs of persons without disabilities are met.
 - 6. **Major Life Activities** Functions such as caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, sitting, reaching, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, interacting with others, and working. A major life activity also includes the operation of a major bodily function, including but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal, and reproductive functions.

7. Physical or Mental Impairment –

a. Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory; including

speech organs; cardiovascular; reproductive; digestive; genitor-urinary; hemic and lymphatic; skin; and endocrine; or

- b. Any mental or psychological disorder, such as intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disabilities.
- 8. **504 Coordinator** The School Director shall serve as NCSOTA's Section 504 Coordinator. The parents or guardians may request a Section 504 due process hearing from or direct any questions or concerns to the Section 504 Coordinator at 530-273-7736 x 1007.
- 9. **Has a record of such an impairment** means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

10. Is regarded as having an impairment - means

- a. An individual meets the requirement of 'being regarded as having such an impairment' if the individual establishes that they have been subjected to an action prohibited under this Act because of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity.
- b. Being regarded as having an impairment shall not apply to impairments that are transitory and minor. A transitory impairment is an impairment with an actual or expected duration of 6 months or less.
- B. Referral, Assessment and Evaluation Procedures
 - 1. NCSOTA will evaluate any student who, because of disability, needs or is believed to need regular or special education and/or related aids and services.
 - 2. A student may be referred by anyone, including a parent/guardian, teacher, other school employee or community agency, for consideration as to whether the student qualifies as a student with disabilities under Section 504. Requests for evaluation shall be made in writing, and a copy of said request will remain in the student's file regardless of the final determination. This referral should be made to the Section 504. Coordinator who will convene a 504 Team. Any requests made to another Charter School employee will be forwarded to the Section 504 Coordinator.
 - 3. NCSOTA has the responsibility to ensure that students with disabilities are evaluated. Therefore, it is important that students who have or may have a disability are referred to the Section 504 Coordinator so that the assessment process is initiated.
 - 4. The 504 Team convened by the Section 504 Coordinator will be composed of the student's parents/guardians and other persons knowledgeable about the student (such as the student's regular education teachers), the student's school history, the student's individual needs (such as a person knowledgeable about the student's disabling condition), the meaning of evaluation data, the options for placement and services, and the legal requirements for least restrictive environment and

comparable facilities.

- 5. The 504 Team shall promptly consider the referral and determine what assessments are needed in all suspected areas of disability to evaluate whether the student is a student with a disability under Section 504 and what special needs the student may have. The decision regarding what assessments shall be undertaken shall be based on a review of the student's school records (including academic, social and behavioral records), any relevant medical records, and the student's needs. Students requiring assessment shall be provided appropriate assessments administered by qualified assessment specialists.
- 6. The 504 Team will consider the following information in its evaluation of the student:
 - a. Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel;
 - b. Tests and other evaluation materials including those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and
 - c. Tests are selected and administered so as to best ensure that, when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever factor the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure.)
- 7. The evaluation of the student must be sufficient for the 504 Team to accurately and completely describe: (a) the nature and extent of the disabilities; (b) the student's special needs; (c) the impact upon the student's education; and (d) what regular or special education and/or related aids and services are appropriate to ensure that the student receives a free appropriate public education. All significant factors relating to the learning process for that student, including adaptive behavior and cultural and language background, must be considered. The evaluation may include, but is not limited to, classroom and playground observation, performance-based testing, academic assessment information, and data offered by the student's teachers and parent/guardian.
- 8. Mitigating measures cannot be considered when evaluating whether or not a student has a substantially limiting impairment. Mitigating measures could include medications, prosthetic devices, assistive devices, or learned behavioral or adaptive neurological modifications a student uses to eliminate or reduce the effects of an impairment.
- 9. The parents/guardians shall be given an opportunity in advance of 504 Team meetings to examine assessment results and all other relevant records.
- 10. If a request for evaluation is denied, the 504 Team shall inform the parents/guardians in writing of this decision and of their procedural rights as described below.

- C. 504 Plan
 - 1. When a student is identified as having a disability within the meaning of Section 504, the 504 Team shall determine what, if any, services are needed to ensure that the student receives a FAPE.
 - 2. The 504 Team responsible for making the placement decision shall include the parents/guardians and other persons knowledgeable about the child, the meaning of the evaluation data, and the placement options.
 - 3. For each identified eligible student, the 504 Team will develop a 504 Plan describing the student's disability and the regular or special education and/or related aids and services needed. The Plan will specify how the special education and/or related aids and services will be provided to the eligible student and by whom. The 504 Plan will also identify the person responsible for ensuring that all the components of the Plan are implemented.
 - 4. The student's teacher and any other staff who are to provide services to the student or who are to make modifications in the classroom for the student shall be informed of the services or modifications necessary for the student and, if appropriate, provided a copy of the 504 Plan. A copy of this plan shall be kept in the student's cumulative file in a manner that limits access to those persons involved in the 504 process and/or the provision of services and modifications.
 - 5. The eligible student shall be placed in the regular education environment unless it is demonstrated that the student's needs cannot be met in the regular education environment with supplementary aids and services. The student shall be educated with students who are not disabled to the maximum extent appropriate to his/her individual needs.
 - 6. The referral, assessment, evaluation and placement process will be completed within a reasonable time. It is generally not reasonable to exceed fifty (50) school days in completing this process.
 - 7. The parents/guardians shall be notified in writing of the final decision concerning the student's identification as a person with disabilities, the educational program and services to be provided, if any, and of the Section 504 procedural safeguards, as described below, including the right to an impartial hearing to challenge the decision.
 - 8. If the 504 Team determines that the student has a disability but that no special services are necessary for the student, the 504 Plan shall reflect the identification of the student as a person with a disability under Section 504 and shall state the basis for the decision that no special services are presently needed.
 - 9. The 504 Plan shall include a schedule for annual review of the student's needs, and indicate that this review may occur more frequently at the request of the parent/guardian or school staff.
 - 10. NCSOTA shall immediately implement a student's prior 504 Plan, when a student enrolls at NCSOTA. Within thirty (30) days of starting school, NCSOTA shall schedule

a 504 Team meeting to review the existing 504 Plan. NCSOTA shall request a copy of the prior 504 plan from both the prior school and the parent/guardian.

- 11. A parent, -guardian, or NCSOTA shall have the right to audio record the proceedings of any team meetings held pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794). The parent or guardian or NCSOTA shall notify the members of the team of the parent's, guardian's, or NCSOTA's intent to audio record a meeting at least 24 hours before the meeting. If NCSOTA initiates the notice of intent to audio record a meeting and the parent or guardian objects or refuses to attend the meeting because it will be audio recorded, the meeting shall not be audio recorded.
- D. Review of the Student's Progress
 - 1. The 504 Team shall monitor the progress of the eligible student and the effectiveness of the student's 504 Plan. According to the review schedule set out in the student's 504 Plan, the 504 Team shall annually determine whether the services and modifications are appropriate.
 - 2. A reevaluation of the student's needs shall be conducted before any subsequent significant change in placement.
- E. Procedural Safeguards
 - 1. Parents/guardians shall be notified in writing of all decisions regarding the identification, evaluation or educational placement of students with disabilities or suspected disabilities. Notifications shall include a statement of their rights to:
 - Examine relevant records
 - Have an impartial hearing with an opportunity for participation by the parents/guardians and their counsel
 - Have the right to file a Uniform Complaint pursuant to school policy
 - Seek review in federal court if the parents/guardians disagree with the hearing decision.
 - 2. Notifications shall also set forth the procedures for requesting an impartial hearing. Requests shall be made to the following:

Holly Pettitt 13032 Bitney Springs Road, Nevada City, CA 95959 530-273-7736 x 1007 /_director@ncsota.org

Notifications shall also advise that reimbursement for attorney's fees is available only as authorized by law.

3. The Director or designee shall maintain a list of impartial hearing officers who are qualified and willing to conduct Section 504 hearings. To ensure impartiality, such officers shall not be employed by or under contract with NCSOTA or any district

within the Grass Valley School District or the Nevada County Office of Education in any capacity other than that of hearing officer and shall not have any professional or personal involvement that would affect their impartiality or objectivity in the matter.

- 4. If a parent/guardian disagrees with the identification, evaluation or educational placement of a student with disabilities under Section 504, he/she may request a hearing to initiate due process procedures. The parent/guardian shall set forth in writing his/her request for a hearing. A request for hearing should include:
 - The specific decision or action with which the parent/guardian disagrees.
 - The changes to the 504 Plan the parent/guardian seeks.
 - Any other information the parent/guardian believes is pertinent.
- 5. Within five (5) calendar days of receiving the parent/guardian's request for a hearing, NCSOTA may offer the parent/guardian an optional alternative dispute resolution process. However, the timeline for the hearing shall remain in effect unless it is extended by mutual written agreement of the parent/guardian and NCSOTA. Alternative dispute resolution options include:
 - Mediation by a neutral third party.
 - Review of the 504 Plan by the Director or designee.
- 6. Within ten (10) calendar days of receiving the parent/guardian's request, the Director or designee shall select an impartial hearing officer. These 10 days may be extended for good cause or by mutual agreement of the parent/guardian and Director.
- 7. Within thirty-five (35) calendar days of the selection of the hearing officer, the due process hearing shall be conducted. These thirty-five (35) days may be extended for good cause or by mutual agreement of the parent/guardian and Director.
- 8. The parent/guardian and the School shall be afforded the rights to:
 - Be accompanied and advised by counsel and by individuals with special knowledge or training related to the individual needs of students who are qualified as having a disability under Section 504.
 - Present written and oral evidence.
 - Question and cross-examine witnesses.
 - Receive written findings by the hearing officer.
- 9. The hearing officer shall issue a written decision within ten (10) calendar days of the hearing.

- 10. If desired, either party may seek a review of the hearing officer's decision by a federal court. The decision shall be implemented unless the decision is stayed, modified or overturned by a court.
- 11. NCSOTA shall not retaliate in any way against parents/guardians or students who exercise any rights under the procedural safeguards and/or Section 504.
- F. Suspension and Expulsion, Special Procedures for Students with Disabilities

NCSOTA shall follow the suspension and expulsion policy and procedures as set forth in the charter. A pupil who is qualified for services under Section 504 of the Rehabilitation Act of 1973 is subject to the same grounds for disciplinary action, including suspension and expulsion, and is accorded the same due process procedures applicable to regular education pupils except when federal and state law mandates additional or different procedures. NCSOTA will follow Section 504 and all applicable federal and state laws when imposing any form of discipline on a pupil identified as an individual with disabilities or for whom NCSOTA has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such pupils. The following procedures shall be followed when a student with a disability is considered for suspension or expulsion. These procedures will be updated if there is a change in the law.

1. <u>Services During Suspension</u>

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's 504 Plan; and receive, as appropriate, a functional behavioral assessment ("FBA") and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

2. <u>Procedural Safeguards/Manifestation Determination</u>

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, NCSOTA, the parent, and relevant members of the 504 Team shall review all relevant information in the student's file, including the child's 504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the 504 Plan.

If NCSOTA, the parent, and relevant members of the 504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If NCSOTA, the parent, and relevant members of the 504 Team make the determination that the conduct was a manifestation of the child's disability, the 504 Team shall:

- a. Conduct an FBA and implement a behavioral intervention plan ("BIP") for such child, provided that NCSOTA had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If the child has a BIP, review the BIP and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent and NCSOTA agree to a change of placement as part of the modification of the BIP.

If NCSOTA, the parent, and relevant members of the 504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the 504 Plan, then NCSOTA may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

3. <u>Appeals</u>

The parent/guardian of a child with a disability under a 504 Plan who disagrees with any decision regarding placement, or the manifestation determination, or if NCSOTA believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, either party may request to utilize the appeal process outlined in the Procedural Safeguards section of these Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or NCSOTA, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent and NCSOTA agree otherwise.

4. <u>Special Circumstances</u>

NCSOTA personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 U.S.C. § 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 U.S.C. § 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.
- 5. <u>Interim Alternative Educational Setting</u>

The student's interim alternative educational setting shall be determined by the student's 504 Team.

6. <u>Procedures for Students Not Yet Eligible for Special Education Services</u>

A student who has not been identified as an individual with disabilities pursuant to the IDEA 2004 and who has violated NCSOTA's disciplinary procedures may assert the procedural safeguards granted under these Procedures only if NCSOTA had knowledge that the student had a disability before the behavior occurred.

NCSOTA shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to NCSOTA supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent has requested an evaluation of the child.
- c. The child's teacher, or other NCSOTA personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other NCSOTA supervisory personnel.

If NCSOTA knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA 2004-eligible children with disabilities, including the right to stay-put.

If NCSOTA had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. NCSOTA shall conduct an expedited evaluation if requested by the parent/guardian; however, the student shall remain in the education placement determined by NCSOTA pending the results of the evaluation.

NCSOTA shall not be deemed to have knowledge of that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

C. PARENT/STUDENT RIGHTS IN IDENTIFICATION, EVALUATION, ACCOMMODATION AND PLACEMENT

CLASSROOM AND SCHOOL VOLUNTEER, VISITATION, AND REMOVAL POLICY

While Nevada City School of the Arts ("NCSOTA" or the "Charter School") encourages parents/guardians and interested members of the community to visit the Charter School and view the educational program, NCSOTA also endeavors to create a safe environment for students and staff. Additionally, parents volunteering in the classroom can be extremely helpful to our teachers and valuable to our students. We thank all parents for their willingness to volunteer in this manner.

Nevertheless, to ensure the safety of students and staff as well as to minimize interruption of the instructional program, the NCSOTA **Board of Directors**<u>Governance Council</u> has established the following procedures, to facilitate volunteering and visitations during regular school days:

Definitions

- A "*visitor*" is defined as any person seeking to enter the school building who is not an employee or a current student at the Charter School. All visitors who are not parents or guardians of a student must have a specific and educationally relevant purpose for their <u>visit</u>.
- A "*volunteer*" is defined as any person who voluntarily offers and provides a service to the Charter School with Charter School approval without receiving compensation.

Volunteering

Parents or guardians who are interested in volunteering in the classroom must adhere to the following guidelines:

- 1. Volunteers who will volunteer outside of the direct supervision of a credentialed employee shall be (1) fingerprinted and (2) receive background clearance prior to volunteering without the direct supervision of a credentialed employee.
- 2. A volunteer shall also have on file with NCSOTA a certificate showing that, upon initial volunteer assignment, the person submitted to a tuberculosis risk assessment and, if tuberculosis risk factors were identified, was examined and found to be free of infectious tuberculosis. If no risk factors are identified, an examination is not required. At the discretion of the School Director, this paragraph shall not apply to a volunteer whose functions do not require frequent or prolonged contact with <u>pupilsstudents</u>.
- 3. Volunteering must be arranged with the classroom teacher and Director or designee, at least forty-eight (48) hours in advance.

Classroom volunteers are there to benefit the entire class and are not in class solely for the benefit of their own child. Classroom volunteers must follow the instructions provided by the classroom teacher or aideinstructional assistant. Classroom rules also apply to volunteers to ensure minimal distraction to the teacher. If a volunteer is uncomfortable following the direction of the teacher or aideinstructional assistant, the volunteer may leave their volunteer position for that day.
- 5.6. Information gained by volunteers regarding students (e.g. academic performance or behavior) is to be maintained in strict confidentiality. Volunteers must sign in agreement that they have read and understand and agree to follow the Family Educational Rights and Privacy Act ("FERPA") Policy.

Visitation

- 1. Visits during school hours should first be arranged with the teacher and Director or designee, at least forty-eight (48) hours in advance. If a conference is desired, an appointment should be set with the teacher during non-instructional time, at least forty-eight (48) hours in advance. Parents/guardians seeking to visit a classroom during school hours must first obtain the approval of the classroom teacher and the Director or designee.

DRESS CODE POLICY

OUR VALUES ARE:

- All students should be able to dress comfortably for school without fear of or actual unnecessary discipline or body shaming.
- All students and staff should understand that they are responsible for managing their own personal "distractions" without regulating individual students' clothing/self-expression.
- Teachers <u>can-should</u> focus on teaching without the additional and often uncomfortable burden of dress code enforcement.
- Students should not face unnecessary barriers to school attendance.

I. GOALS OF A STUDENT DRESS CODE

A student dress code should accomplish several goals:

- Maintain a safe learning environment in classes where protective or supportive clothing is needed, such as chemistry/biology (eye or body protection), dance (bare feet, tights/leotards), or PE (athletic attire/shoes).
- Allow students to wear clothing that expresses their self-identified gender identity.
- Allow students to wear religious attire without fear of discipline or discrimination.
 Prevent students from wearing clothing with offensive images or language,
- Prevent students from wearing clothing with offensive images or language, including profanity, hate speech, and pornography.
- Prevent students from wearing clothing with images or language depicting or advocating violence or the use of alcohol or drugs.
- Ensure that all students are treated equitably regardless of gender/gender identification, sexual orientation, race, ethnicity, body type/size, religion, and personal style.

II. RECOMMENDED DRESS CODE POLICY

The primary responsibility for a student's attire resides with the student and parents or guardians. The school is responsible for seeing that student attire does not interfere with the health or safety of any student and that student attire does not contribute to a hostile or intimidating atmosphere for any student.

Students should be given the most choice possible in how they dress for school. Any restrictions must be necessary to support the overall educational goals of the school and must be explained within the dress code.

1. Basic Principle: Certain body parts must be covered for all students Clothes must be worn in a way such that private parts and bottoms are covered with opaque material. All items listed in the "must wear" and "may wear" categories below must meet this basic principle.

Commented [MB1]: This is a bit confusing - if the shirt must touch the bottom of the pants, then by definition it is not "midriff

baring." If the tummy must be covered, please explicitly state that

- Shirt
- Bottom: pants/sweatpants/shorts/skirt/dress/leggings
- Shoes: activity-specific shoe requirements are permitted (for example for sports). No heels over 2 inches.

3. Students May Wear:

- Hats, including religious headwear
- Hoodie sweatshirts (over head is allowed, unless it hinders the education process)
- Fitted pants, including leggings, yoga pants, and "skinny jeans."
- Midriff-baring shirts touching tops of pants
- Ripped jeans, as long as underwear is not exposed.
- Tank tops, including spaghetti straps.
- Athletic attire
- Clothing with commercial or athletic logos.

4. Students <u>Cannot</u> Wear:

- Violent language or images
- Images or language depicting drugs or alcohol (or any illegal item or activity) or the use of same.
- Hate speech, profanity, pornography.
- Images or language that creates a hostile or intimidating environment based on any protected class.
- Visible underwear. (Visible waistbands or straps on undergarments worn under other clothing are not a violation).
- Bathing suits
- Helmets or headgear that obscures the face (except as a religious observance).
- No clothing, jewelry, accessories, or hairstyles which are, or include, a picture, writing, or insignia which is:
 - o (1) gang related;
 - o (2) presents a safety hazard to the wearer or others;
 - <u>o</u> (3) advertises or symbolizes any type of alcohol, drugs, tobacco, or gambling;
 - o (4) includes weapons or acts which are illegal, violent, obscene, or hazardous to one's health;
 - <u>o</u> (5) sexually suggestive, crude, vulgar, profane; discriminatory, obscene, contain threats, libelous; or
 - o (6) offensive or degrading to students or staff on the basis of gender, cultural, religious or ethnic values.

HI. GANG INFLUENCE

In order to discourage the influence of gangs, school staff shall take the following measures:

- Any student displaying behavior, gestures, apparel, or paraphernalia indicative of gang affiliation shall be referred to the director or designee.
- The student's parent/guardian shall be contacted and may be asked to meet with
 school staff.
- The student may be sent home to change clothes.

Dress Code Violations

If a Charter School staff member determines that a student's attire is inappropriate or disruptive to the educational environment as described hearing, the following may occur:

- 1. The student may be asked to briefly leave class to change clothing to align with this dress code.
- 2. The Charter School may confiscate items that violate the dress code.
- 3. The Charter School may notify the student's parents/guardians of the dress code violation(s).
- 4. The Charter School may schedule a conference with the student's parents/guardians to discuss the dress code violation(s).

Students may not be disciplined, penalized academically, or removed from class as a consequence for wearing "inappropriate" attire.

Board Policy #: 502N Adopted/Ratified: 09/25/2015 Revision Date: 01/27/2022

PROFESSIONAL BOUNDARIES NOTICE

DISCIPLINARY PHYSICAL CONTACT WITH STUDENTS

It is the policy of Nevada City School of the Arts that no teacher or other staff member will use corporal punishment against a student. This prohibition includes spanking, slapping, pinching, hitting, tying, taping, or the use of any other physical force as retaliation or correction for inappropriate behavior.

STAFF-STUDENT INTERACTIONS

While the use of appropriate touching is part of daily life and is important for student development, teachers and other staff members must ensure that they do not exceed appropriate behavior. If a child or other staff member specifically requests that he or she not be touched, then that request must be honored without question.

Boundaries Defined

For the purposes of this policy the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing beyond the boundaries of a student-teacher relationship is deemed an abuse of power and a betrayal of public trust.

Acceptable and Unacceptable Behaviors

Some activities may seem innocent from a staff member's perspective but may be perceived as flirtation or sexual insinuation from a student or parental point of view. The purpose of the following lists of unacceptable and acceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to or may be perceived as inappropriate, or sexual misconduct, or "grooming." Grooming is defined as an act or series of acts by a sexual predator to gain physical and/or emotional control by gaining trust (of staff and/or family and a minor) and desensitizing the minor to various forms of touching and other intimate interaction.

Staff members must understand their own responsibilities for ensuring that they do not cross the boundaries as written in this policy. Violations could subject the teacher or staff member to discipline up to and including termination. Disagreeing with the wording or intent of these established boundaries will be considered irrelevant for any required disciplinary purposes. Thus, it is critical that all employees study this policy thoroughly and apply its spirit and intent in their daily activities.

Unacceptable Behaviors

These lists (and any subsequent lists) are not meant to be all-inclusive, but rather, illustrative of the types of behavior we intend to address by this policy.

- Giving gifts to an individual student that are of a personal and intimate nature (including photographs); or items such as money, food, outings, electronics, etc. without the written pre-approval of the Principal or School Leader. It is recommended that any such gifts be filtered through the School Director along with the rationale therefor.
- Kissing of ANY kind
- Massage [Note: Prohibited in athletics unless provided by massage therapist or other certified professional in an open public location. Coaches may not perform massage or rub-

NEVADA CITY SCHOOL OF THE ARTS PROFESSIONAL BOUNDARIES NOTICE Commented [CP1]: The School should only have one policy on professional boundaries. I would recommend rescinding this policy and utilizing only the professional boundaries policy from the Employee Handbook. Please be assured that this policy can be housed in the Employee Handbook alone (it does not also have to exist as a stand-alone Board policy), but it must be posted to the website and distributed to families annually as required by Education Code section 44050.

- Immediately asking for advice from senior staff or administration if you find yourself in a difficult situation related to boundaries

- Making detailed notes about an incident that in your best judgement could evolve into a more serious situation later
- Recognizing the responsibility to stop Unacceptable Behaviors of students and/or coworkers
- Asking another staff member to be present, or within close supervisory distance, when you must be alone with a student after regular school hours
- Prioritizing professional behavior during all moments of student contact
- Asking yourself if any of your actions, which are contrary to these provisions, are worth sacrificing your job and career.

This policy does not prevent: 1) touching a student for the purpose of guiding them along a physical path; 2) helping them up after a fall; or 3) engaging in a rescue or the application of Cardio PulmonaryCardiopulmonary Resuscitation (CPR) or other emergency first-aid. Nor does it prohibit the use of reasonable force and touching in self-defense or in the defense of another. Restraining a child who is trying to engage in violent or inappropriate behavior is also allowed. Only such force as

necessary to defend one's self, another person, or the child or to protect property is legally permitted. Excessive force is prohibited.

Boundaries Reporting

When any staff member, parent, or student becomes aware of a staff member (or volunteer, guest, vendor) having crossed the boundaries specified in this policy, or has a strong suspicion of misconduct, he or she must report the suspicion to the School Director promptly. Reasonable suspicion means something perceived in spite of inconclusive or slight evidence. It is based on facts that would lead a reasonable person to believe the conduct occurred. Prompt reporting is essential to protect students, the suspected staff member, any witnesses, and the school as a whole. Employees must also report to the administration any awareness of, or concern about, student behavior that crosses boundaries, or any situation in which a student appears to be at risk for sexual abuse.

Child Abuse / Sexual Abuse Reporting (Mandatory Reporting)

If, within your professional capacity or within the scope of your employment, you observe or gain possession of knowledge that a child has been a victim of child abuse or sexual abuse, or you reasonably suspect it, California Penal Code Section 11166 requires you to immediately report this information or suspicion directly to a child protective agency or the police. The report shall be made by phone as soon as possible and a subsequent written report must be sent within 36 hours of your knowledge or suspicion of the abuse. Internal reporting to the School Director occurs after the phone-in report. Failure to meet these obligations can result in a monetary fine and/or jail.

Investigating

The School Director will promptly investigate and document the investigation of any allegation of sexual misconduct or inappropriate behavior, using such support staff or outside assistance, as he or she deems necessary and appropriate under the circumstances. Throughout this fact-finding process, the investigating administrator, and all others privy to the investigation, shall protect the privacy interests of any affected student(s) and/or staff member(s) including any potential witnesses, as much as possible. Commented [CP1]: I modified some of this language to create enforceable standards. I would also consider having some level of School (Director) review and approval on the teacher-developed goals. If the School/Director creates separate goals for the teacher, this isn't necessary but if these are the only goals being reviewed annually, I would want the School to be able to modify the goals as needed (e.g., if the teacher's goals were missing the mark, or if there was a need to make them more impactful/useful).

Commented [CP2]: I would consider clarifying if this requires no disciplinary history and/or a certain score on their annual evaluations.

Performance Improvement Plan (PIP) – When the concern has been identified, a Performance Improvement Plan shall be created by the Director/Assistant Principal in collaboration with the teacher. This plan shall include:

- Strategies for addressing the concern:
- A clear timeline for goals to be achieved, <u>subject to the School's right to terminate</u> <u>the employment relationship as needed</u>;
- Additional peer coaching above and beyond team meetings:
- Weekly progress meetings with the Director: and/or
- A final evaluation by the Director of progress made in addressing the concern at the end of the process.

<u>Direct Communication</u> – At all times in the process the Director/Assistant Principal shall communicate –openly and directly with the teacher.

Opportunity for Addressing Areas of Need

Absent extenuating circumstances, t^The support process for an established teacher shall not lead to non-renewal of employment for cause without at least being given one (1) year to improve after the initial concern was raised.

Employment Renewal or Non-Renewal

- Renewal of employment shall be based on success in meeting teacher goals and in fulfilling the job description.
- Any teacher may be terminated via the At-Will Contract for any violation of the Employee Handbook. Violation of the Employee Handbook is not covered under Structured Support.
- Should the same concerns arise after the structured support process has concluded, the teacher will not be placed in another formal Structured Support <u>Process</u>, and non-renewal will be considered.

Probationary Teachers

Probationary Teachers are those who have had <u>less</u> than three [3]_full_-time years of <u>successful</u> teaching at N<u>CSotA</u>evada City School of the Arts. Any teacher who has been through the Structured Support Process reverts to probationary status for three [3] years. NCS<u>ot</u>A is an At-Will employer and can choose to release any probationary teacher from their contract, with or without cause, at any time.

Commented [CP3]: I add this language to give the School a little more flexibility here. The Business Manager should review the general ledger on a periodic basis for any unusual transactions.

- 2. In-Lieu property taxes from local basic-aid school districts

The **principle** principal steps in the cash receipts process are:

The Receptionist receives incoming mail and forwards it unopened to the Accounting Technician. The Accounting Technician opens and distributes the mail. The Accounting Technician enters all checks into the accounting software and stamps all checks "for deposit only". The checks are kept in a locked safe until deposited.

Daily, the Accounting Technician receives all cash, checks and credit card payments, enters them into the accounting software and prepares a deposit slip. The Accountantaccountant reviews the deposit and takes it to the bank for deposit. A printed deposit slip is attached to the deposit. The deposits are put in a file with a printed deposit summary, any back up documentation and the deposit receipt from the bank.

All cash received will be counted, verified, and issued a receipt by the Receptionist(s) and/or Accounting Technician. The cash will immediately be posted using the appropriate allocation by the Accounting Technician. A receipt will be given to the paying party and a copy kept for internal purposes. The cash will be kept in a locked, secure location and deposited within 24 business hours.

- Ensure that Charter School's administrators, employees, volunteers, and board members know what documents should be retained, the length of their retention, means of storage, and when / how they should be destroyed.

Federal and state laws require Charter School to maintain certain types of records for particular periods. Failure to maintain such records could subject Charter School to penalties and fines, obstruct justice, affect evidence, and/or seriously harm Charter School's position in tax or litigation matters. Thus, it is important that you understand and comply with this Policy and any future records retention or destruction policies and schedules. Notwithstanding anything contrary to this Policy, you should retain and seek direction from the Administrator concerning any records which you reasonably believe:

"Records" discussed herein refers to all business records of Charter School (and is used interchangeably with "documents"), including written, printed, and recorded materials, as well as electronic records (i.e., e-mails and documents saved electronically). All records shall be retained for a period no longer than necessary for the proper conduct and functioning of Charter School. III. Administration and Oversight

The Retention Schedule lists several categories of records, as well as specific records that contain specific retention periods. The Superintendent of Charter School (the "Administrator") or her/his designee is the officer in charge of the administration of this Policy and the implementation of processes and procedures to ensure that the Retention Schedule is followed. The Administrator is also authorized to: (i) make modifications to the Retention Schedule from time to time to ensure that it is in compliance with local, state and federal laws and includes the appropriate document and record categories for Charter School and the charter schools it operates; (ii) monitor local, state and federal laws affecting record retention; (iii) annually review the record retention and disposal program; and (iv) monitor compliance with this Policy.

To ensure compliance with this Policy, the Administrator is responsible for the following oversight functions:

- Implementing this Policy;
- Ensuring that administrators, employees, volunteers, and board members

are properly informed, understand, and follow this Policy and the Retention Schedule;

- Providing oversight on actual retention and destruction/disposal of documents;
- Ensuring proper storage of documents;
- Periodically following-up with legal counsel to ensure proper retention periods are in place;
- Suspending the destruction of documents upon actual or foreseeable litigation or governmental investigation; and
- Keeping administrators, employees, volunteers, and board members apprised of changes in relation to this Policy or the Retention Schedule.

The Administrator shall periodically review this Policy and Retention Schedule, modify them accordingly, and inform and educate all Charter School administrators, employees, volunteers, and board members on any such changes. All document retention and/or destruction questions should be directly addressed to the Administrator.

IV. How Records are Stored

<u> Tangible Records</u>

Tangible records are those which you must physically move to store, such as paper records (including records printed versions of electronically saved documents), photographs, audio recordings, advertisements and promotional items. Active records that are retained as set forth in the Retention Schedule and need to be easily accessible may be stored in Charter School's administration space or equipment. Inactive tangible records that are retained as set forth in the Retention Schedule may be sent to an off-site storage facility.

Electronic Records

Electronic mail ("e-mail") that is required to be retained as set forth in the Retention Schedule should be either printed and stored as tangible records or stored electronically.

V. Destruction/Deletion of Records

<u> Tangible Records</u>

Tangible records that are not required to be retained as set forth in the Retention Schedule should be destroyed by shredding or some other means that will render them unreadable. If you have a record that you do not know how to destroy, such as a photograph, compact disk, or tape recording, ask the advice of the Administrator.

Electronic Records

E-mail records that you "delete" from a device typically remain in Charter School's system. Thus, Charter School information technology ("IT") staff or vendor will be responsible for permanently removing deleted emails from the computer system that are not required to be retained as set forth in the Retention Schedule. Permanently deleting a file is usually sufficient in most circumstances to dispose of a record. However, because electronic records can be stored in many locations, Charter School's IT staff or vendor will be responsible for permanently removing deleted files from the entire system. Keep in mind, where duplicate records are involved, both/all copies should be destroyed/deleted, where proper.

Email that is considered SPAM or advertising and is not necessary to the discharge of an official duty may be immediately deleted.

VI. Suspension of Record Disposal in the Event of Litigation, Investigation, or Claims

In the event Charter School is served with a document subpoena, or an employee becomes aware of a governmental investigation or audit concerning Charter School or the commencement of any litigation against or concerning Charter School, such employee shall inform the Administrator and any further disposal of documents shall be suspended until such time as the Administrator, with the advice of legal counsel, determines otherwise ("Legal Hold"). A Legal Hold will always supersede any retention period noted in **Appendix A** below. The Administrator shall take such steps as is necessary to promptly inform all staff of any suspension in the further disposal of documents.
